

—All communications, business letters, etc., for this office, to secure prompt attention should be addressed to the following: THE POST, Middleburg, Ohio, Pa. Advertisements, communications, etc., must be handed in on Monday noon, to secure insertion in next issue.

Summer is on the wane. The oats have been housed. Another Cornet is heading this way. New potatoes are fast lowering in price.

Not for many years has there been such a heavy crop as the present one. The urchin is now sporting either a bare toe or a stone brace.

The price of wheat is now a matter of interest among our farmers. Taking the general run of eggs, they are but a trifle above the weight.

Not all the alleys are in a purely sanitary condition. Some of our farmers are already plowing their fall ground.

Now is the time to buy your coal for next winter. Mann's factory near Lewistown, makes 1,500 axes daily.

Lycoming county has sixty-six candidates for County Commissioner. The trout fishing season closed on Saturday.

It rains by the yard nowadays, and at no time more than five acres. Never whisper in a very loud tone of voice, if the thing is confidential.

The greater portion of the oats crop has been cut and housed in good condition. It is now a question whether you would rather have the cholera morbus or a toy pistol.

You are liable to take pleurisy by blowing the damp air to blow over you during the night. There were sixty-five liquor dealers arrested at Wilkesbarre for keeping open bars on Sunday.

Charles Peterson, who was a drummer boy under the great Napoleon, died in Bellefonte last week. Fish may be scaled much easier by dipping into boiling water about a minute.

A refreshing rain fell on Thursday night and the corn has got right up on its feet about it, so to speak. The spring roosters are learning to crow—if they were wise they wouldn't crow so early in the morning of life.

J. L. Reihl and Robert Smith the champions of the Champion Reaper and Mower went to Baltimore. We move that in case our country becomes involved in another war that our enemies be furnished with toy pistols.

Bricklayers are wanted at Loretto, Cambria county, and at Huntingdon. They will be paid \$3.25 per day.—Allena Tribune. Purge out the morbid humors of the body, by a dose or two of Ayer's Pills and you will have clearer heads as well as healthier bodies.

In 1842 the United States produced two million tons of coal, while in 1880 she produced seventy million tons of coal. Loyal county Doctors are somewhat tardy in registering themselves, required by the late act which was passed at their instance.

Up to Tuesday last two tons of huckabees had been gathered and shipped from the vicinity of Carbondale, Berne county. "DON'T YOU FORGET IT" Adamsburg Pic Nic on Saturday, August 6, or you will miss one of the gayest days of a lifetime.

Walter's house, situate in Franklin township, was struck by lightning last Thursday and somewhat injured to persons. The Summer Term of Union Seminary, at New Berlin, will open on Tuesday Aug. 17, 1881.

A. E. GOBBLE, Principle. Merchants are experiencing a spell just now. All kinds of business generally slackens up at this season of the year and continues so for several weeks.

Ellie Bogarrief, daughter of former townsman, Henry E. Bogarrief, now resident in Juniata county, is visiting friends and relatives in place. It is reported that the Indians on the Allegheny have great ambition to learn all kinds of domestic science, and that is something that cannot be said of all white girls.

Scientific exchange says that coffee acts upon the human system as a poison. Whether true or not, we continue to take a little in our coffee weak longer, anyhow.

And now the wind is blowing over the oats stubble. We know of no charter provision nor ordinance which compels a man, who don't like the people, to stay in this Borough longer than it requires to pack up and leave. Housekeepers should look over their winter flannels and bedding. This is the time of the year when moths gather in woolen goods and if undisturbed do considerable damage.

Miss Hattie Brunner has gone to Nebraska with the intention of making it her home, and the best wishes of all the good people of this community who knew her have gone with her. Our old and esteemed citizen, Al. Wright Swineford, is sick and confined to bed. For more than half a century Mr. Swineford has not been confined to his bed a single day by reason of sickness. He is 85 years old.

Captain Mills of Northumberland visited his daughters, the Misses Mills at the Notion Store, in this place, last week. The Captain is a gentleman of intelligence and admirable social qualities, and was a gallant soldier.

Ladies, if you desire your Hats remodeled, rearranged, fixed-up neat and stylish call at the Misses Mills, New Notion and Fancy Goods Store at Beaver's Corner, Main Street, Middleburg.

One day last week while Dr. Rothrock, of Fremont, was visiting his patients, his horse took fright and ran away, breaking the buggy. The Doctor made good his escape—receiving only slight injuries.—Fremont Courier.

