FREEDOM IN THE SOUTH. - A letter in the New Orieans Bulletin, commended by the going to the House, if any southern member should vote for Fremont, he would be burnt at the stake by his constituents, on his arrival home! The Charleston Telegraph truly represents the feeling of the dominant power at the South in the following paragraph: "Let us declare through the public journals that the question of slavery is not and shall not be open for discussion: that the system is too deep routed among us an I must on its evils and immorality, and the necessity in the worst cases.

Your Cathabric Pills bave entirely cured me from a dyspepsia and costiveness, which has grown upon me for some years,—indeed, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous reme-

"You seem to us, Doctor, like a providential blessing to our family, and you may well suppose we are not un-mindful of it. Yours respectfully, LEAVITT THAXTER." "Senate Chamber, Ohio, April 5th, 1854.

"Dr. J. C. Ayen—Hopored Sir: I have made a thorough trial of the Cathartic Pills, left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your Cathartic Pills. Yours with great-respect, LUCIUS B. METCALE."

The above are all from persons who are publicly known where they reside, and who would not make these statements without a thorough conviction that they were true. Prepared by DR. J. C. AYER & CO.,

TONICS WON'T DO. THEY never did do more than give temporary reliet, and they never will. It is because they don't touch the cause of the disease. The cause oall ague and bilious diseases is the atmospheric poison called Miasma of Malaria. Neutralize this poison by its NATURAL ANTIDOTE, and all disease caused by it disappears at dace. Rhode's Fever and Ague carry on the Book Binding business-Public Avenue, Cure is this Antidote to Malaria, and moreover it is a Montrose, Pa. perfectly harmless medicine. The certificate of the this effect, is attached to exery bottle; therefore if it does no good it can do no harm.

This is more than can be said of Quinine, Arsenic, or any tonic in existence, as their use is ruinous to the constitution and brings on Dumb Ague, which never allows a person to feel perfectly well for a sin-gle moment. In illustration of these truths I annex some extracts just received from a physician: CEORGETOWN, Ohio, March 17, 1856. Jas. A. Rhodes, Fsq.—Dear sir: Yours of 2d inst. is at hand. The Cure arrived late last year, and difficulty the in getting any one to try it was greatly increased from the fact that a remedy had been intro-

duced which was growing into favor with the public, as being better than justing Quinine—not knowing, I presume, that the remedy they used to escape Quinine, contained the paug itself!

This remedy (known as "Smith's Tonic") would intute a test comparison between it and your Cure.—
The following is the result:

Three persons took your "Cure," all of which were cases of "Quinine Intermittent Fever" of many weeks standing. They had tried Quinine and other remedies, occasionally missing a chill, but it was (as | meal, candles, clover and timothy seed: n all such cases) slowly wearing them out and laying the foundation of other and severer maladies. I did Ithica Mills. succeed in effecting a radical cure of all three of these cases with your remedy, and they have not had a chill-since. In all three of these cases the "Smith's Tonic" had been used, and would, as before stated, break the chill, but after a period or two had elapsed it would return.

I think there will be no difficulty now in giving your "Cure" the vantage ground of any other remedy now in use here, &c. &c. WM. BUCKNER, M. D.
RHODE'S FEVER AND AGUE CURE, or ANTI-DOTE TO MALARIA, the only harmless remedy in existence, is equally certain as a preventive as a cure. Take it when you feel the chills coming on, and you never will have a single one.
