spirit will triumph. Free State settiers are going forward and are entering the Territory, though more slowly than could be wished but unless Free State emigration gets an active impulse soon, we shall see the South ahead, favored as it is, with the exclusive control of the Missouri River, and the use of governmental powers.

Let it be borne in mind, that all political efforts will avail nothing, unless, we have a majority of Free State men in that Territory, and keep them there; work therefore for Kansas while you work for Fremont, and at all your political meetings do not forget the starving thousands of freemen in that Terri-

We call upon the friends of Freedom to arise and out of their abundance to furnish the money immediately, to supply the wants of Kansas, and to strengthen the noble band of freemen who have patiently submitted to outrages, murders and robberies in that Territory, and who have nobly fought our battles for freedom. Men and women, Freedom's advocates, arise and let your committee know in a tangible form that you are defermined to aid them in this great work, and that Kansas shall be free.

THE ASSAULTS ON JACKSON. The venomous assaults upon the fair fame of Jackson by the Breedman men, continue unabated .-Thus, the Louisville 'Courier,' a leading Buchanan print in Kentucky, says:

"A private letter written by Jackson in 1845, just before his death, meanly vilifying David fost, Esq., in the rear of Henry Drinker's Buchanan, charging him with cowardice and falsehood, is shamelessly dragged forth to degrade Buchanan. The infamy of the affair rests upon Jackson for writing this letter, and next upon those who have brought it to light for political effect now for the first time. They who 'heap opprobrium mountain high upon the grave of Jackson, are ther who have dishonored him and degraded themselves by publishing the unfortunate private letter of the insanely vindictive old tyrant, who in this very letter, proved that, to the last, no touch of justice or magnanimity towards an opponent or rival ever entered his breast, and that his only use for friends was to make tools of them. If Buchanan had, in 1827, instead of faithfully giving truthful testimony, as he did, corroborated Jackson's charges against Clay, Jackson never would have written his infamous secret letters of 1845! We lielieve that history convicts Jackson of slandering Clay, and then convicts him of slandering Buchanan because he would not perjure himself by supporting the slander against Clay."
