Agricultural Wisdom

Corn alone is not good feed for any breeding animals.

Feed the poorest fodder first and follow with a better quality.

Three pecks of boiled potatoes, fed a day, warm, is a remedy for diarrhoea in cattle

Agricultural crops are like children; they need nursing and careful looking after every day.

"The liberal soul shall be fat." This applies in a remarkable degree to the fertilizing of one's field.

Mowing the grass off every year impoverishes the soil, while grazing of the sheep will enrich it.

September calves escape the trying of summer, and can be pushed through the winter with grain.

Plant cabbages. If they bring a good price sell them; if not, feed them to sheep, milch cows and pigs.

Keep calves growing well from the first, but do not get them too fat if you wish to have them the best cows.

It is as wrong to confine stock without roots of some kind, as it would be to deprive men of vegetables.

Stagnant and impure water which cows drink while at pasturage is one of the most prominent causes of bad odor in milk.

The small farmer is the mainstay of the country's agriculture, since he continually works upon the quality of his produce.

Many trees become hollow, or fall into promature decay, from the rain penetrating through old sad roots made in pruning.

Ashes saturated with kerosene and applied to cucumber and squash plants in the hill will be a great help in keeping off striped bugs.

The simple fact that a man can clear $30 from an acre of potatoes, does not demonstrate that he can clear a pro rata profit on 10,000 acres.

To insure a profit, pigs should be growing and thrifty from the time they are weaned till six to ten months of age, when they should be ready to slaughter.

How to Judge a Horse.

The following simple rules will be found useful to all parties about to buy a horse.

1. Never take the seller's word; if dishonest he will be sure to cheat you; if disposed to be fair, he may have been the dupe of another, and will deceive you through representations which cannot be relied upon.

2 Never trust to a horse's mouth as a sure index to his age.

3. Never buy a horse while in motion; watch him while he stands at rest and you will discover his weak points. If sound he will stand firmly and squarely on his limbs, without moving any of them, the feet planted flat upon the ground, with legs plumb and naturally poised. If one foot is thrown forward with the toe pointing to the ground and the weight taken from it, disease of the anvicular bone may be suspected, or at least tenderness, which is a precursor of disease. If the foot is thrown out, the toe raised and the heel brought down the horse has suffered from lammitis, founder, or the back sinews have been sprained, and he is of little feture value. When the feet are all drawn together beneath the horse if there has been no disease there is a misplacement of the limbs at least and a weak disposition of the muscles. If the horse stand with his feet spread apart or straddles with the hind legs there is weakness of the loins and the kidneys are disordered. When the knees are beat and legs totter and tremble, the beast has been ruined by heavy pulling and will never be right again, whatever rest and treatment he may have. Contracted or ill formed hoofs speak for themselves.

4. Never buy a horse with a bluish or milky cast in his eyes. They indicate a constitutional tendency to ophthalmia, moon blindness, &c.

5. Never have anything to do with a horse who keeps his ears thrown backward. This is an invariable indication af bad tember.

6. If the horse's hind legs are scarred the fact denotes that he is a kicker.

7. If the knees are blemished, the horse is apt to stumple.

8. When the skin is rough and harsh and does not move easily and smoothly to the touch, the horse is a heavy eater and his digestion is bad.

9. Avoid a horse whose respiratory organs are at all impaired. If the ear is placed at the side of the heart, and a wheezing sound is heard, it is an indication of trouble. Let him go.—*Turf, field and Farm.*

Grease on a carpet, if not of long standing, can be readily disposed of by washing the spot with hot soapsuds and borax—half an ounce borax to a gallon of water. Use a clean cloth to wash it with, rinse in warm water, and wipe dry.

Monuments And Headstones.

this summer at prices much lower than heretofore, and lower than has ever been done in the county.

Having just received a large lot of Designs, of all the latest styles of Monuments & headstones, I am able to give satisfaction in style and prices, to all that wish to decorate the graves of a departed friend with a neat, cheap Monument, Tomb or Headstone.

I have also made arrangements, so as to be able to furnish on short notice, Marble, Sandstone, or any other kind of door and Window Sills, at prices to suit the purchaser.

Persons in need of any of the above articles will save money by calling at the Selinsgrove Marble Works before purchasing elsewhere.

I also keep Kank's Patent Galvanized Grave Guards for sale. Five different styles. Come and see.

CATARRH.

LIMA, O., Oct. 18, 1878.

C. B. LITTLEFIELD & Co.:—My son Horace has suffered for years from Catarrh in its most aggravated form, and, after trying numerous remedies, was induced to try CONSTITUTIONAL CATARRH REMEDY. After using three bottles he is effectually cured, although exposed nightly to cold and wet in his capacity of city lamplighter. Yours truly,

ALEX. MASON.

I have sold your CONSTITUTIONAL CATARRH REMEDY for two years, and there has been a general universal expression of satisfaction with it. I am a physician of the old school, and am very cautious of recommending articles of which I do not know the contents, but from my observation of the good effects of the medicine, I feel that I can conscientiously recommend it.

BEST IN THE WORLD!

ABSOLUTELY AND CHEMICALLY PURE.

ARM AND HAMMER BRAND

CHURCH & CO'S BI-CARB SODA

AND

SALERATUS

Which is the same thing.

Impure Bi-Carb Soda or Saleratus (which is the same thing) is of a slightly dirty white color. It may appear white, examined by itself, but a COMPARISON WITH CHURCH & CO'S "ARM AND HAMMER" BRAND will show the difference.

See that your Saleratus and Baking Soda is white and PURE, as should be ALL SIMILAR SUBSTANCES used for food.

Housekeepers who prefer bread made with yeast, will improve its quality, make it rise better and prevent it from souring, by adding one-half teaspoonful of Church & Co.'s Soda or Saleratus. Be sure and not use too much. The use of this with sour milk, in preference to Baking Powder, saves twenty times its cost.

Send one pound package for valuable information and read carefully.

YOU WILL BE SORRY

if you replace that old Pump with a new one and do not first carefully examine the

Buckeye Force Pump,

The Buckeye is the very latest improvement in Pumps. It is constructed with air-chambers which make it very easy to operate. Hose can be attached to the Buckeye Pump, and water can be thrown upon any building in case of fire. You can water your Garden and lawn, Wash Windows, Wash Buggies, and have a
