The SUMNER "vandetta" has already lapsed into comparative oblivion notwithstanding the efforts of a few of his friends to galvanize Department of Common Schools of it occasionally by reports of the severity of his injuries. These are believed to be mere pretences to excite sympathy in his behalf, To the School Directors of Susquehanna County. and to veil his poltroonery. Seldom has there been an exhibition so craven and abject as that presented by the Massachusetts Bobadil, when the cane was applied over his head and shoulders by Col. Brooks. It was well for him that the cane was so brittle, as otherwise it would have been some time before he would have again disgraced the Senate by his classical vituperation and blackguardism.
