NEW AND BRILLIANT SERIES. Ox the fifth of Japuary next, the first number of the New Series for 1866, of this well-known, Fair ily Newspaper will be issued, with new type and new attractions; the principal one is of the kind which has been proved, by both American and European periodicals, to be the most acceptable and popular, viz:

—A Novel in serial numbers. The title is "PAUL FANE;

or, parts of a life else untold: A Novel." BY N. P. WILLIS.

In addition to this new feature, a series of original sketches, songs and ballads by G. P. Morris, and an original novelette, in verse, founded upon fact, called "The Story of a Star," by J. M. Field, are among the inducements for new subscribers to commence with the first number of the year.

Besides the contributions and later of the Editors, the Home Journal will contain the Foreign and Domestic Correspondence of a large list of contributors—the spice of the European Magazines—the selections of the most interesting publications of the day—the brief hovels—the piquant stories—the spark-ling wit and amusing anecdot—the news and goseip of the Parsian paper—the personal sketches of public characters—the stirring scenes of the world we live in—the chronicle of the news for ladies—the factions—the fact and outlines of news—the plates the hions—the facts and outlines of news—the pick of English information—the wit humor and pathos of the times—the essays on life, literature, society and morals, and the usual variety of careful choosings from the wilderness of English periodical literature; criticism, poetry, etc. We need not remind our readers that we have also one or two unsurpassed correspondents in the fashionable society of New-York, who will give us early news of every new feature of style and elegance among the leaders of the y world.

Editors and Proprietors, 107 Fulton-street, New THE SATURDAY EVENING POST Established August 4th, 1821.

Weekly Edition between 80,000 & 90,000 In issuing their Prospectus for 1856, the proprie-tors of the Post take it for granted, that the public are already tolerably well acquainted with the character of a paper that has grown strong during the storms and sunshine of THIRTY-FOUR YEARS. Their object always has been, as it remains to be, to publish a weekly paper for the family circle, which shall not only armise, but also instruct and improve; those who may read it. To accomplish this object, the best articles are selected or condensed from foreign and domestic periodicals, and original articles of an instructive character procured, when possible.

Letters from Foreign Lands; the most interesting portions of the Weekly News of the World; Sketch- one of the following magnitudes for one year, and also es of Life, Adventure and Character; Selected and a ticket in the distribution of the Statuary and Paint-Original Articles upon Agriculture; Account of the Produce and Stock Markets, and a Bank Note List are included among the solid information to be con-But the mind requires a wider range—it has facul-

ties which delight in the humorous and lively, the imaginative and posical. These faculties also must have their appropriate food, else they become enfect-led, and, as a consequence, the intellect becomes narrow and one-sided, and is not able to take an enlarged and generous view of husaan nature and its destiny. To satisfy these heaven implanted cravings of our mental being, we devote a fair proportion of the Post to Fiction, Postry and Humor. Among our contributors in the first two of the above

Departments, are several of the most gifted writers in the land. We also draw freely for Fiction and Pactry upon the best Periodicals in this country and Great Britain. We design commencing a New Story by Mrs. Southworth, author of "The Deserted Wife," "Miriam, &c., in our first paper of January ENGRAVINGS, illustrative of important places and

ictions, of Agricultural and other new Inventionswith others of a Humorous, though rafined character, are also freely given. . NOTICES OF THE PRESS. This is one of the few large papers filled with life and thought, instead of lumbering trash. Its management is marked by liberality, courtesy, ability and

tact. It employs the best literary talent, and spares no pains or expense. As a family paper, one of literary and general intelligence, we cordially recommend it.—Cayinga Chief, Auburn, N. Y.
Our readers may rely upon it, that Deacon & Peterson will be as good as their word. So far as we can judge by years of observation, these publishers do rather more than they promise; and their paper is edited with very marked ability. It is singularly free from silly sentimentalism and bluster, but is of a healthy tone on all subjects, always moderate in language, but always mildly advocating the right. We find it one of the most generally attractive papers in our exchange Saturdan Visiter, Pittsburgh, Pa. It is the best literary and family paper in the Union-Rock Island, Rock Island, We have heretofore spoken in high terms of the merits of the Post, as one of the best papers on our exchange list, and we regard it as one of the best literary papers to be found anywhere. To Fanny Fern's 1,000,000 Readers! A NEW BOOK COMING:

WE have the pleasure of announcing that we have in press, and shall publish about the first of December, a new work of fiction, entitled ROSE CLARK, A ROMANCE-BY FANNY FERN.

