Every one is acquainted with the old nursery story about the hen that hatched the ducks, and how one fine day they went swimming in the pond near by, and the inducement she offered them to keep out of the water; but it may not be generally known that whenever poultry has anything to talk about in these later and more enlightened days, their conversation always turns to the benefits their species have derived from the use of M. B. Roberts' Powdery Powder. 25 cents per package, by all druggists.

We were greatly amused some days since by seeing one of our venerable citizens, who had been bowed down by rheumatism, throw away his crutches and declare himself just as young as he used to be, and he is recommending Roberts' Embrication to every old lady in town. Great inducement.

Compensation for the injured.

Those who were injured in the "Red Hill" accident received compensation. Josiah Hart, Esq. Treasurer of the Snyder and Lewisstown Railroad, authorized Moses Specht and the proprietor of this paper to see those who received injuries and allow and pay them a fair and just compensation for loss and damages sustained in the accident.

The accident was no fault of the Railroad company—it was caused by a broken rail and no human agency could have prevented it—and there was no liability upon the part of the company, but Mr. Hart, who is a gentleman in the true sense, and a human and generous man, volentearily prop-osed to compensate the unfortunate and thus secure the approbation of "an honest and kind people" as he styles the people of Snyder county. Whilst it is true Mr. Hart cannot obliterate the scars of the unfortunate, by this act of disinterested benevolence he has won the lasting esteem of the public, for himself, and awakened a greater interest for the welfare of the S. & L. Railroad which is the pride of every good citizen.
