These facts indicate the path of pressing daty. These facts indicate the public of pressing data With no unmanly replained over what is irreversible --with no abstement of theart or hope because the triumph of Liberty in her new ordeal is not won ist the Long Ishaid and White Pislaw of the structure with no shadow of regrest that the repossibility of governing is not coulded to her champions before the People were fully ready to sustain them --we be-gin afresh the work of diffusing that vital truth which in regrint to the concerns of this world as well as of the reat, unlies Free indeed. Slave Rower's heyday of victory, when its minister and servitors are gathering and plotting to make the most of their triumph and "crush out" the spiris which they vainly believe to be crucified and entomb-ed—now when the faint-hearted or cold hearted who lately basked in the sunshine of our premature hopes are hauling off: to repair damages and talking of abandoning the rugged arens of Politics for norm-quiet and flowery fields--now, in this hour of wear-ness and shallow. The TAIBUNE renews its rows of eternal hostility to every form of tyrinny over the bodies or souls of men--to the shameful assumption that the benighted and feeble, whether in soul or body, are to be regarded and treated as the conven-ience or the prey of their wiser or stronger breth-ren-to the domination of despots and oligarchas

whether of empires or plantations to the enslavers of cities and kingdoms in Europe or the breeders of children for the auction-block and the cotton-field in

The doctrine that no human being was ever creat-ed for the benefit or advantage of another-that all service between wan and man should be free and reciprocal-that the laborer should not toil and aweat; to pamper others' pride or minister to others' larger, but, for the sustemnice and confort of those near and dear to him is destined to certain triumph. They are busy today in lengthening their cords and strengthening their stakes with a vigilance and activity which reveals a consciousness on their part that their dominion must be made says for highly or their sceptor will have forever departed. The Kentucky Election is alleged by the Louisville Journal to have been carried by the grossest fraud. In one hundred counties the votes polled are equal to nincty per cent of the whole number of white males over twenty one years of age, while it is well known that more than ten per cent. of the Slavery Congressman. The new Democratic white males of adult age are not voters. In Lynn county every one of the required age seems to have voted, and in Larue county lifteen more than the official aggregate. In view of these facts, the Journal calls for the enactment of a registry law.
