DIED.

In Harford, on the 20th inst, Mr. John Grahan, in the 85th year of his age. Mr. G. was a native of Stelling Shire, (Scotland,) and migrated to this country in September, 1803. For forty-five years he lived Harford, and by his sterling virtues and consistent dirictian department won the respect and esteem of all who knew him. His last illness was very protracted and painful, which he bore without a murmur, and died tranquil as he had lived, in the full assurance of a blessed immortality beyond the grave

he seccived, and the premiums awarded at the meeting of the seciety in January. The executive committee in presenting the foregoing premium list, would take occasion to remark, that is has been thoroughly revised and extended to the atmost limits of the society's means, in order to give

the greatest encouragement to competition.
On a full consideration of the subject, it has appraced to the Committee, that it would, be more in accordance with the object for which the society was instituted, rejoinit all special premiums for grain or root crops, as they have a tendency to encourage an uniue share of attention to those particular objects, to the neglect of the general interests of the farm. But in lien thereof, premiums are offered for the "the main object; as it is the best general management which deserves commendation, whether it be a large or small farm. It is highly creditable that the interest in the An

and Fair continues to increase, thereby showing that he public appreciates the usefulness of the society in promoting the prosperity of the County. Thos. Nicholson, | Executive F. M. WILLIAMS, Committee ALEXED BALDWIN, N. B. A track will be prepared on the Fair ground

Patrons and Friends. JEARLY six years since, with scarcely a word of encouragement, and in the face of a long estab lished and monopolized opposition, a comparative novice in practice, without reference, and destitute of the prestige of Professional Fame, I ventured myself upon your generous indulgence and support. Your prompt and liberal patronage at once exceeded my expectations, and laid me under obligations of grati-tude which I shall not soon forget. Since my return from College, I have been constantly receiving renewed and most cheering tokens of the public confidence, in a largely increased patronage, for which I un renewedly grateful. I feel that it is due both to myself and my patrons, that I seek the highest 'de-gree of scientific knowledge and practical skill in my nost useful and ornamental Art, and rest assured, most useful and ornamental Art, and test useful, friends, I shall spare neither toil nor money, in the pursuit of this my cherished purpose. I mean to keep "posted," in all the valuable improvements of the Profession, so as to perform all the operations in its carious departments, as carefully, neatly, permanents, and painlessly as the best of them. Decayed and tender teeth I can now excavate and plug without poin. I am doing it almost daily. I insert plate teeth in four different modes. My charges are modcrate. I employ no "stool pigeons," hire no editorial "puffs," ask no man or woman to "pipe" for me, don't run about town to show up and brag up my

jobs, but endeavor to make friends of all my patrons, by my "good works," and trust to these, to commend my. Upon my merits I stand or fall. Office over Wilsons Store, in the west end of the Brick Block. Yours, gratefully, C. D. VIRGIL. Resident Dentist.

Wool! Wool!!

THE highest market price paid in Cash for Ten thousand pounds of wool by Gibson, June 24, 1857. HAWLEY & GUILD. TO THOSE WHO WANT FARMS. A Farm Within the Reach of Every Man.

THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or ourchase a home can do so.

The Farms consist of the best limestone soil of the The Farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk County, Fennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west fever is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per aree, payable by instalments, to be accepted at the time of nurclusing or a share of \$5. to \$20 per acre, payable by instanments, to be socated at the time of purchasing, or a share of 25 acres entitling to locate the same for \$300, payable \$6 per month or 12½ acres payable \$4 per month. Discount for every sum of \$100 and under, paid in advance, a discount of 5 per cent. will be allowed, and for over

\$100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality, the following are presented:

First.—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this set-tlement has attained its present great prosperity.

Second—It is the centre of the great North-West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to population and travel the greatest in the Union.) It has five workable veins of the best Bituminous Coal, amount-

ing in the aggregate, to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the band of inestimable value. The eminent state geologist, Dr. Chas. T. Jackson, of Boston, has made a geological survey of the land, and analyzed the coal, the iron ore and the limestone. This report together with maps will be furnished to

Fourth.-Three railroads are laid out through this property. The Sunbury and Erie Railroad gives us a market for our coal to the lakes—it runs from Erie o Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Erie towards our land in the western direction, the means for the completion of which has been raised—it will soon be finished. The Alleghany Valley Railroad connects us with New York, Boston and Pittsburg. The Venango Road connects us with the West through this property, various other roads have been

There are already good Turnpike Roads running opened to accommodate the emigration and settle nent which has already taken place. There is no opportunity equal to it now offered to the man who wants to provide himself a home in an casy way, and make a settlement where he can live in prosperity and independence in a climate PER-FECTLY HEALTHY.

All stoyes warranted in overy the world, has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, saw mills, grist mills, and everything desired. There is a cash market at hand. The lumber trade last year amounted to over two hundred million feet of lumber. In a Brass and PorcelainKettles, and all kinds Jappaned short time, owing to the coal, it will become still Ware. more valuable, as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a compe tence by the rive which will take place in the value of land. By an outlay scarcely missed, a substantial provision can be made.
