From Utah. A letter dated Fort Kearney, Sept. 5, received in this city yesterday, states that a party of returning Californians, who passed through Salt Lake on the 25th of July, report that the evening before they left that city the Mormons arrested Mr. Wilson. whom the late Surveyor-General Burr left in charge of the office, and, with a rope around his neck and a pistol at his breast. compelled him to answer several questions which they propounded about Bell, Mogo,

They also say that the Mormons were maconceal their hostile intentions. He further said that provisions for the army would come into the valley, but the troops would never enter Salt Lake City.

Two companies arrived at Fort Kearnev on the 5th of September, en route for Salt Lake, and the Fifth and Tenth Registrents of infantry were at that time at Fort Laramie, for the same destanation. The writer of the letter says that Col.

A New Secret Society .- It seems that there is in existence in the city of Philadelphia and perhaps in other places, a secret political association of Irish Democrats, known as "Molly Maguire." It is alleged that they exercise a controlling influence in the movements of the Democratic party, and mould the action of the nominating conventions of that party to suit their own ends. They work under the ostensible name of the "A merican Benevolent association." The Bul-"We do not know how the members are

Mormon Movements.—There is a very general apparent breaking up among the Mormons in this Eastern section of country .we have already noticed the discontinuance of the Mormon newspaper published in this City, and the suspension of religious worship at their usual place in Broome-street. We have also that, last Sunday, at their head quarters, at Tom's River, N. Another Submarine Telegraph.—Another link of submarine telegraph communication has just been laid. France is now united to her colony of Algeria.
