

VENUE COUNTY COURTS.—The Courts of this county are held on the fourth Monday of February, May, and September, and second day of December.

All communications, business letters, for this office, to secure prompt attention should be addressed to: THE POST, Middleburg, Snyder County, Pa. Advertisements, communications &c. must be handed by Monday noon, to secure insertion in next issue.

Tobacco is growing nicely. Almanacs for 1881 are already out. A full chestnut crop may be expected.

The whistle of the steam thrasher is heard.

It is growing nicely and promises a profitable yield.

The Woodcock season commenced last week.

The wind will soon blow over the tin stables.

The days are now getting shorter and the nights longer.

The fourth of July will not come again on Sunday until 1897.

The population of Pennsylvania will aggregate nearly 5,000,000.

Apples were sold on our streets last week at 30 cents per bushel.

Simonton Barber & Co., have put up new signs at their store in Franklin.

A great fuss is being made over Dr. Chamberlain of New York who is trying to do forty days.

The Printers' picnic will take place on Saturday, September 4, at Roaring Springs.

The season known as dog days has commenced and will continue until the 20th of August.

We shall be glad when the harvest over so we can again see the smiling faces of our farmer friends.

Edward Bassler of Freeburg and Mrs. J. Smith of Middleburg are candidates for the congressional nomination in this county.—Times.

Mrs. Geo. H. Hane, of Shamokin, who was severely injured by a fall on the evening of the 3d, is slowly recovering.

The first charge against Lumbard was settled by calling on Mr. Willard of Sunbury. He says the charge is substantively true. Joe ask him.

A trio of young ladies in a certain part in this place (we're not going to say) entertain their company on the front steps so often that they have acquired the title of "the step-sisters."

It is a source of personal gratification to us that we can associate with and have business relations with the majority of the citizens of Middleburg both democrats and republicans.

Herry Bower, of Bedford, paid a recent visit to Middleburg and Franklin. Herry is a talented business man, and then his excellent social abilities make him a genial companion.

LAUGHING.—You should never laugh at the whole moon, especially if your mouth is unusually large. You should laugh with one side, reserving the other side to laugh when circumstances alter cases—otherwise the laugh may not come in.

From the first to this present volume of The Post he has sent his name to a number of poor, but honest, hard-working men in different parts of the county without pay and what out of it? suppose he does and is still to pay his paper, ink and employe?

Sheriff Bolender knew what had happened between us—had confidence in all the means of knowing the truth of what he said—voluntarily told truth and yet, Joe Lumbard, pretending to be friendly toward the sheriff, deliberately called the Sheriff a liar.

The total amount subscribed for the relief of the sufferers by the Milton fire is \$50,000, and the relief committee puzzled as to how it shall distribute it is proposed to submit the question Judge Cummin, of Lycoming, Judge Wells, of Columbia, and Judge Rockwell, of Northumberland county.

It is monstrous singular that when an accident occurs you can never get thin five miles of the truth. Until we received the news of the late misfortune which befell one of our citizens of Beaver township, just five miles from this town, he was cut up into pieces.

Joe Lumbard voted several years at his place and knows and need not who cuts and why the ticket is sometimes slaughtered. His former politics are still here.

Those who cut the ticket here cut it the same reason that Lumbard cut it, that is, because they are paid by—and they cut as often as he does with him and them to cut is the rule, and to vote the ticket, the exception.

Lumbard was raised a rampant, bent democrat and we never believe that he voted the Republican ticket because he played Republican because he was brought through that party.

**Tonsy a Do.**—On Tuesday of last week a daughter of Mr. Reed, residing on the farm lately belonging to Jacob Ristine, in Wheatfield township, was sent to Mr. John Gable's residence for some laundry. The girl, who was about 11 years of age, was amusing herself on a swing while Mrs. Gable was out for the laundry, when a vicious dog belonging to Mr. Gable attacked the girl and bit her on the arm, back and leg, and tore the flesh from her hip. The dog had to be beaten from the girl. The girl has been confined to her bed, but we learn that she is in a fair way to recover, although at first her situation was considered precarious. The dog would have killed the girl had it not been beaten off her. The dog has since been killed.—Bloomfield Advocate and Press.

We have received from J. Fitzgerald & Co., 143 4th Avenue, New York, the eighth number of the Humboldt Library of Popular Science, containing Marcell's excellent work, The Study of Languages brought back to its True Principles. It sets forth a natural method for the acquisition of languages, by the aid of which the student is inducted into a knowledge of the facts and laws of linguistic science, just as he becomes familiarized with the facts and laws of chemistry or physics. Price 15 cents. For sale by A. K. Gift, Middleburg, Pa.

**REAPER ACCIDENT.**—On last Thursday Daniel Hassinger, son-in-law of John Norman, residing in Beavertown, was thrown from a reaper, to which two horses were attached, and received severe injuries. The right hand, at the wrist, was cut off except a few ligaments, and the left arm pierced by one of the guards. The injuries are painful and will cripple him for life. We have heard so many conflicting statements as to the cause that we are compelled to stop right here.