Harry Dippery, a lad of about 12, while walking in his sleep Saturday night, fell from a second-story window to the ground, sustaining injuries which were not sufficient to alien him, and only when his mother arrived with a light did he become aroused.—Lewistown Democrat & Sentinel.

A party from Union county came to this station last week, to get a Separator and Steamer, and after steaming up the engine and themselves too, two of the party burst their boilers—of wrath—and colliding had an old-fashioned, square knock-down, Union as far as heard from.

At Lewistown on Friday as John Bentley, aged sixty-two years, was repairing leather belting in the Central foundry, he was caught between the belt and shaft and his right arm taken off near the shoulder, five ribs broken and received several lacerations on the body and limbs. It is thought he cannot recover.—St. Mary Daily.

Old clocks of the kind that our ancestors used to have standing in the sitting rooms and kitchens—that tell the days, the months, the movement of the moon and heavenly bodies, and strike with a sound that reverberates through the whole house, are becoming quite fashionable. But a few years ago they used to sell at vendues at \$1 to \$3 and \$4, but they have now gone up from \$12 to \$50.

During the thunder storm on Monday evening, which was pretty severe, the lightning struck into the house of A. B. Portzline about one mile west of McKees Half Falls. It tore up the floor and did some other slight damages, and then passed out and killed a dog that was outside the house. None of the family was hurt beyond the shock such a terrific visitor would naturally produce after people had retired to bed. It happened about 11 o'clock.—Salinegrove Times.

A BARN BURNED BY LIGHTNING.—During the heavy thunder storm on Monday night the barn on the farm of George Gonsar, near Keefer's station, on the Shamokin railroad, was struck by lightning and burned to the ground in a very short time. The farm was occupied by a man by the name of Angenbraugh. He succeeded in removing all his stock except one calf. His grain and hay crops, together with all his farming implements, were consumed. There was no insurance, and the loss falls heavy upon him. He is said to be a very industrious and saving man, and sympathy is felt for him. A subscription has been started by his neighbors and it is hoped that enough may be raised to help him in his time of need.—SUMMARY GAZETTE.

Venor's Predictions. The following are the revised predictions of Mr. Venor for August: 1st—Probably warm and oppressive. 2nd and 3rd—Generally pleasant weather, fairly warm days, and cool to cold evenings and nights. 4th—Fair and pleasant. 5th (Sunday)—Heat and storms. 6th and 10th—Sultry weather with heavy showers; cooler evenings and nights. 11th and 13th—Heat again in the United States, with cloudy weather; storms in Canada. 14th (Sunday)—Cooler change. 15th—Cooler to cold and cloudy and pleasant. 16th—Storms throughout portions of Virginia. 17th and 18th—Hall storm and frosts probable in some portions. 19th and 20th—Heat and storms. 21st—Sultry and windy. 22d—Sultry and showery. 23d and 24th—Heat and wind. 25th and 26th—Heavy storms on the lakes, on the St. Lawrence and around New York. 27th and 28th—Cooler weather with rains and frosts in the northern section. 29th and 30th—Fair and pleasant weather with cold evenings and nights, with indications of returning heat.

A little boy, A little toy, A pistol—nothing worse A little ball, A little fall, And then—a little hears. PRICES REDUCED—Prices positively knocked down to the very lowest figures to make room for New Goods at Oppenheimer's. Aug. 3.

DEPLORABLE AND FATAL POISONING.—One of the worst instances of poisoning which it has been our lot to record took place this week. Five children of Wm. Lloyd, residing in Union township, ate apples that had fallen among potato vines upon which Paris green had been thrown to destroy bugs. One of the children died on Tuesday evening; another on Wednesday. The other three are apparently on a fair way to recover. Malcolaid was called as soon as possible, but it was ineffectual. The dead children were buried this afternoon.—LEWISTOWN CHRONICLE, July 29th.

