FOR ATTORNEY GENERAL,

Mexican veterans pensioned. Score

The Lancaster Examiner is now
sixty years old, and hereafter the
Express part of the paper's name
will be dispensed with.John Kelly refuses to accept his
defeat at Syracuse and throws down
the gauntlet again. The battle will

to Cincinnati.Between March 31, 1849, and

Missouri and Kentucky, while Blaine
won and successfully missed each
other; but thus fully satisfied their
wounded honor.Democratic papers are burluring
over the fact that Grant carried
Missouri and Kentucky, while Blaine
won and successfully missed each
other; but thus fully satisfied their
wounded honor.The race in Ohio is very close for
delegates to the State Convention,
which will appoint delegates-at-
large to Chicago. Senator Blaine
leading Secretary Sherman by only
two votes, but in the districts the
Senator seems to have the best of
the Secretary, and two of them have
already declared in his favor.It is equitably asserted at
Washington that congress will pay
\$20,000 to those who attempted
the grab of seats in that body.
What robbery! How much will
the sumpit of Bellfonte receive?
Enough, probably, to pay the expen-
ses of himself and proxy during their
sojourn in the capital. That's Dem-
ocratic reform.An exchange asks: "Is Alaska
worth having?" Why agitate a
subject that will draw the attention
of the country from the Presidential
contest? Alaska is ours—yours
and mine and the other fellows—
and it cannot be given away. Major
Sitting Bull, emperor of it, Kearny
chief justice of it, and Private Daizel
resignee of the whole concern. Then
it will be of use.A recently issued statement of
the treasury department shows that
the interest bearing debt of the Uni-
ted States is \$1,751,638,400. To
this should be added \$4,002,065,
and \$351,563 of interest thereon,
upon which interest has not ceased.
The debt bearing no interest is
\$391,007,328. The total debt, less
each in the treasury, is \$1,880,302,832,
a decrease since June, 1850, of \$45,
814,432.The regular Washington corre-
spondent of the New York Tribune
writes that paper that "Senator
Cameron is one of Mr. Blaine's best
personal friends, and their intimacy
has continued since the Harrisburg
convention without any apparent
interruption. More than this even,
Senator Cameron has said repeatedly,
and said it in the presence of
the Rev. Newman Hall's second
marriage provokes a great amount
of criticism from the so-called
religious press.Last year the Methodist book
concern made a net profit of \$70,000
on a book and a periodical business
of \$300,000.It is natural as life that women
should be fond of ribbons. Because
you see, the first woman was made
from a rib-bone.An American lady recently said
that she was going to Europe in a
thoroughly artistic way to attend
the saloons of Paris."A boy can't smoke a pipe and
whistle at the same time. Parents
should consider this before taking
away the moerschaum.He was in the legislature one
year, I believe, but I wouldn't say
anything about that. Otherwise his
life was free from blot."A Syracuse woman starched a
napkin last week, and a few hours
afterward fell down a hatchway and
was broken all to pieces.Queen Victoria has sent gold
watches as presents to the persons
who assisted Princess Louise in the
runaway accident.Latest dispatches from Syracuse
and Albany indicate that the Tilden
men will control Syracuse convention
but will act discreetly.A new forest fire was last night
reported to be sweeping across
Atlantic and Cumberland counties in
the already fire-torn state of New Jersey.Judge Freelan, of the supreme
court of California rendered a decision
on Kerner's appeal, last Saturday,
confirming the judgment of the
lower court.Attention, Tramps!—Gold may
be had in Georgia for the mere wash-
ing, and between here and there the
roads are in fine condition at this
season of the year.Every delegate to the Democratic
state convention is expected to bring
with him a large gold branch. Dick
Van and Bill McMillan will bring
biscuit clubs as proof of their
Jacksonianism.Mr. Groesbeck would adorn a
ticket, physically speaking, far more
than Mr. Tilden. He is a tall,
finely shaped gentleman, with a nose
fashioned after an eagle's beak, and
hair about his ears a coarct air in
great contrast to Mr. Tilden's oily,
conscious secretive manner. But Mr.
Groesbeck is weak where Mr. Tilden
is strong, and, as in Democratic con-
ventions heretofore, beauty will have
to stand aside for the barrel.A rolling mill gathers its own
dross.Tobacco pipes are now made of
bread.Portmoneys are scarce at Con-
stantinople.Wolves are devouring horses in
Minnesota."Temptation" is the name of a

the two great American industries.Chambers' Journal says that
cows have an original taste for
meat.A disease like black vomit is at-
tacking children in Floyd county,
Ind.A Nebraska hotel keeper who
steals eggs says he only poaches
them.Financially speaking, the French
are a frugal people, while Americans
are a spendthrift.To indite an article is to per it,
and the same thing may be said of
criminals.Over twenty thousand Russian
prisoners are awaiting exile to Siberia.Thousands of acres of timber lands
have been destroyed by fire in Pike
and Monroe counties.You can always tell a camp-meeting
congressman by the way he clasps
his hands for a page.If Tilden rooves and names his
second choice who will pay that hotel
bill? Dorschimer won't.The birds of Canada, Pa., have
been making fireproof nests out of
wire. What does this mean?The Cigar goers say they at
least have no intention of increasing
the price of beer this summer.Wm. Y. Mason, of Meadville,
and Matthew Smith, of Pittsburg,
committed suicide yesterday.The prospective abrogation of the
Clayton-Bulwer treaty is attributed to
De Laspey's visit to America.Large numbers of Hungarians
have emigrated to America in se-
count of the distress in that country.When a woman wants to be pretty
she hangs her hair, and when she
wants to be ugly she hangs the
whole.The southern press in general
does not hold that the negro in the
south can readily be replaced by
white labor.The Rev. Newman Hall's second
marriage provokes a great amount
of criticism from the so-called
religious press.The true antidote to the effects of ant-
