THE KANSAS RECORD.

From the Albany Evening Journal. Availing themselves of the fact that the rumors of the alleged death of Dr. Root, Gen Pomercy, and Mr. Mitchell, the shooting of Jones, and the killing of eight pro-slavery men," now prove to have been infounded, the doughfaces boldly characterize all statements of outrages in Kansas as 'Republican

That there has been falsehood as well as truth sent over the telegraphic lines by the Missourians who have charge of them, is unquestionable. But these false statements do not invalidate or diminish the real catalogue cured from cream or milk, exists in the of crune. Butter Making.

PDITOR OHIO FARMER. - Dear Sir: -In the 49d number of the current volume of the Onto Farmer. I observe an inquiry from Mr. Alden, on the subject of making butter from sweet cream. He affirms that "Agricultural books and journal tell us that butter cannot be made from sweet cream." And then declares that the life-long practice of his mother contradicts the teaching of the Books" on this subject. There is, perhaps no branch of domestic economy the theory of which is so little understood by these who practice it as the art of BUTTER MAKING. The first truth to be learned on this subject is, that butter is not made by churning! All

the butter that can, by any process, be proimpurities, or substances other than butter. In newly drawn milk the butter exists in the form of exceedingly minute globules, each wrapped in a very delicate membrane of chedsy matter (casein) and floating promiscuously through the fluid. If the milk be suffered to stand at rest for a few hours, butter being lighter than milk, the globules find their place at the surface according to be heated to 180 deg, and suffered to cool, March 30, 1855. Nearly four thousand the globules, swelled by the heating, their Missouriansagain invade territory, and repeat envelopes thickened by accumulating cheesy matter from the milk, will rise to the surface more rapidly and form a heavier and thicker coat of cream which, on being charned will yield more pounds not indeed of butter, but of a compound of butter, casein and sugar of milk, which has a very rich flavor when fresh, but soon becomes rancid and unfit for the table. But to the question of Mr. Alden. Churning is but the breaking of these globules, that the particles of butter may cohere together and form

a mass more or less solid. This at first would seem to be a mere mechanical action. but connected with it, or at least accompany ing it, are chemical changes, whose invariable presence leads us to infor that they constitute an essential part of the process. These are, first, an elevation of temperature, frequently October 2, 1855 .- Child killed while at amounting to 10 deg. if the "butter comes" play, by a shot fired by a Missourian at James rapidly. Are curing the Sick to an extent never before known of any Medicine. INVALIDS, READ AND JUDGE FOR YOURSELVES.

AJULES HAUEL, Esc., the well known perfumer, of Chestnut Street, Philadelphia, whose choice products are found at almost every toilet, says: Chestnut Street, Philadelphia, whose choice products are found at almost every toilet, says:

"I am happy to say of your Carnabric Pills, that I have found them a better family medicine, for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and coincide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but safe and pleasant to be taken—qualities which must make them valued by the public, when they are known."

The venerable Châncellor WARDIAW writes from Baltimore, 15th April, 1854:

"Dr. J. C. Ayra—Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and Billious headache, which has of late years overtaken mean the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which care; and I feel it a pleasure to commend you for the good you have done and are doing."

JOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co.,

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pecteral and Cathartic Pills." I am never without them in my smilly, nor shall I ever consent to be, while my means will procure them."

ever consent to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:

"Having used your Cathartic Pills in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, contiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe—qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best Cough medicine in the world; and those Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

Read this from the distinguished Solicitor of the Supreme Court, whose brilliant abilities have made him well known, not only in this but the neighboring States. Known, not only in this but the neighboring States.

"Sir: I have great satisfaction in assuring you that myself and family have been yery much benefited by your medicines. My wife was cured, two years since, of a bevere and dangerous cough, by your Cherry Pectonal, and since then have enjoyed perfect health. My children have several times been cured from attacks of the Influenza and Croup by it. It is an invaluable remedy for these complaints. Your Cathabatic Priles have entirely cured me from a dyspepaia and tostiveness, which has grown upon me for some years, indeed, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the inumerous remedies I had taken.

"You seem to us, Doctor, like a providential blessing to our family, and you may well suppose we are not unmindful of it.

Yours respectfully.

"Scrate Chamber, Ohio, April 5th, 1854.

"Senate Chamber, Ohio, April 5th, 1854.
"DR. J. C. Aver.—Honored Sir: I have made a thorough trial of the Cathartic Pills, left me by your agent, and have been cured by them of the dreadful Rheumatism sunder which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your Cathartic Pills. Yours with great respect,

LUCIUS 18, METCALE." The above are all from persons who are publicly known where they reside, and who would not make these statements without a thorough conviction that they were true,
