**Cathartic Pills**

Combine the choicest cathartic principles in medicine, in proportionately accurate adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effective remedy yet discovered for diseases, caused by derangement of the stomach, liver, and bowels, which require prompt and efficient treatment. AGEN'S PILLS are specially applicable to this class of diseases. They act directly on the digestive and assimilation processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel, or any injurious properties, and can be administered to children with perfect safety.

As a Dinner Pill they have no equal. While gentle in their action, these Pills are the most thorough and searching cathartic that can be employed, and never give pain unless the bowels are inflamed, and their influence is heating. They stimulate the appetite and digestive organs; they operate to purify and cool the blood, and impart renewed vigor and energy to the system.
