

BEYOND THE POST.—The County of Snyder County are held on the fourth Monday of February, May, and September, and second Monday of December.

To the Patrons of The Post.—For the third time since The Post came under its present management on January 1, 1837, we publish a request that our patrons help us financially to carry on the publication of our paper.

We think it safe to say that no publisher in the State has been more lenient; and now that we are in need of funds to conduct the paper we hope each of our patrons in arrears for subscription advertising or Job-work will promptly respond.

We deem the above sufficient to bring forth a prompt response to our request.

Fine growing weather. An early wheat harvest is in anticipation.

Corn is shooting heavenward with an unparalleled rapidity.

The music of the mowing machine will soon be heard in the land.

It is now safe to treat girls with coolness—flavored with vanilla.

The Port Freverton Festival aggregated \$55.93—that was creditable all round.

Spirits of Hartsborn is a good remedy for mosquito bites or the bite of any other insect.

The delightful showers of rain during the past week have replenished wells and cisterns and given a fresh impetus to vegetation.

Ed. S. A. your communication came too late for publication—sorry, it was good and merited a place in our columns.

Welsh and Sands' Circus and Menagerie promises to be the greatest affair that ever visited Snyder county.

A Berks county man has worn a pair of calf leather boots to church for thirty years and has just had them half-dressed for another generation's wear.

Physicians freely prescribe the new Food Medicine, "Malt Bitters," because more nourishing, strengthening, and purifying than all other forms of malt or medicine, while free from the objections urged against malt liquors.

Perhaps some people don't know that the courts have decided that if a person orders his paper discontinued he must pay all arrearages, or the publisher may continue to send it until payment is made, and collect the whole amount, whether the paper is taken from the post-office or not.

Farmers Stop and Look at This. Benjamin Ulrich, of Penns, will be pleased to have you call and see his McCormick, Improved, Self-binding Harvester—Improved Mower, and other improved farming implements.

Any discharged soldier of the United States who has not made application for pension on account of wounds or disability received while in the service, must do so before July 1, 1880.

After that time pensions will date only from the time of application. The same is true regarding applications for additional bounty yet claimed by many soldiers.

The corner stone of St. James Evangelical Lutheran Church of Moores' Valley, will be laid with proper ceremonies on Sunday the 13th of June.

Clergymen from a distance will be present to participate. Neighboring Ministers are invited to be present.

The public in general are cordially invited.

All the Aggregations of Earth Aggregated into one Monster Aggregation. WELSH AND SANDS' GREAT SHOW.

The St. Louis Globe Democrat says of WELSH AND SANDS' GREAT SHOW: "As far as our advice reach everybody looked on tip-toe with eager and well founded anticipations of a day and evening brim-full of wonderful sights, and worlds of fun. Yesterday, for long ere the sun deigned to show his face, the Union depot, streets and avenues leading thereto was one solid mass of hum and flesh swaying to and fro watching the unloading of Welsh and Sands' great show, which is entirely new and undeniably leads the van in magnitude. Long before nine o'clock thousands upon thousands of people filled the streets along the line of march, which had been published in these columns to witness the most gorgeous and sensational free street parade ever given in this city.

In the afternoon their enormous tents were filled to their utmost capacity, to witness an exhibition of more rare wild beasts, birds, reptiles and marine wonders and a greater number of thrilling, novel and ludicrous Equestrian and Gymnastic feats and animal acts and antics, than ever before seen in this city, in any five shows put together. What a host of genuine features; they have combined ample capital with every adjunct of modern science to gather in the most notable of living curiosities and muscular phenomena from the uttermost parts of the earth, and to present them with every elegant accessory that can devise to impart attractive magnificence to both spectacular display and aronic performance, including the marvelous steam Electric Light.

It is the first show in our recollection that has ever exhibited more under their canvas than pasted on the bill boards, and our advice would be to those who were unable to get tickets in the great jam, or gain admission last evening to try it again this afternoon and evening, as this is positively the last day.

Will positively exhibit in Middleburg Thursday June 17th.

Letter from Ohio. WATERVILLE, Ohio, May 29, 1880.

Ed. Post.—While spending an evening at the residence of Mr. John Barbin, two miles west of this village, I was shown a copy of your valuable paper.

In looking over your local and agricultural columns, I readily perceived that Snyder county produced good crops, but at the cost of much labor and cost—perhaps, three times the amount required here.

As a farmer here and behind the average farmer on a like soil. We have, however, among us a number of good, I may say, first-class farmers, the greatest number of whom are Pennsylvanians.

Unusually Pennsylvanians are the best. We have a soil unequalled in fertility—ready, profit-paying markets—superior machinery—and would Snyder or her sister counties of Penna., furnish us with more muscle, brains, energy, such as has been furnished in the persons of the Spades, Shadels, Haynes, Lahn, Barbins who are the Snyder county representatives located here.

