The Post

Middleburg, Nov. 30, 1882.

J. CROUSE Editor & Proprietor.

Pension Commissioner Dudley in preparing the tables for his annual report has made the discovery that there are 1,000,000 ex-soldiers yet living in the United States who have never applied for pension. These men are getting along in years, and disorders contracted in the service are manifesting themselves in pensionable disabilities. The prevalent idea that the pension rolls should be decreasing at this time is, he thinks, erroneous. They are, on the contrary, likely to increase for some years. The annual amount for current payments is now about $55,000,000, exclusive of arrears.

The proposed ship canal across the Delaware-Maryland peninsula to connect the Delaware and Chesapeak is becoming a question of serious consideration on the part of the Delaware ship canal company, as the president, Gen. Horace B. Tibbitts, in company with several capitalists, have been estimating the cost of the canal which would be about 110 miles long and have placed it at $6,000,000. It is reported that Gen. Tibbitts has said that the work on the canal will be pushed to completion as every preparation has been made to conduct the work without the aid of the Government.

The large appropriation made by Congress at the the last session for the construction of a building for the Pension Office is an indication that the pension system is to be a permanent feature of the Government. The appropriation for pensions is now the largest item of expense, and it seems probable that it is to go on increasing. After all this lapse of time since the war it seems ever so much easier to obtain a pension than immediately after the close of the struggle. There are claim agents who have gone into the business of obtaining pensions who do an enormous business, employing numerous clerks, and who are amassing immense fortunes.

A LARGE LAND SALE.—An English Company has just purchased 4 500,000 acres of land in Western and Northwestern Texas. This company will sell alternate tracts of from two to five hundred acres to European immigrants wishing to settle upon it. The settlers will improve their possessions, and by so doing will increase the value of the reserved tracts. In many parts of Texas the value of land has doubled itself in the last two years. Within six years land that was bought for one dollar an acre has been known to bring $20 to $30.

A Chicago inventor, according to the Inter-Ocean, has invented a snow-remover, which will remove any depth of snow from a railroad track thirty feet at the rate of fifteen miles an hour. A double track can be cleared in one trip and the snow taken up and carried away from the streets, avoiding the great heaps which accumulate in winter. The Chicago paper does not give the particulars of the new invention, but the general description would seem to indicate that nothing less than a Western cyclone could accomplish all that it promises.

The new permanent station for the signal service at Pike's Peak has at length been completed, as well as the construction of a telegraph line to connect the station at the summit of the mountain with the world below. The signal is 14,000 feet above the sea level, and 6,000 feet above Colorado Springs, and is constructed of granite laid in cement, to resist the furious storms of that locality.

The report Supervising Architect of the Treasury shows that there was expended on the Postoffice and Court House, in Philadelphia, during the year which ended September 30th last, the sum of $356,077, leaving a balance in the Treasury of $384,531. On the Postoffice and Court House at Harrisburg there was expended $83,018; balance, $19,.33.

Three hundred and thirty-five miles of the Northern Pacific Railroad have been examined and accepted by the Government since the adjournment of Congress, leaving about four hundred miles yet to be constructed. Patents will be issued forthwith for eight or nine million acres of land adjoining the newly built road.

Because she had been beaten by her husband, Mrs. David Wordan, of Fort Wayne, set fire to her house and threw herself into the flames; but

Dr. Wm. I. Wilson, of Bellefonte, the venerable father-in-law of ex Governor Curtin, celebrated his ninetieth birthday on the 10th inst.

The Pennsylvania State Grange, Patrons of Husbandry, will meet at Harrisburg on December 12th, to continue in session several days. Five hundred delegates are expected to be present.

The public debt statement issued November 1st by the Secretary of the U. S. Treasury, shows the reduction of the debt during the month of October to have been $15,629,180.

A steamship which arrived at New York on Saturday, from Havre, brought 51 Marino sheep for a Mr Carp, of Texas. The animals are valued at $500 each, and are said to be of the finest in Europe.

Some of the Democrats seem to think they have already won the Presidency. They should remember that the election will not be held until 1884, and there is plenty of chance for blunders in the meantime.

The Chicago Pessenger steel companies intend to stop work next month in consequence of the low prices of steel rails and the prospect of a reduction of the tariff. Twenty thousand men will be thrown out of employment by this step.

Gold and silver ore in considerable quantities have been discovered on the premises of Samuel Riegal, in Wilkins township, Northampton county, and there is quite an excitement in that neighborhood in consequence.

President Arthur has pardoned Robert Logan, mail robber, and John B. Moore, violator of the internal revenue laws, and has respited until December 15th James Layton Gilmore, under sentence of death in Deadwood, Dakota.

There is prospect of a war between Russia and Austria, and should that deplorable event take place there will probably be other countries involved. It is to be hoped that the difficulties between the two nations can be amicably adjusted.

Bucklen's Arnica Salve.

WHAT WILL THE WEATHER BE TO-MORROW?

Pool's Signal Service Barometer

OR STORM GLASS AND THERMOMETER COMBINED,

WILL TELL YOU!

It will detect and indicate correctly any change in the weather 12 to 48 hours in advance. It will tell what kind of storm is approaching, and from what direction—invaluable to navigators. Farmers can plan their work according to its predictions. Saves 50 times its cost in a single season. Has an accurate thermometer attached. Is the cheapest and most reliable instrument of the combination. This great WEATHER INDICATOR is endorsed by the most eminent Physicians, Professors and Scientific men of the day, to be the **BEST IN THE WORLD!** The Thermometer and Barometer are put in a neatly finished walnut frame, with silver plated trimmings, etc., making it a beautiful as well as useful ornament. We will send you a sample one, delivered Free, to your place, in good order, on receipt of $1, or half a $2 bill. Agents are making from $15 to $20 daily selling them. *A trial will convince you.* Order at once. **It sells at SIGHT,** just the thing to sell to farmers, merchants, etc. Available to everybody. U. S. Postage Stamps taken in good order, but money preferred. Agents wanted everywhere. Send for Circular and terms. Address all orders to **OSWEGO THERMOMETER WORKS,** *Largest establishment of the kind in the world* Oswego, Oswego Co., N. Y. Refer to the Mayor, Postmaster, County Clerk, First and Second National Banks, or any business house in Oswego, N. Y.

Write your Post Office, County and State plainly, and remit by money order, draft on New York or registered letter, at our risk.

This will make a Beautiful and Very Useful Present.

READ WHAT THE PUBLIC SAY ABOUT IT.

I find Pool's Barometer works as well as one that cost $50. You can rely on it every time. Capt. Chas. B. Rogers, Ship "Twilight," San Francisco.

Barometer received in good order, and I say that the instrument gives perfect satisfaction in every respect. It is neatly made and wonderfully cheap at two dollars. Geo. B. Parsons, M. C. R. R. Office, Detroit, Mich.

Pool's Barometer has already saved me many times its cost, in foretelling the weather. It is a wonderful curiosity, and perfect. F. J. Bonnesteel, Milwaukee, Wis.

BEWARE OF WORTHLESS IMITATIONS. None genuine without our Trade Mark, and signature of J. A. Pool on the back of instrument, as below:

D. A. Pool TRADE MARK.

Every instrument warranted *Correct* and *Reliable*. Size 9 1-2 inches long by 1 1-4 wide. If not satisfied on receiving the instrument, return it at once and we will refund your money. Please state where you saw our advertisement.
