SNYDER COUNTY COURTS.—The Courts of Snyder County are held on the fourth Mondays of February, May, and September, and Second Monday of December.

—All communications, business letters &c., for this office, to secure prompt attention should be addressed as follows: THE POST, Middleburg, Snyder County, Pa. Advertisements, communications &c. must be handed in by Monday noon, to secure insertion in next issue

H. B. B.—Your article will appear in our next issue.

51 prisoners in Dauphin county jail last Saturday.

The katydids have re-opened their time-honored discussions.

It is seldom that a man who takes and pays for a newspaper gets swindled.

Do not trespass—the law is such that if you only walk over the ground of another you are liable to be fined.

Grapes are ripening and the mouth begins to water for the lucious fruit.

Some one predicts skating before October 9th, and that ice will be three feet thick next winter.

The internal revenue tax on cigarettes footed up nearly a million dollars last year.

Seven criminals have just been sent from Blair county to the Western Penitentiary.

If a shirt bosom, or any other article has been schorched in ironing, lay it where the bright sun will fall directly on it. It will take it entirely out.

No remedy in the world ever came into such universal use, or has so fully won the confidence of mankind, as Ayer's Cherry Pectoral for the cure of Coughs, Colds and Consumption.

Every community has them. What? Why busy-bodies who generally know everybody's business, and if they don't know anything they readily manufacture something and scatter it broadcast.

For seed save the cucumber growing nearest the root, and again you will have therefrom an earlier and smaller variety; save those near the end of the vines and they will produce a larger and later variety.

Think of what bitter cold weather we had last year. Do you remember when you went suddenly along the street with a muffler up about your ears and your ulster double-locked about your noble form? My, but wasn't it cold.—*Er.*

At the meeting of the Snyder co Medical Society, two weeks ago one of the Doctors remarked that the ball in President Garfield's body had been located by an instrament i vented by a Dr. *Bell*, Dr. S. suggested that perhaps if Dr, *Bliss* would now try his condurango over the locality, he might be able to draw it out.

BG—C. C. Seebold has again Received a Car load of the light running White Sewing Machines, part of them were unloaded at the Selinsgrove office, some at Middleburg and the balance at McClure, all in Snyder Co., making over 1000 White Machines in the County.

LIABLE TO FINE.—Retail grocers, and all others who retail coal or burning oils, and do not destroy the brand-mark of the inspector, are liable to a fine of $300 for each and every brand or package upon which the brand is not destroyed. We do not know whether there are any merchants here who fail to comply with the law, but it would be well to remember this and save any annoyance.

There is no necessity of death resulting from either croup or diphtheria, especially with the young, if the following recipe is applied in time: Spread common tar on a muslin strip as you would prepare a plaster, and wrap it around the neck and glands of the patient. Renew once or twice a day, and the patient's life is assured. —*Waynesboro (Pa.) Record.*

Lucy Stone says: The waste of time the waste of strength, and the waste of health which women accept on account of fashion is appalling. The shoes of women have pegs for heals, half way under the foot, on which they walk with a tottering hobbling gait, like Chinese women. Frilles, fringes, cords, straps, buttous and flounces, supposed to be ornamental, but which have no other use, than burden and deform even our young girls. If the rising generation is to be healthy there must be a return to simple as well as more becoming styles. We need artists who can devise simple and beautiful dresses, which shall secure to the wearer the free and untrammelled use of the whole body.

The "White" Sewing Machines is surely the best sold. Over one thousand in use in this county, all were sold by C. C. Seebold, and never one yet condemned; all indaily use. The White Sewing Machine Co., of Cleveland, Ohio, are making 350 Machine every day in the week and can not supply the demand. You will regret if you donot try the "White" before buying any other. Try it. You need not buy if it will not suit you. For sale by C. C. Seebold, Middeburg, Pa.

Shocking and Fatal Accident.

On *Saturday* last, shortly after the laborers had finished dinner and commenced the afternoon's work on the contract for laying a piece of third track on *Main* Line, about one mile below the Junction, a fall of earth, weighing 20 or 30 tons, from the bank where the men were digging, engulphed Jacob Mays, of this place, covering him up to the breast, and Oliver Kelley, of Middletown, *Pa.*, who was entirely covered probably to the depth of a foot, receiving injuries which resulted in his death the following morning at half past 10. *It* appears the work of excavating was undertaken by that dangerous mode of undermining a large amount of earth and allowed it to come down in loose bulk to be shoveled up more easily and and carted off to the dumping place. The sub-contractor cautioned the men and had just turned away when the crash came. The two unfortunates were uncovered as speedily as possible and conveyed, *Mays* to his home in town, Kelley to the Granville House, his boarding place, at the Junction, in an unconscious state. His wife was sent for and arrived the same night. The physicians found that his spinal cord and left shoulder were broken and other injuries sustained from which death must result. *His* remains were taken to his home on Day *Express* on Sunday afternoon. Mays has suffered much since the accident, but all that medical skill can do is being applied and he may recover.—*Lewistown Gazette.*

Death of Charley Mowery.