Lucas county would be the garden of Ohio. Pennsylvania settlements are easily distinguished by the well regulated farms—neat dwellings—large barns—high fences—improved agricultural implements—high spirited horses—well-fed, improved stock—cattle—superior breeds of hogs, sheep &c. Mr. Barbin is a tidy farmer—loves order and keeps good stock.

His roadsters require strong strings, and John holds them level, on a dash, with steady "ribbons." A 4-mile dash is always in order when you call to see him and a 2-40, break-neck dash delights him. Then, there is Mrs. Barbin, a true type of Penna. women—she knows how to make her guests feel at home—her hospitality knows no bounds—and there is the daughter, Mary, just as hospitable—full of vivacity—can milk the cows, play the piano and sing like a nightingale. If any of you ever come this way don't fail to call on your old acquaintance John Barbin.

MARRIED. June 1, New Berlin, by Rev. S. Sidney Kohler, Thomas Erdley of Jackson twp., and Mary C. Kuhl, of Kramer Station.

May 20th, by Rev. W. A. Haas, Miss Ida Ott, of Penn twp., Snyder county, and Luther M. Lapsie of Goldsboro, York county.

May 27th, by Rev. H. B. Belmer, Jacob V. Mohr of Hamilton, Nebraska, and Miss Jennie E. Fisher of Sellsburg.

DIED. In Sellsburg, June 2, of consumption, Charles H. Boyer, aged 88 years.

May 20th, at McKees Half Falls, of consumption, Daniel Kohler, Esq., in the 62 year of his age.

May 21st, in Paxtonville, Wills H. son of Joe. and Sarah Geis, aged 5 years and 29 days.

June 5th, in Franklia twp., John Veiny aged about 75 years.

May 18th, near Oriental, John Shetler, aged 80 years, 10 months and 6 days.

June 4th, in Chapman township, David S. Kerstetter, aged 83 years, 8 months and 1 day.

The deceased was one of our oldest and most esteemed citizens. He was a man of peculiarly even temperament, and possessed the even tenor of his way, turning neither to the right nor the left to take part in anything other than his own affairs.

Encourage Home Manufacture! The old Established Buckeye Works of Lewisburg present the following attractions for the Farmers.

THE BATES HARVESTER.

This is a new LIGHT REAPER with Johnson Sweep Rake, and will fully supply a want long felt for a good, handy, light Reeper, and at the same time combining strength with durability. The Self Rake is perfectly controllable. The Rake Stand, Head, Gams and Arms are made of Malleable Iron, thus combining the strength of Wrought Iron with the least weight.

THE NEW BUCKEYE REAPERS.

These Machines are Buckeyes Improved. On examination you will see that we retain all the original features of gearing, bearing, leading wheel, double jointed coupling and folding bar.

A leading wheel is attached to the inner shoe, which prevents the loose grass over which it must frequently pass from being pushed back and clogging the guards, and prevents the guards from catching in the ground while passing ridges and hollows.

The cutter-bar folds over in front of the driver, and can be folded without leaving the seat. A leading wheel is attached to the inner shoe, which prevents the loose grass over which it must frequently pass from being pushed back and clogging the guards, and prevents the guards from catching in the ground while passing ridges and hollows.

Will cut a full swath all the time, without driving the off horse in the grass. Thrown in and out of gear instantly by a lever. It is the lightest draft. It is the easiest managed. Does the best work. Has an adjustable crank bar. And will, as the Buckeye has always done, outlast any other machine.

We guarantee these Machines to be well made and to do satisfactory work to the farmer, allowing him to be judge and jury. For particulars call on CHARLES OLDT, New Berlin, Pa. ALVIN A. ULSH, Beaver Spring, Pa.

Central Mfg Co. LEWISBURG, PA.

An Agent in Bridgeport, Conn., sold 70 copies, and stopped; another Agent was appointed in the same town, who sold 100 copies, and he stopped; we then appointed another Agent who has sold up to date 600 copies in the City of Bridgeport. It is the best one-volume history of the United States published. Plenty of Territory still open. Address for Descriptive Circular and Terms, PHILIPUS & MUNTZ, Subscription Book Department, 905 Broadway New York.

MALT UNFERMENTED MALT BITTERS TRADE MARK

MALT AND HOPS BITTERS

THIS INCOMPARABLE NUTRIENT is richer in food value than any other food or medicine. It is the best food for the sick, the aged, and the infirm. It is the best food for the young, the weak, and the nervous. It is the best food for the laboring man, the soldier, and the sailor. It is the best food for the invalid, the convalescent, and the recovering patient. It is the best food for the child, the woman, and the man. It is the best food for the whole human race. It is the best food for the world.
