Patrons and Friends.

NEARLY six years since, with scarcely a word of encouragement, and in the face of a long established, and monopolized opposition, a comparative novice in practice, without reference, and destitute of the prestige of Professional Fame, I ventured myself upon your generous indulgence and support. Your prompt and liberal patronage at once exceeded my expectations, and laid me under obligations of gratitude which I shall not soon forget. Since my return from College, I have been constantly receiving renewed and most cheering tokens of the public confidence, in a largely increased patronage, for which I am renewedly grateful. I feel that it is due both to myself and my patrons, that I seek the highest degree of scientific knowledge and practical skill in my most useful and ornamental Art, and rest assured, friends, I shall spare neither toil nor money, in the pursuit of this my cherished purpose. I mean to keep "posted," in all the valuable improvements of the Profession, so as to perform all the operations in its various departments, as carefully, neatly, permanently, and painlessly as the *best of them*. Decayed and tender teeth I can *now* excavate and plug *without pain*. I am doing it almost daily. I insert plate teeth in four different modes. My charges are moderate. I employ no "stool pigeons," hire no editorial "puffs," ask no man or woman to "puff" for me, don't run about town to show up and brag up my jobs, but *endeavor* to make *friends* of all my patrons, by my "good works," and trust to these, to commend me. Upon my merits I stand or fall. Office over Wilsons Store, in the west end of the Brick Block.

Yours, gratefully,
C. D. VIRGIL. Resident Dentist.

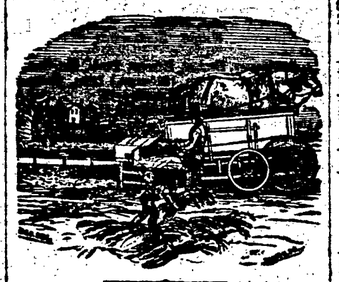
P. S. For sale cheap for cash, payable before September next, Two or Ketchum's Light two Horse Mowers, with four foot cutter bars, well adapted for rough land, and are well calculated to please the farmer. [1m] R. M. W. & B.

Attention Farmers.



THE subscriber is prepared to furnish you with agricultural implements, of various kinds. Among the most noted, are Wheeler's Patent Endless Chain Railway Horse Powers and Threshers, Lawrence Saw Mills, Drag Saw Mills, Clover Hullers, Hay, Straw and Corn Stalk Cutters, Hedge's New Agricultural Steam Boiler, Hedge's New Portable Sugar Cane Mill, the Crescent Mill, adapted to grinding all kinds of grain, also grinds corn in the ear as fine as may be desired. This mill is run by a belt attached to various kinds of powers, and is very cheap. The Little Giant, and Double Giant, (double coned,) Corn and Cob Mill, unsurpassed by anything of the kind, and should be owned by most of Farmers. In regard to Wheeler, Melick, & Co's Threshing Machine, I have used and sold them for the last six years, and know them to give entire satisfaction, far surpassing any other threshing machine ever used in Northern Pennsylvania, with which I am acquainted, either personally or by reputation. I can furnish a few of the Emery machines to those who may desire them, at something less than cost, and can refer you to those who have used threshing machines of different kinds.

All machines sold by me I warrant, except the last mentioned one. All are warranted by the Manufacturers to me. You will find it to your interest to give me a call, before purchasing elsewhere.

It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from $3 to $20 per acre, payable by instalments, to be located at the time of purchasing, or a share of 25 acres entitling to locate the same for $300, payable $5 per month or 12½ acres payable $4 per month. Discount for every sum of $100 and under, paid in advance, a discount of 5 per cent. will be allowed, and for over $100 a discount of 10 per cent.
