Secretary Windom's Plan.

The entire success of Secretary Windom's plan for extending the maturing six per cent. bonds at three and a half per cent. is now considered certain in Treasury circles. The belief of those best acquainted with the administration policy is, however, that the plan cannot be carried out with respect to the fives. If it should be finally decided not to extend the fives, it is expected that Secretary Windom will be able to call in and actually pay off between $250,000,000 and $300,000,000 of the five per cents. The money to do this with would be derived from $100,000,000 of surplus revenue, $104,000,000 of four per cents to be sold in that case, and $50,000,000 of the resumption fund, the use of which for this purpose is authorized by the Bayard amendment to the Sundry Civil Appropriation act. If the authority to issue three per cent. Treasury notes should, in the end, be decided sufficient to warrant their use, the Secretary would be able to pay off $150,000,000 more of the fives.

The naturalist can see a world of beauty in animals most disgusting to the common observer, but we have yet to see or hear of a naturalist, or any other person, who has discovered anything admirable in the "dodger," the man who dares not give expression to his honest convictions. Swayed by interest or fear, he skulks from his post of duty, thereby rightfully subjecting himself to the imputation of either being a coward or a knave. There are roosters and dodgers in the *House* of Representatives, and they are herewith informed that their constituents are taking note of their doings and will be heard from some of these days. The Legislative roosters who voted against the *Delinquent* constituencies will pour out upon their heads when these faithless ones next come before them for public honors.

Jerome Wilson, brother of Henry Wilson, proprietor of the Honesdale *Citizen*, left Carbondale, Pa., fourteen years ago last Sunday, the 17th. Giving no information of his wanderings, nothing was heard of him until his return on that day. He was given up as dead years ago. *His* wife believed him to be living and did not marry again. His daughter, two years old when he left home, has grown to womanhood. It was some time before they could be convinced that he was the long-lost husband and father. Wilson spent his years among the Indians in the wilds of Texas and has made a fortune.

The Senate Judicial apportionment committee has reported a bill to the Senate, apportioning the State into Judicial Districts. Huntingdon is the forty-first on the list, and is joined to Perry. Blair is made a separate district, as is also Cambria. *Mifflin* is attached to Centre. Juniata, Union and Snyder form another district. We have no idea that the bill as reported, will ever become a law, but the committee had to report some kind of a bill to make a start.

The Republican State Committee met in the office of the Secretary of Internal Affairs, at Harrisburg, last Thursday. There was a good attendance. After an interchange of opinion, September 8th was selected as the time, and Harrisburg the place, for holding the Convention. As there will be but one State officer to elect next fall—a State Treasurer—the campaign will not be a very exciting one.

John A. Lemon, Auditor General elect, who will assume the duties of his office in *May*, has appointed Thos. *McCamant*, Chief clerk. Other appointments have not yet been announced. Mr. McCamant has been Chief Clerk of the State Department for a number of years.
