REPUBLICAN TICKET FOR 1860. TOR PRESIDENT, JOHN CHARLES FREMONT. FOR VICE PRESIDENT, WILLIAM L. DAYTON.

THE INDEPENDENT (REPUBLICAN FOR 1857.

The Third Volume of the INDEPENDENT REPUBLICAN with the pulitics he has adopted. You may vill commence in January 1857. The paper, which has already acquired a large circulation and become established on a permanent basis, will receive the increased attention of the Editors during the ensuing year, and their endeavor will be to improve it in evory-department, so that, if it has heretofore deserved the commendations of the press and of its subscil-bers, it will becafter still better deserve them. The circumstances under which the INDEPENDENT

REPUBLICAN was established were there: The rapid and daring energy chments of the Slave Power had - culminated in the parage of the Nelvoska-Kansas ! Act, thereby exciting the most isterse indignation among freedom-loving ĉitizens of all fortice; and all in whom patriotism predominated over partisanship felt that the time for a union of freemen to resist the aggressions of Slavery had arrived. In the Autumn of 1834, the freemen of Susquehanna County, without distinction of party, mot and organized the Re- former location, as if for the purpose of dispublican party, (heing the first organization of the kind in this State,) for the purpose of maintaining those principles of liberty transmitted to us by the very indignant. fathers of the Republic, in the Declaration of Independence and the Constitution of the United States. How the party has increased in magnitude and power since that time, the history of the country can tell. On its first trial of strength on the national arena, it has almost overthrown the once lavincible and fully for the same reason as the other. grounded hopes of the speedy triumth of the principles of freedom, justice, and hamanity. In January succeeding the organization of the Republican party in this County, the publication of our paper was commenced, to advocate the principles of that party. It met with a generous welcome, and we trust was not without its influence in aiding to build up the noble Post office: organization which carried the Wilmot District for Fromont by more than hine thousand majority, and returned Galusha A. Grow to that seat in the House

which he fills with such high honor to himself and his constituents. To the support of that organization, while it remains true to the cause of freedom, we shall continue to devote our best energies; and we are convinced that it is only required to have the tain meddlers in Montrose-seems determin-Republican principles fally understood by all to give ed to thake the Post office arrangements in the party greatly increased strength among the masses of the people; for the voter who casts his ballot | Susquehanna county as inconvenient as posfor no purpose of selfish-aggrandizement, but for his sible. no more than fair that Republicans should sustain the Republican press to the exclusion of the pro-slavery or doughface press, and, of literary periodicals, those that show a lean. ing towards freedom, instead of those that lean towards Niggerdom. Of the so-called neutral papers that habi-

mention the "Philadelphia Ledger" and "Dollar Newspaper." And judging from sued at New York, we have here presented faces :

" Harper's Weekly, a Journal of Civilization, has appeared. It opens with a long, but very dull, lumbering and clumsy apology for the election of Mr. Buchanan. That event sleepily expressed. The whole Journal of Civilization is of the same heavy, uninterestsence of newspaper sense, as if the editor had made the worst of his material. Unless our new contemporary wakes up he can't get on succeed as the apologist of Border-Ruffianism, Ostend Manifestoes, and any other political niquity; but for that you must be smart, lively, entertaining, and not prosy, monotonous and tedious. The first number of the new paper is a decided failure."
