An increased interest is being taken in compulsory education in all parts of the State. The opinion is that it is at least worth a trial.

An exchange says the Pennsylvania Railroad Company has issued an order to passenger conductors, brakemen and baggage masters, prohibiting them, under penalty of suspension, for allowing passengers to ride on the platform of passenger cars. The company is determined to break up this dangerous practice, and it is hoped passengers will cheerfully comply, as it will be seen the train men have no discretionary power in the matter.

The Lewistown *Gazette* says: *It* is alleged that there is a spot on the mountains down in the Narrows where a warm current of air is constantly ascending out of the bowels of the earth—so warm that no matter how cold your feet may be they can be warmed in a few minutes. It is said to be known to only one person residing down there, and he keeps it a secret under belief that valuable minerals cause the exhalation. *As* volcanic action is beginning to show itself in several parts of the United States, notably as near as Virginia, may not the late supposed earthquake which woke up the *Mifflintowners*, Lewisburgers and others, have originated in a shake of *Shade Mountain*? *If* so, and should it some day burst forth with Vesuvian *fury*, fill up the narrows, dam the Juniata and convert all our valleys into a vast lake, which they unfortunately were in the dim past of

An exchange offers the following suggestions which are worthy the reflections of all who are in the habit of decrying the industries and enterprise of the town wherein they reside. Talk up your town. Yes, talk it up and work for it. *D*on't grumble if anything and everything is not up to your ideas, especially if you do nothing to make the place better. *Don't* tell strangers it is the worst place you know, that it is worse than any other town of the same size. Encourage every useful and creditable enterprise in your midst, for as sure as effect follows cause, so sure will enterprise or merit repay every citizen. We cannot live unto ourselves and we cannot discourage a movement in behalf of a place without inflicting upon ourselves a personal injury.

The Central Hotel, in this place, has been purchased by Mr. Geo. Guyer, of *Selinsgrove*, who will take possession on the first of *April*. Mr. Guyer has had considerable experience as hotel keeper, and will no doubt keep the Central up to its present high standing. Mr. *H.* Haas retires to private life much to the regret of the traveling public, as well as his numerous friends in this place, as he kept one of the best public houses in the State.—*Sunbury American*.

C. L. Smith, known all over this continent as "Big Charley" delights in a joke, and he takes one pretty easy. The other day some mischievous fellow filled our porous, reticulated, horny-tissued, spiculated, salt-water spongia with water and Charles "sot" down kerslap on it and he raised up immediately or a little quicker.

The Juniata Conference (Evangelical Lutheran) of the Synod of Central Pennsylvania, will meet at New Bloomfield, *Perry* county, *Pa.*, March 14th, 15th and 16th.

A State music teachers' association will be held in *Altoona* on the 5th of April, and continue in session two or three days.

The indications are for rain, and if it should, we will have a modern deluge, as there are at least three feet of snow on the mountains.

QUARTER SESSIONS.

The only case, in this court, of public interest was the prosecution against the County Commissioners for not repairing approaches to public Bridge in Selinsgrove. The facts are: some years ago a bridge was erected over the Penns creek in Selinsgrove of but a single span, and as soon as the water rises in the creek it flows around the abutment of the bridge, on the canal side, and washes away the approach—there should have been another span of at least 100 feet and the matter would have never appeared in court, but it has been returned by the Borough constable every term of court for several years—the defendants were found guilty—but the minutes of the court would indicate that the case will not end here.

The Illustrated Scientific News.

One of the handsomest of publication is the ILLUSTRATED SCIENTIFIC NEWS published by Munn & Co., New York. Every number contains thirty-two pages, full of engravings of novelties in science and the useful arts. Ornamental wood work, pottery, vases and objects of modern and ancient art are finely shown.

The March number contains, among various other subjects illustrated, a full description of the manufacture of paper hangings, with engravings; how the deceptive curve is produced in casting the ball by the baseball pitcher, his attitude, how he holds and handles the ball, all fully illustrated. The number before us also contains engravings of Capt. Eads' proposed ship railway across the Isthmus and a novel hydraulic railway locomotive. In addition to all this it contains many valuable recipes for artisans and housekeepers.

This publication will be found instructive and entertaining to all classes, but will be best appreciated by the most intelligent. Published by Munn & Co., 37 Park Row, New York, at $1. 50 a year, and sold by all news dealers.

