"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly bald all my days; sometimes it came out in my face, and kept it for months a raw sore. endless variety of Patent Medicines, altogether too perfectly hurnless medicine. The certificate of the numerous to enumerate but suffice it to say that elebrated chemist, J.R. Chilton, of New York, to the public will find nearly every thing in this line, at this effect, is attached to every bottle; therefore if it these no good it can do no harm.

This is more than can be said of Quinine, Arsenic, or any tonic in existence, as their use is ruinous to the constitution and urings on Dumb Ague, which never allows a person to feel perfectly well for a single property. It illustration are these temps I will be a single property. gle moment. In illustration of these truths I aunex some extracts just received from a physician:

Chongerown, Ohio, March 17, 1856.

Jas. A. Rhodes, Fig.—Dear siv: Yours of 2d inst, is at hand. The Fure arrived late last year, and difficulty the in getting any one to try it was greatly increased from the fact that a remedy had been introduced which was growing into favor with the public, as being better than using Quinine—not knowing, I presume, that the remedy they used to escape Quinine, contained the payor track?

This remedy (known as "Smith's Tonic") would invariably thank an ago, but it did not come it, as it would often entury with renewal view. This one

thte a test comparison between it and your Cure.-The following is the result : Three persons took your "Cure," all of which were cases of "Quinine Hitermittent Fever" of many weeks standing. They had tried Quinine and other these cases with your remedy, and they have not had a chill since. In all three of these cases the "Smith's In short, the Physician, the Invalid, the House Tonic" had been used, and would, as before stated break the chill, but after a period or two had elapsed I think there will be no difficulty-now in giving Your "Cure" the vantage ground of any other remedy now in use here, &c. &c. WM. BUCKNER, M. D. RHODE'S FEVER AND AGUE CURE, or ANTI-DOTE TO MALARIA, the only harmless remedy in existence, is equally certain us a preventive as a cure. Take it when you feel the chills coming on, and you never will have a single one.
