When the convention was declared open to receive nominations for the office of Co. Superintendent, for the next three years,

O. Mott, jr. nominated B. F. Tewksbury of New Milford.

A. P. Stevens nominated S. H. Taylor, of Springville.

Miles Sherwood nominated N. Shoemaker, of Rush.

Walter Watson nominated J. W. Walker, of New Milford.

Thos. Johnson nominated A. O. Warren, of Montrose.

Peter Hay nominated Emmons Davis, of Auburn.

The convention then proceeded to ballot for the different candidates with the following result, upon the first ballot:—B. F. Tewksbury received 29 votes; S. H. Taylor, 4; N. Shoemaker, 5; J. W. Walker, 3; A. O. Warren, 14; Emmons Davis, 2.

B. F. Tewksbury having received a majority of votes over all the other candidates, was declared elected.

The convention then proceeded to establish the amount of salary to be paid yearly to the Superintendent.

A motion was made to fix the amount at $200. An amendment was offered fixing it at $600, and another fixing it at $800. A vote was taken upon the last amendment, which resulted in 15 Ayes, to 47 Nays.

Several other amendments were then offered and some confusion prevailed, when a motion was made to lay the original motion and all amendments upon the table, which was carried by a vote of 58 Ayes and 6 Nays.

A motion was then made to fix the salary at $600, and an amendment offered fixing it at $400. A vote being taken upon this amendment, it resulted in Ayes 20, and Nays 44. A vote was then taken on the original motion, and the salary was fixed at $600, by a vote of 39 Ayes, and 24 Nays.

Mr. Tewksbury then invited the Directors present to partake of refreshments at either of the hotels in town at his expense; after which, on motion, the convention adjourned *sine die*.

The Liver.—There is, perhaps, no organ of the human system so important, and none so liable to become deranged, as the liver. It is this organ which secretes the bile and cleanses the blood from all impurities. But no sooner does it cease to perform its functions than noxious particles are absorbed and carried into the blood, which disorders the whole animal economy, subjecting us to be attacked at any time by some disease or other. On the other hand, while the liver continues in healthy action, we need have no apprehension of sickness of any kind. Of such vital importance is the healthy action of this organ, that the attention of the wisest physicians has been attracted to the subject, but not until the discovery of Dr. HALSEY'S FOREST WINE and PILLS, has any remedy proved a specific. Thousands are more or less affected with derangements of the liver; but the disorder comes on so gradually that we are but seldom aware of its existence until the blood becomes so impure that other disorders, more dangerous in character, begin to threaten us. Dr. Halsey, of New York City, by whom the celebrated Forest Wine and Pills were discovered, assures us that his remedies will not only cure the liver complaint, but will prevent many other disorders which proceed from a disordered state of this organ. We understand that the Forest Remedies are for sale by ABEL TURRELL, Agent, and all respectable druggists throughout the country.

The aggressions of slavery as a political power, and the efforts making to give it a national endorsement as a part of the constitutional law of the Union, will be firmly resisted, while it will maintain, in all their integrity, the rights of every portion of our common country. The policy of the free States must be self protection, not aggression, and it will be the aim to carry this out in a fraternal spirit.