Charley Mowery, son of Andrew Mowery, of this place, whose serious illness at *Pueblo, Col.*, we reported in our last issue, died on Wednesday last, Aug. 3d, of typhoid fever. *He* was 20 years, 7 months, and 24 days old at the time of his death. Charley was an exemplary young man, well known and much respected in this community. For a number of years he was clerk in W. *H.* Kern's grocery, gaining the respect and friendship of all who dealt with him by his genial and friendly disposition and business talent. When *Mr.* Kern closed out his business, Charley went to Pueblo, found a lucrative situation in a large book store and was very much thought of by his employers. Recently he was taken down with inflamation of the bowels and typhoid fever, and after a short illness passed away to that better world. During his illness he had the best of care, and also the kind assistance of Mr. Geo. F. *Harpster* and Wm. *Englehart*, formerly of this place, but now living at Pueblo. Charley, among his friends and acquaintances, was much loved and respected. *His* parents have the sympathy of all in this community in this their sad hour of bereavement. His remains were brought to this place for interment and the funeral took place at the Reformed Church yesterday at 10 a. m., and was attended by a large circle of friends.—*Bellevue (Ohio) Gazette.*

For THE POST

From Pennsylvania.

MR. EDITOR.—You correspondent from Indiana(?), who claims to be still very much interested in the schools of Snyder county, tried, as he says, in paper of last week, to answer my questions asked him some time ago.

He has undoubtedly done all that he could do—he has *tried*. No one, in the same dilemma, could have done more than he did: for most of his assertions, in the article to which my questions referred, were so erroneous and absurd that a person of only ordinary "sagacity" could have seen that he could not even attempt to prove them without exposing his ignorance still more than he already had done.

To prove his utter ignorance of the subjects he alludes to, I would call the attention of the readers of THE POST to his answers numbered 4, 5 and 6. *In* 4, for example, he cannot see that the order which he says the subjects were taught, could not be followed; and that, consequently, his assertion is absurd.

His 5th answer is as illogical and absurd as his 4th—The only fundamental operations directly required in proportion are multiplication and division, and to say that pupils solved problems in proportion before they could multiply and divide, or, in other words, that they actually did what they could not do, is almost too childish to deserve notice.

The 6th answer is the most ridiculous of all. *He* asks. "Would not analysis be better for beginners?" That amounts precisely to the same as asking, whether analysis would not be better than analysis, for beginners. As the operation which he thinks should be analysis, is, analysis, his stupidity, for a critic, is simply amazing.

He supposes that before Snyder County teachers go elsewhere to teach they acquaint themselves with the methods of the counties to which they propose to go. Whether they change their methods, could be readily ascertained by referring to Supt. Burrows, of Union, *Boal*, (late) of Northumberland, Wolverton, of Northumberland, McClenahen, of Mifflin, and others.

That your Indiana correspondent had to change his method, or, to use his own language, "experienced such a case," is not at all surprising. Indeed it would have been surprising if he had not done so; and, judging from his efforts at criticism, a dozen or two more such experiences would not come amiss.

The following items we copy from the MIFFLINBURG TELEGRAPH, of last week.

GORED BY A BULL.—On last Thursday, 4th, inst., as Mrs. Joel Riehl, of East Buffalow Twp.—the lady who supplies the citizens of Lewisburg with milk, vegetables, &c.—was endeavoring to drive a vicious bull, he turned upon and gored her in a shocking manner, badly cutting her left breast and breaking the collar bone. Though seriously and painfully injured, she will recover.

SHOULDER DISLOCATED.—On Monday, the 1st inst., Mr. David Reichly, candidate for sheriff in Snyder Co., met with an accident that resulted in in the dislocation of his left shoulder. As is his usual custom, he was assisting Mr. John Schrack, of Buffalo twp., this county, in gathering his crops, and while in a wagon the horse attached made a sudden spring forward, throwing Mr. Reichly from the vehicle with such force as to dislocate the shoulder, as stated. He says the replacing of the same was performed when he was under the influences of drugs by Doc. Leiser of Lewisburg, who, he adds, did the job to perfection.

RIGHT HAND CLIPPED OFF.—On Saturday, the 6th inst., a young man named Cake, aged about 30 years, in the employ of Mr. Chas. Oldt of New Berlin, had the fingers of his right hand chewed off at or just above the knuckles by some kind of farming implement. We are informed that while the machine was in motion he put his hand in among the cogs to see that the thing was clear of dirt, when the cruel and bungling amputation of his hand followed. Doc. Burg and assistant have attended to his wants in a skillful manner. He is a son of Mrs Powell of Lewisburg, by her first husband.