We have received from Saalfield's Music Store, 839 Broadway, New York something in the way of a "Ten-Cent Library of Music," that fairly takes our breath away. It is a publication that this enterprising house has decided to issue every month, (Subscription price, $1.06 a year, single numbers, 10 cts. each,) which is gotten up in the same style and shape as any other music, no matter how high priced, and yet containing sixteen pages of the most popular music for 10 cts. It is certainly astonishing. The first number which has just come to hand contains Waldtenfel's immensely popular "Tres Jolie Waltzes," the beautiful little ballad, "In the Gloaming," and two other pieces. Other numbers contain the popular Racquet Waltz, Miss Thursby's Twickenham Ferry, Boccaccio March, Lardy Dah, whilst the last number issued is said to contain a complete Potpourri of "The Pirates of Penzance," which ordinarily retails for $1.00 alone whilst in this case it contains two other pieces besides.

The Beavertown Mutual Fire Insurance Company has been doing business about fifteen months and have insured half a million of property and hold Premium Notes for thirty-five thousand dollars. The management of the company is unexceptionable, and none but honest, capable and intelligent agents are employed. None but country properties are insured in this company; and the greatest care is exercised so that valueless properties are not insured; nor are any properties insured beyond their value, as many companies have done and are still doing, thus removing the possibility of ACCIDENTAL fires. The Younger Brothers and Frank and Jesse James.

The *H*istorical Publishing Co., of St. Louis, Mo., has just issued a complete history of the noted Younger Brothers and Frank and Jesse James, bringing the events in the lives of these airy gentlemen of the highway down to the present time. It is a volume of over 400 pages, containing more than 40 illustrations, and printed and bound in good style. *Mr.* J. W. Buel, the author, has been engaged during the last three years in collecting and preparing his materials, and recently visited the youngest in the *Minnesota* penitentiary for the purpose of verifying certain portions of his work. *It* is said to be of the most exciting and thrilling character, and its selling qualities are indicated by the fact that more than 10,000 copies were ordered in advance of publication. *See* advetrisement elsewhere.

brought on by a severe cold on the lungs, which might have been cured by one bottle of SIXES' SYRUP of TAR, WILD CHERRY and HOARHOUND if taken in time.

I've traveled East, I've traveled West,
Through many a weary day;
But the one thing that gets mebest,
Is why the hens don't lay.

Eggs, 50 Cents per dozen—"Exchange."
Try a package of M. B. ROBERT'S POULTRY POWDERS, prepared by SIXES' M'f'g Co. of Philadelphia, Pa for sale by all leading druggists, and then if they don't lay, they are only fit to "go to pot."

We have tested the invaluable qualities of ROBERT'S HORSE and CATTLE POWDERS, upon our own stock, and in justice to our fellow citizens, deem it our duty to recommend the same to all owners of stock, not only in cases where stock is sick, but find it very beneficial to new milch cows, as well as to the general appearance of the horses and other stock; it costs only 25 Cents, and guaranteed to effect a cure if given in time.

We notice that a great many proprietary medicine men are advertising in such a manner, as to lead the public, and particularly the retail druggists to believe that the sale of their goods is so great, that unless their orders are sent in early, they will be unable to fill them. We however notice one exception to this rule in the case of the SIXES' M'f'g Co., of Philadelphia, Pa. who are honest enough to state, that no matter how fast the orders come in for SIXE SYRUP of TAR, WILD CHERRY and HOARHOUND they shall all be filled. Their sales on this preparation last year was 500 183 bottles; their facilities for making at present are 1,000,000 bottles per annum; but let no druggist or customer be alarmed, that there will ever be a corner in SIXES TAR, for should the trade demand 2,000,000 bottles they can be had, and from our experience with it as a cough and cold remedy, we have no doubt that its sales will soon reach the last named figures.

San Francisco News and Dispatch.

"A horse! a horse! my kingdom for a horse!" when King Richard spoke these words on Bosworth field, he undoubtedly meant a horse which had been using ROBERT'S CELEBRATED HORSE POWDERS, as no other animal would have conveyed him to a safe place in the quickest possible time. Price 25 Cents—sold everywhere.

Marriages have increased 40 per cent since young men have learned of the soothing effect of SIXES' TAR, WILD CHERRY and HOARHOUND, upon babies. Young man if you keep a bottle on hand for an emergency, you are safe in bringing things to a climax.