A Cute Swindle. Below we give a portion of the contract that a set of swindlers are busy circulating through the country. They profess to be trying to introduce a valuable variety of grain, which is represented to be worth \$7 per bushel, and they agree to furnish the seed and for the two bushels take four, and promise to buy the entire crop. If the farmer prefers, however, he can pay cash and keep all the seed, but by the contract he is not to pay anything till he has raised the grain to do it with. The contract is printed lengthwise of a cap sheet, and if this part of the contract is examined it will be seen that when torn across after the word "or" down to the word "agent," the left hand piece of paper is a good note with the signature in its proper place. The other portion of the paper is filled up with more details of the contract, which is of no account, as the note is all the swindler really cares for, and can easily be torn off. The blank where made payable is filled up with the name of the farmer's market town, and the interest blank, with the rate legal in the State they happen to be operating in:

One day after date I promise to pay to J. C. Smith or his order, ONE HUNDRED AND THIRTY DOLLARS, which amount is acknowledged to be for value received, the price of said wheat to be \$5 per bushel, unless I prefer to pay said sum in cash with _____ per cent. interest from date. Agent for Smith's Child Wheat.

CONTRACT FOR WHEAT. One day after date I promise to pay to J. C. Smith or his order, ONE HUNDRED AND THIRTY DOLLARS, which amount is acknowledged to be for value received, the price of said wheat to be \$5 per bushel, unless I prefer to pay said sum in cash with _____ per cent. interest from date. Agent for Smith's Child Wheat.

PREJUDICE KILLS. "Eleven years our daughter suffered on a bed of misery under the care of several of the best (and some of the worst) physicians, who gave her disease various names but no relief, and now she is restored to us in good health by as simple a remedy as Hop Bitters, that we had looked at for two years, before using it. We earnestly hope, pray that no one else will let their sick suffer as we did, on account of prejudice against so good a medicine as Hop Bitters."—The Parents.—TALROHAN.

"Women and children take Malt Bitters." "A perfect food medicine." "Not a vile rum bitters." "A perfect renovator of exhausted nature." "Most successful medicine ever compounded."—Aug.

MR. MARX'S SELLING HIS BOOTS AND SHOES AT COST. Call, see and convince yourself. July 14th.

MIDDLEBURG PRODUCE MARKET. CORRECTED WEEKLY BY J. W. Dreese.

COAL. Pea Coal 2 50, Chestnut coal 8 50, Black & Coal 4 00, Eg 4 00.

MARRIED. July 17, James Blackford of Middleburg and Miss Mary E. Stetler of Shamokin Dam.

July 10, by Rev. John K. Snyder, Riley Miller and Miss Susan Stroub.

On July 23, by R. C. Fiss, Esq., H. Percival Hottelstein of Shamokin Dam, to Miss Sallie Hans of Salinegrove.

On July 21, by the same, Dr. C. Folk of North'd Co., to Miss Margaret Coryell, of Snyder county.

From Indiana. Ed. Post: As Prof. Noctling asked us several questions some time ago, we will now try to answer: 1. That method probably originated in England about the time of Charles Dickens. 2. If a pupil quits studying various branches and does not read after he leaves school, he might perhaps lose thousands of words which he never uses but otherwise not. Does not the person that becomes well-read meet with all the words he ever learned to spell from the spelling book? What is the object of teaching spelling? 3. A teacher should have as many classes in each branch as he has grades, and sometimes he finds it necessary, even to divide a class in the same grade. He should try to get his school properly graded. Why not let his pupils enter the A grade in reading, if, at the same time, he promotes them to that grade in the other branches. 4. Name the teacher who had his pupils work interest problems, next common fractions, and then proportion? They are too numerous to mention that worked on a similar plan. 5. Of course a pupil cannot solve a problem in proportion before he understands the fundamental rules, for that reason we referred to that point. 6. We acknowledge that a problem cannot be explained by cancellation. The process does well enough, but would not analysis be better for beginners? 7. A person cannot perform any kind of work successfully without the proper tools. How can school words be done systematically without the usage of text books? 8. Certainly, the reform to which we referred in our former article has given the schools the high standing, but in order that they may still attain a higher standing (which they should,) the teachers must require the pupils to come better supplied with books, so that they need not depend on those lessons which the teacher has to write out on the blackboard. Both teacher and scholars don't have time to copy so many lessons, in order to do their work well. 9. We suppose, that when Snyder Co. teachers go elsewhere to teach, they generally get themselves acquainted with the method of the county in which they teach and take the best out of both. They will meet with more success.

We experienced such a case, we have been criticized on using the term "rough reading" which we didn't mean. We meant thought-reading.

Timber Land. Sale to commence at 1 o'clock P. M. of said day when the attendance will be given and terms of sale made known.

Call at once and see my full line of CLOTHING, HATS, SHIRTS, TRUNKS, VALISES, LAF-ROBES, FURRIERIAN, &c. A FULL LINE OF STRAW GOODS. Bargains for Everybody.