ANOTHER SAD MISFORTUNE.—On Tuesday, the 2d inst., while out in a buggy with his daughter, near the fair ground, Mr. Wm. T. Reitmyer of Lewisburg was taken sick—leaning heavily upon his daughter, whereupon she took the lines and drove home. Arriving at the door he was lifted from the buggy, carried into the house and a physician summoned, who, we are informed, pronounced it a case of apoplexy—the entire left side of Mr. R. being seriously affected, including his speech. Much doubt is expressed as to his recovery.

SEVERELY BRUISED AND CUT.—On Thursday, at the Sunday School picnic, near Mifflinburg, a little six-year old daughter of Mr. Samuel Wilson, of this place, while running tripped and fell, her face striking a tree with great force, bruising and cutting her badly—indeed was insensible for a short time. Her mother, on the ground, was so shocked by the sight as to cause her to faint. The little sufferer is rapidly recovering.

THUMB NIPPED BY A REAPER.—On Tuesday, the 2d inst., while R. V. B. Lincoln, Jr., of Hartley twp., was assisting in arranging the knives of his father's reaper, he had the thumb of his right hand at the nail almost nipped off. Dr. Rhoads, being summoned, shaped it in place and now it is nicely healing.

Just before going to press last week we made mention of the fact that the barn of Mr. Jos. King, in West Buffalo twp., was destroyed by fire on Tuesday afternoon, the 2d inst., but had no particulars at the time. Since that day Mr. King called and gave us the following facts:

It seems they were hauling in oats that day and while out in a distant field the barn caught fire—in the rear—the origin of which he knows not.

Hastening home they found the barn and wagon shed completely wrapped in flames, together with grain, farming implements, wagons, harness, &c. The barn was a large one—86x40 feet, and the wagon shed an unusually large one, both containing 300 bushels of wheat, between 500 and 600 bus. of oats, 100 bus. of corn, about 2 bushels clover seed, between 30 and 40 tons of hay, a reaper, drill—farming implements of all kinds—everything that was needed on a farm—the accumulations of many years—harness, saddles, bridles, four wagons, 1 heifer, chickens, &c., &c., a total loss of at least $2,500. Insured in a Danville Company for $1,000. A small proportion of the implements belonged to Mr. Jos W. King, son of the former. The entire crop of the farm had been harvested save a few loads of oats. This makes the loss especially burdensome, obliging Mr. King to purchase feed for his stock and animals, bread for his family, and seed for future crops.

Peterson's Magazine for September is at hand, as usual ahead of all others. The leading feature, for this month, is an elegant steel engraving, "*Blind* Milton Dictating Paradise *Lost* to his Daughters," after the world-famous picture by Munkacsy, the great Hungarian artist. It is accompained by an illustrated article on Milton's Life and Poetry, that is of a much higher character than such articles ordinarily are. The usual double size colored steel fashion plate, a specialty of this magazine; the usual colored pattern, which, this month is the head of Lady Washington, to be worked on Java canvas; the usual array of engravings of the fashions, patterns for the work-table, etc., etc., make up the other embellishments. Among the stories, there is a powerful one, "The Crimson Phial," all the stories, in fact, and good. *The price is but two dollars a year*, with great reductions to clubs and costly premiums to the person getting up the club. Address, CHAS. J. PETERSON, 306 Chestnut Street, Philadelphia.

☞PRICES REDUCED—Prices positively knocked down to the very lowest figures to make room for New Goods at Oppenheimer's. Aug 3.

Two Philadelphia lawyers have been sent to the Penitentiary for forging a will, that diverted the estate of a childless rich man from his near relatives.

NEW GOODS!—Miss C. Mills, at Beaver's Corner, has just received a fine assortment of Notions and Fancy Goods call and examin.

Festival! Festival!

The Evengelical Sunday School, of Middleburg will hold a Festival in the Court house thursday, Friday and Saturday evenings August 25, 26 and 27. This is the first time the Evangelicals of this place have given the public an oppertunity to lend a helping hand.

The President's Condition.

The condition of the President, at this writing, is critical in the extreme and his death would not be surprising to us as we have always entertained very poor hopes of his recovery We still hope for his ultimate recovery.

HOW LOST, HOW RESTORED

Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical cure of Spermatorrhœa or Seminal Weakness Involuntary Seminal Losses, Impotency Mental and Physical Incapacity, Impediments to Marriage, &c., also Consumption, Epilepsy and Fits; Induced by Self-Indulgence or sexual extravagance, &c.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.
