but has no idea by whom it was written. It is as follows:

"The Bible contains 3,566,499 letters: 810,697 words; 81,173 verses; 1,189 chapters; 68 books. The word "and" occurs 46, 297 times; "Lord," 1854; "reverend" only once, and that in the 111th Psalm. The 27th verse of 7th chapter of Esra contains the alphabet. The 19th chapter of the 2nd book of Kings and the 37th chapter of Isainh are alike. The first man recorded as buried in a coffin was Joseph, 50th chapter of Genesis and 26th verse. Nowhere but in the 1st chapter of Timothy is the word "grandmother" mentioned. Two particularly fine chapters to read you will find are the 2d of Joel and the 26th of Asts. There is no name or word of Acts. There is no name or word of more than six syllables in the Holy Bible.