The last work, and first continuous tale of this bril- Grain of all kinds, White Reans, Socks, (if good ones,) liant and fascinating authors, "Ruth Hall," achieved old Iron, old Copper or Pewter by a success unexampled in the annals of letters. In the language of a leading periodical, it "created a more profound sensation than any which has been issued during a quarter of a century." But it is unnecessary to allude to the merits of "Ruth Hall." Judging from the number of copies of it we have sold, we judge that every body in the United States has read it. As respects the work we have now in press Rose CLARK, we can only say that we regard it as, in every respect, a greater, better work; and are confident i will not only sustain, but even increase the reputa-tion of its distinguished authoress. We have reasons for thinking "Rose Clark" will make a greater sensation than did "Ruth Hall."

It will form an clegant 12mo volume of over 400 PRINCES IMPF pages. Price 21,25, on receipt of which copies will be sent by mail, post-paid. It will be for sale by all Published by MASON BROTHERS. NEW-YORK.

FOR THE RELIEF AND CURE OF SUFFERING FEMALES, Ir stands pre-eminent for its

CATHARTIC PILLS PERATE by their nowerful influence on the internal viscera to parify the blood and stimulate it into healthy action. They remove the Internal viscera he party the 61000 and stimulate, it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial lof their virtues, by Professors, Physicians, and Palients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their cordificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure.

For Costiveness.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of Piles, and the cure of one complaint is the cure of both. No, person can feel well while under a costive habit of bows. Hence it should be, as it can be, promptly relieved.

Fon Dyspersia, which is sometimes the cause FOR DYSPERSIA, which is sometimes the cause of Costiceness, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the hearthurn, bodyburn, and souburn of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

Test a Fort. Stowers, or Morbid Inaction of the Royals which widness goneral departments. Boucels, which produces general depression of the spirits and had health, take from four to eight Pills at first, and smaller doses afterwards, until activity at first, and smaller doses afterwards, until activity and strength is restored to the system.

For Nenivoraness, Sick Headachte, Nausea, Pain in the Stonich, Back, or Side, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

For Schuella, Enystrella, and all Diseases of the Schuella, Pills freely and freenuntly, to

Fon Schopula. Engaperiza, and all Diseases of the Skin, take the Pills freely and frequently, to keep the bowels open. The cruptions will generally soon begin to duminish and disappear. Many dreadful alcers and sores have been healed up by the purging and parifying effect of these Pills, and some disgusting diseases which scemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to seeiety forbids that you should parade yourself around the world covered with pimples, blutches, nicers, sores, and all or any of the unclean diseases of the skin, because your system wants clean sing.

To PURTY THE BLOOD, they are the best medicine ever discovered: They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

LAVER COMPRAINT, JAUNDICE, and all Bilious Affections, arise from some derangement—either tori idity, congetion, or obstructions of the Livet. tori cility, congestion, or obstructions of the Liver. Toroidity and congestion vitiate the bile and render it unsit for dig stion. This is disastrous to the health, and the constitution is frequently underwined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stonech causes the bile to overflow into the blood. This produces Janudice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhea, prevails. Feverish symptoms, languar, low spirits, weariness, restlessness, and inclancholy, with sometimes in ability to sleep and sometimes great drowsiness sometimes there is severe pain in the side; the skin and the white of the eves become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious cole, bilious diarrhea, dyscritery, &c. A medium dose of three diarrhosa, dysentery, &c. A inclinate dose of three or four Fills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all) hese troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATISM, GOUT, and all Informatory Forces, are rapidly cured by the partitions effects of these Pils upon the blood and the signalise which they afferd to the vital principal of Life. For these and all kindred complaints they should be taken if mild doses, to move the bowels gently, but freely.

As a Dissur Prin, this is both agreeable and useful. No Pile can be made more pleasant to take, and certainly none has been made more effectual the purpose for whicher dinner pill is employed.