Closing Out at Cost! At Marx's Boot and Shoe Store, Congress Hall, Salinegrove. As the season is pretty far advanced and in order to make room for an early Fall trade, I concluded to sell at cost for the next 60 days. No old stock on hand. If you want to buy a good article now is your time as I only keep good goods for the least money. B. MARX.

It will pay every body to examine the immense stock of Furniture for sale by the Popular Furniture man W. H. FELIX Lewistown Pa.

No better place for Boots & Shoes than Marx's at Congress Hall, Salinegrove. Nothing but first quality goods.

County Superintendent, Prof. Wm. Meyer, hereby gives notice that applications for Schools for the Borough of Salinegrove will be examined at the place on Wednesday, August 10th, at 9 o'clock A. M.

PLAIN & FANCY SEWING. MRS. ADAM MUSSER, of Centre Co., Pa., has a large stock of Sewing Machines, and is prepared to repair and put in new needles, and to sew on buttons, etc. Call on her at her residence, Salinegrove, Pa. Aug. 2, 1881.

Public Sale. SATURDAY, AUGUST 13th, 1881. I will offer at public sale in Salinegrove, my residence on the Middleburg road, and adjoining the Salinegrove road, a large tract of land, containing about 100 acres, more or less, and also a large tract of land, containing about 50 acres, more or less, and also a large tract of land, containing about 20 acres, more or less, and also a large tract of land, containing about 10 acres, more or less, and also a large tract of land, containing about 5 acres, more or less, and also a large tract of land, containing about 2 acres, more or less, and also a large tract of land, containing about 1 acre, more or less, and also a large tract of land, containing about 1/2 acre, more or less, and also a large tract of land, containing about 1/4 acre, more or less, and also a large tract of land, containing about 1/8 acre, more or less, and also a large tract of land, containing about 1/16 acre, more or less, and also a large tract of land, containing about 1/32 acre, more or less, and also a large tract of land, containing about 1/64 acre, more or less, and also a large tract of land, containing about 1/128 acre, more or less, and also a large tract of land, containing about 1/256 acre, more or less, and also a large tract of land, containing about 1/512 acre, more or less, and also a large tract of land, containing about 1/1024 acre, more or less, and also a large tract of land, containing about 1/2048 acre, more or less, and also a large tract of land, containing about 1/4096 acre, more or less, and also a large tract of land, containing about 1/8192 acre, more or less, and also a large tract of land, containing about 1/16384 acre, more or less, and also a large tract of land, containing about 1/32768 acre, more or less, and also a large tract of land, containing about 1/65536 acre, more or less, and also a large tract of land, containing about 1/131072 acre, more or less, and also a large tract of land, containing about 1/262144 acre, more or less, and also a large tract of land, containing about 1/524288 acre, more or less, and also a large tract of land, containing about 1/1048576 acre, more or less, and also a large tract of land, containing about 1/2097152 acre, more or less, and also a large tract of land, containing about 1/4194304 acre, more or less, and also a large tract of land, containing about 1/8388608 acre, more or less, and also a large tract of land, containing about 1/16777216 acre, more or less, and also a large tract of land, containing about 1/33554432 acre, more or less, and also a large tract of land, containing about 1/67108864 acre, more or less, and also a large tract of land, containing about 1/134217728 acre, more or less, and also a large tract of land, containing about 1/268435456 acre, more or less, and also a large tract of land, containing about 1/536870912 acre, more or less, and also a large tract of land, containing about 1/1073741824 acre, more or less, and also a large tract of land, containing about 1/2147483648 acre, more or less, and also a large tract of land, containing about 1/4294967296 acre, more or less, and also a large tract of land, containing about 1/8589934592 acre, more or less, and also a large tract of land, containing about 1/17179869184 acre, more or less, and also a large tract of land, containing about 1/34359738368 acre, more or less, and also a large tract of land, containing about 1/68719476736 acre, more or less, and also a large tract of land, containing about 1/137438953472 acre, more or less, and also a large tract of land, containing about 1/274877906944 acre, more or less, and also a large tract of land, containing about 1/549755813888 acre, more or less, and also a large tract of land, containing about 1/1099511627776 acre, more or less, and also a large tract of land, containing about 1/2199023255552 acre, more or less, and also a large tract of land, containing about 1/4398046511104 acre, more or less, and also a large tract of land,
