For the Republican. AIR-The Girl I left behind me. Come let us join in freedom's cause, And tell the world the story,

To bond and free, that all may see, -In state and territory. We are mited in the cause Of freedom's fame and glory; We firm will stand, a chosen band, In state and territory.

Fremont's the man to lead the van, And quell the ruffian's glory, And rule with justice through the land, In state and territory. And Dayton too is firm and true : We soon will tell the story

Of Charlie and of Dayton too. In state and territory. The ruffian band that's in our land. With hands all stained and gory, Must hide their heads in fearful droad,

In state and territory. And freedom reign throughout the land, From Maine to California, And harmony our theme shall be, In state and territory.

Let tyrants hide their heads with shame To hear the freeman's story; All are born equal and are free, In state and territory.

Farewell to tyrants and their rule, Sound freedom's fame and glory; .And let the sound now echo round Through state and territory.

REPUBLICAN PLATFORM.

Adopted by the Republican National Con-VENTION PHILADELPHIA JUNE 1856.

"This Convention, of Delegates, assembled purpose of presenting candidates for the of- tion and of the Union. fices of President and Vice President.

Resolved, That the maintenance of the principles promulgated in the Declaration of Independence and embodied in the Federal gusta (Ga.) Chronicle, Mr. Toombs, in a late Constitution, are essential to the preservation of our Republican Institutions, the federal constitution and the rights of the States, and

the Union of the States, shall be preserved. Resolved. That with our Republican Fathers we hold it to be a self evident truth that all men are endowed with the inalignable right to life, and liberty and the pursuit of happiness, and the primary object and ulterior design of our Federal Government were to secure those rights to all persons within its exclusive jurisdiction; that as our Republican Fathers, when they had abolished Slavery in all our National Territory, ordained that no person should be deprived of life, librty or property without due process of law. it becomes our duty to maintain this provision of the Constitution against all attempts to him, while going through the cars, the followviolate it for the purpose of establishing Slavery in the United States by positive legislation, prohibiting its existence or extension therein. That we deny the authority of Congress of a Territorial Legislature, of any individual or association of individuals, to give legal existence to Slavery in any Territory of the United States, while the present Constitution shall be maintained.

Resolved, That the Constitution confers upon Congress sovereign power over the Territories of the United States for their government, and that in the exercise of this power it, is, both the right and the duty of Congress to prohibit in the Territories those twin relies of barbarism-Polygamy and Slavery. Resolved, That while the Constitution

the United States was ordained and establish. ed by the people in order to form a more perfect Union; establish justice, insure domestic tranquillity, provide for the common defence, and secure the blessings of Liberty, and contains ample provisions for the protection of the life, liberty and property, of eve ry citizen, the dearest constitutional rights of the people of Kansas have been fraudulently and violently taken from them: Their territory has been invaded by an

armed force; Spurious and pretended Legislative, Judi cial, and Executive officers have been set over them, by whose usurped authority, sustained by the military power of the government, tyrannical and unconstitutional laws have been

enacted and enforced; The rights of the people to keep and bear arms have been infringed; Test oaths of an extraordinary and entangling character have been imposed as a condi-

tion of exercising the right of suffrage and holding office: The right of an accused person to a speedy ly cured. and public trial by an impartial jury has been

of these atrocious outrages, and their accom-

Fremont and Freedom vs. Buchanan and Slavery.

It would be difficult to present in briefer space, or in more clear light, the positions of the two leading candidates for the President cy than they have done it themselves. We therefore copy Col. Fremont's brief address to the Massachusetts Delegation, two days after the nomination, and Mr. Buchanan's address to the Keystone Club, and compare Reaping Machines, of six or seven different Patentthem together:

This delightful Wine combines all the high medicinal properties of the Dandelion, Sarzaparilla, Yellow Dock, Wild Cherry, and certain other plants, whose virtues are ten times more effective as medical agents. So pure and concentrated are the medicinal properties of this Wine, that it has been found the most effective medicine now in use. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persens of such exalted position and character as to forbid the suspicion of untruth. the purging and puritying effect of these fills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclear diseases of the skin, because your of the unclear diseases of the skin, because your system wants cleansing.
To Purify the Blood, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making everywhere.

LIVER COMPLAINT, JAUNDICE, and all Bilions LIVER COMPLAINT, JAUNDICE, and all Bilious Affections, arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by noother cause. Indigestion is the samptom. Obstruction of the duet which emptres the bile into the stomach causes the bile to overflow into the blood.—This produces Jaundice, with a long and dangerous trained, evilsy. Costiveness, or alternately costiveness and diarrhea, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes in ability to sleep, and sometimes great drowsiness sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow: and the white of the cres become a greenish yellow: the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious which may thin to binds level, minds cone, on and diarrhora, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents. ters, are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principal of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely. As a DINNER PILL, this is both agreeable and useful. No Pill can be made more pleasant to take,

and certainly none has been made more effectual to the purpose for which a dinner pill is employed. PREPARED BY DR. J. C. AYER & CO.. Practical and Analytical Chemists, LOWELL, MASS.,