**Dr. W. G. Morris, of Shamokin Dam,** showed in a 6 lb. canon ball found by Alexander Kiskadden, on Blue Hill whilst ploughing. This is the second ball found about the same place. Was it thrown up on the Hill from Fort Augusta?

The Doctor also showed us a newspaper published at Cape Town which he received from a friend in the U. S. Naval service. It is a large paper, well gotten up, with a circulation of 25000 and contains some curious advertising as well as interesting reading matter.

**Struck by Lightning.**—On Monday evening, during a heavy thunder storm, the barn on the farm of Ross Gross, (lately owned by Christian Gross,) between Beavertown and Adamsburg, was struck by lightning and burned to the ground. The hay and grain of the present season and five hundred bushels of old wheat was consumed. Horses, cattle and farm implements were saved. No insurance.

The farm having been lately divided Ross loses the barn, and Christian and Zeb, the crops.

**Mr. Sol. Oppenheimer and family** paid our town a visit on Saturday last.

Every body seems pleased to greet the great Clothier—the Wannamaker of Snyder county—because of some pleasing recollection—a bargain in a coat, vest, pantalons, great-coat, hat or some wearing apparel of a superior style and quality purchased at such a reasonable price at Oppenheimer's Clothing Emporium market Street Selingsgrove, Pa.

**Hon. John A. Campbell,** at one time Governor of Wyoming and later Third Assistant Secretary of State, died at his residence at Washington Wednesday morning 14th inst. He served with distinction in the Army of the Cumberland from the first days of the war till its close, where he was one of the best known staff officers, having acted as General Schofield's Adjutant-General during the closing years of the war.

The deceased was a brother-in-law of I. B. Wunderly, Esq., of this Borough.

**DROWNED.**—On Wednesday, 14th inst. James Derr and two young men named Bowersox, employed at Knousser's steam saw-mill, went to Hassinger's Dam to bathe. The two Bowersoxes got into deep water and went down two or three times when Derr went to aid them and was almost drowned by the one who was rescued. One was drowned; the other after prompt efforts was resuscitated.

**Uriah Kerstetter** has gone to State Line, Bedford county, Pa. to assume the duties of agent and operator. The R. R. officials know all about him, but to the Bedford people we dare say that they will find him a strict, competent, courteous business man and polished young gentleman to the young ladies, however, we will leave him to speak for himself.

The marriage notice of David S. Sholey, published in our last issue was a fraud, no such marriage having taken place, and the other papers of the county will please note this.

Those who furnish us local news have our thanks, but we hope no more such tricks will be perpetrated.

**Jerry Crouse never charged a soldier, a soldier's widow, or a soldier's orphan one single cent for services.**

On the contrary, at his own expense has gone to the east, west, north and south boundary lines of the county and procured papers for them.

Out of the legal fees of the Prothonotary's office Jerry Crouse has given to charitable, benevolent and religious purposes more than Josie Lumbard's whole assets and half his unliquidated debts amount to.

**A new startling invention.**  
Mr. Philip Swineford, Mr. Fred. Smith, and Mr. John Moyer will start west in a few days (we are informed) to canvass several western states and introduce Mr. Swineford's celebrated Grasshopper Extirminator. We hope, and we trust that the people of the west who have suffered beyond endurance the incursions of these voracious animals will give these gentlemen a warm reception such as the benefactors of mankind justly merit, and at once avail themselves of one of the latest and most wonderful inventions of the age, and millions and billions of these pests can be killed dead, with the double assurance that they will never again eat another fence rail, in the shortest possible time by means of the Extirminator. We are not familiar with the true "inwardness" of the machine, but the cuts found in The Scientific American represent something like this: a large cylindrical cast-iron tube 8 feet in diameter, 15 feet high, (so it can't jump out before the smasher comes down) a forge hammer to fit the tube suspended immediately over the tube at an altitude of 150 feet, (the hammer weighs 9 tons) and a rope, attached to the hammer reaching to the ground which upon the slightest touch by means of a delicate duplex watch spring precipitates the huge hammer upon the back of the unsuspecting hopper and it is no more—of course there are steam motors attached which carry away the dead carcasses.

**SOL OPPENHEIMER.**  
All Outstanding School Warrants to be Paid.  
HARRISBURG, July 12th, 1880.  
To the Parents of School Children:  
The State Treasurer, Hon. Samuel Butler, authorizes me to give notice that all outstanding Warrants issued to School Districts for the appropriation of 1879, numbered up to 1500, will be paid as presented during the current month; and that the balance of these Warrants, numbered from 1500 upwards, remaining unpaid at the end of July, will be paid during August.

I congratulate school directors and all interested in public schools, and the long delay in the payment of the money due from the State is thus happily ended.  
J. P. WICKERSHAM,  
Supt. Public Instruction.
