

REPUBLICAN TICKET.

FOR PRESIDENT, JOHN CHARLES FREMONT. FOR VICE PRESIDENT, WILLIAM L. DAYTON. ELECTORS.

The Union Electoral Ticket.

As it is probable that some misapprehension may still exist as to the nature and operation of the plan by which the friends of Fremont and of Fillmore are to vote for the same 26 electors, we propose to explain the arrangement in detail.

Charles Gibbons, Chairman of the Republican State Committee, in an address to the Republicans of Pennsylvania, thus speaks of the ticket.

The Electoral ticket nominated by the joint action of the State Committee, represents fairly the principles for which we contend. Every vote cast for that ticket...

The above plan of union having been accepted by the friends of Fremont and Dayton in Pennsylvania, and it being now settled that the great body of the Republicans will vote that ticket...

Table with 2 columns: County, 1854, 1856. Rows: Bradford, Tioga, Susquehanna.

His majorities in the different Counties are as follows: Bradford, 4,104; Tioga, 2,646; Susquehanna, 1,214—total majority, 7,964.

The WILMOT DISTRICT.—The glorious result in this District has filled the Republicans of the whole country with admiration. It is remarked, were all of Pennsylvania as enlightened, there would be no danger to the cause of Freedom.

It is true that we have done well, but cannot we do better? Bradford promises 500 larger majority in November—Tioga as many more.

ed, but did not fully carry out, a plan of instructing the delegates to the County Convention to vote in the Convention for particular individuals for candidates for County offices.

It cannot be necessary to spend further time in explanation. We trust that we shall be enabled to say of the Republicans of Susquehanna county, as heretofore, that they have nobly done their duty.

Such 'last cards' will hardly avail, in these days, to deceive the people.

The Toombs Bill.

The many false pretenses that have been set up by the hypocritical allies of the Slave Power, in favor of the Kansas bill introduced into the U. S. Senate by Mr. Toombs, of Georgia, have induced us to republish that bill, and it will be found in another part of our paper.

By reference to the provisions of the bill it will be seen that the pretense that it repeals the obnoxious legislation of the Border Ruffian code, the removal of Gov. Reeder, the blockading of the Missouri river, the persecution of Free Settlers both by Border Ruffians and United States civil officials and military forces, the refusal of Congress of the application of the citizens of Kansas for its admission as a Free State, all are parts of a preconceived scheme which has for its object the conversion of that once Free Territory into a Slave State.

It is now pretty well understood that John P. Sanderson, whose organ the News is, sold out his party as far as he could, to Forney, the chairman of the Buchanan State Committee, before the State election, and he is now attempting, in pursuance of their bargain, to divide the anti-Buchanan forces, and give the State to the Slave Democracy.

Here is a direct bid, by the head of the Slave Democracy organization in this State for Fillmore votes, on the ground that the Fillmore like the Buchanan party is "national," that is, pro-slavery.

The News seems to feel very much like Forney about the matter. It says: "Remember, Americans, that all who vote the Union Electoral ticket, vote for Fremont and Fillmore."

Remember, that if by your aid John C. Fremont obtains enough of the Electoral vote of Pennsylvania to make him President, you will betray the cause of the Union.

By the cause of the Union in the above we are to understand, in the light of Fillmore's Albany speech, the cause of slavery-extension, which the nigger-drivers make the sine qua non for the preservation of the Union.

Under the circumstances, when a portion of the Fillmore men are "boldly and publicly" as Forney expresses it, co-operating with the Buchanan in favor of the Slave Power, and there is a probability that others of the Fillmore men may co-operate with the Republicans in opposition to the Slave Power, only one consistent course lies open for a sincere friend of Freedom and Liberty, and that is, to labor, by all honorable means, for the election of the ticket headed with the name of John C. Fremont.

BORDER RUFFIANISM.—At the October election, an example of Border Ruffianism occurred at the Bridgewater polls that ought to be noticed. Joseph Ely, a voter in that Township, was approaching the polls to deposit his votes, which he held in his hand, when Patrick Crossen, an Irishman, deliberately reached over and snatched his votes from his hand.

President Pierce's Commissioners) the election would again have been carried by fraud and violence. That by the provisions of the bill, would have closed the scene. No necessity for further invasion, for the die would have been cast, a slave constitution adopted, and without any further action of Congress or the people, Kansas at once becomes a Slave State in the Union, and another vast region—once covenanted to Freedom forever—is surrendered to Slavery.

For the Republican.

Each voter will by his vote approve or condemn the surrender of the government to the Border Ruffians.

Each voter will by his vote express his approval or disapproval of the policy of annexing Cuba and Central America, to increase the number of Slaves and Slave States in the Union.

Each voter will by his vote express whether he desires to preserve the vast Territories of the West for Freedom, or to yield them up to Slavery.

Each voter will by his vote express whether he is in favor of the Christian doctrine of "doing unto others as you would that they should do unto you," and of the Democratic doctrine that "all men are of right free and equal" or of the doctrine of monarchs and tyrants, that might makes right, and that the laboring many must forever be the vassals and underlings of the idle few.

Each voter will by his vote aid to consign this government to the control of a Slave-driving despotism, or to reduce it from that despotism and make it worthy the glorious name our fathers won for it, as "the Land of the Free."
