Gyges encamped on Bower's Island on Monday evening. John Francis has commenced work at his brick-yard at this place. The new time table of the Philadelphia and Reading Railroad appears on our first page.

Quite a number of our people attended the Commencement exercises of the Union Seminary at New Berlin, Pa. We keep constantly on hand all kinds of blank forms, such as judgments and Promissory Notes, Summonses, Subpoenas, Warrants, Agreements, Ore Leases, &c.

A fine line of Silk Laces and Fringes at S. Weis's. The Pennsylvania Legislature has passed a bill making it obligatory upon school directors to allow the teachers their time while attending the annual county institute, and \$2.50 a day for expenses.

John Rhamstein, of Beavertown, filled the place of Mr. Bigger at this station for several weeks past, and we learn that he is discharged his duties, so far as the public is concerned, with ability and promptness highly creditable to a young man.

About 80,000,000 feet of saw logs escaped from the Williamsport and Lock Haven booms. The river rose 15 feet and 6 inches above low water mark at Williamsport on the 11th, just which caused the boom to break at the above named places. Spendiavre Insurance Companies are again happy, the act to prohibit such insurance last week by one vote and the consequence is, that they still exist and will continue to do business as heretofore.

An immense variety of Laces from the cheapest to the best at S. Weis's, Selingsgrove. William Gilbert was in town last week with a badly sprained ankle on the way from Port Trevorton to the horse frightened, jerked the wagon and the seat turned over and "threw" him out backward with the result above stated.

A full line of Regular made hose for Ladies, children and gentlemen at S. Weis's, Selingsgrove.

A total eclipse of the moon occurred on Saturday night and was observed by many of our town-folk. Quite a number of young ladies had secured the service of young astronomers to show them the eclipse—as a matter of course they had to "stay up" until 12:10 and as a further matter of course they had to stay to explain—the singular phenomena.

Grain Cradles cheap for cash by J. H. Martin, Paxtonville, Snyder Co., Pa. The best cradle made, the old Leidy with iron braves.

C. C. Seebold has again received a new supply of the celebrated Light-Running "White" Sewing Machines. He has now retailed over 500 machines since the fall of 1876, 32 in this town, about 700 of that number are in daily use in Snyder county. Henry Mink, Merchant Tailor of Middleburg uses two of the "White" Family Machines and makes his heaviest overcoats on them as well as his lighter cloth. Address him and learn what the White is before buying any other and save time and money.

Procurements of the Republican Standing Committee—Committee met in Court House, Saturday, June 11th. At 2 o'clock A. M. for permanent organization.

On motion Samuel Gross of Jackson was unanimously chosen Chairman, and Chas. E. Samspeel Secretary, for the ensuing year. A. N. Gemberling, P. B. Moyer, and S. S. Zimmerman, were selected as Judicial conferees to meet the Conferees of the district.

On motion of S. S. Zimmerman the Committee adjourned to meet at the call of the Chairman, on Monday, June 13th.

The cherry crop will be abundant. When the excellence of rice as a diet is fully understood its use will be more frequent and of daily occurrence in every household. At this season of the year especially, it may properly be classed as superior to any of the cereals which are in such general use for the morning and midday meals. No other food is so easy of digestion, and at its present cost it is cheaper than potatoes, oat-meal or grists of any kind.

C. C. Seebold will sell you any make of Sewing Machines cheaper than you can buy from any other agent—you ask how can he do it? He sells machines with his own team buys direct from the manufacturers and lays in lots of 50 machines at one time and pays the cash—sells them and you settle with him and not with the company. Please address him with a postal card and you will learn that you can buy from \$10.00 to \$25.00. Cheaper than you can buy elsewhere.

The revised New Testament has been given to the world by the committee, who for ten years have been laboring upon it. There is nothing startling in the revised edition that did not appear in the old one. The changes, though many, are mostly in the wording of sentences. It will be accepted by many and rejected by many. In after years it will doubtless come into general use. As a monument of work the translation deserves praise. To the pious men who did the work let all praise be given. As an accepted, uncontradicted Bible it will hardly be a success. Old-fashioned Christian people will turn over new leaves with a critical, friendly interest. They will find many things to note and admire. But these pages will never take the place of the Bible considered to the Protestant heart by centuries of affection, consolation and reverence.—E.

It is said that there is only one thing in the world that is sure, namely—death. We can add another thing, however—SNEEZY SYRUP OF TAR. Its sure to cure a Cough or Cold.

A promising young horse has been named Dr. Tanner in hopes that it will make him a match—EXCHANGE. That might do for some horses; but we find nothing else to change on a package of M. B. ROBERTS' HORSE POWDER, as they guarantee a healthy and vigorous constitution, which is essential for any horse's speed and endurance.

What a sad words of tongue or pen The saddest are those that might have been.

What a question was formerly brought to mind the other day by hearing a young lady remark that she would not go flying with "C" until she had taken SNEEZY SYRUP OF TAR. In November last she married her old, as a friend of hers said.

Nearly new Sweep Stakes Separator with mounted Horse Power complete for sale cheap by J. F. Reind.

The horse preparing for Easter racing for it, so to speak, is a SICK SICK HORSE. The only objection we have to them is they do not meet it squarely. They go in a kind of round about way; but we are of the opinion that this could be remedied to a great extent by the use of M. B. ROBERTS' HORSE POWDER, for it makes the horse not "on the square" by laying down the eggs.

She saw a notice in the weekly STAR. To Cure a Cold—USE SINUS SYRUP OF TAR. So she went to her druggist, and then she went to a single quarter.

Now if you only have occasion to see How earnest and vehement she be when telling how quickly and effectively she was cured of the cold, caught on said settee. 'Twill surprise you.

It is said that there is only one thing in the world that is sure, namely—death. We can add another thing, however—SNEEZY SYRUP OF TAR. Its sure to cure a Cough or Cold.
