A MURDEREE CONVICTED. Francis Burns, who was arrested some two or three weeks ago, in the vicinity of Pittston, for the mur-der of his wife, was tried last week at Wilkes-Barre, and the Jury on Saturday, after retiring for about thirty minutes, rendered a verdict of "murder in the second degree."

This crime, of which Burns is convicted, we believe is punished by imprisonment of not less than ten years. It was an aggravated case, and we are somewhat surprised at the result .- North Branch Democ at

Acquisition of Cuba - The well informed correspondent of the New York Courier and Enquirer, states that Mr. Buchanan is busy with the preparation of his Message, and conjectures that it will disclose some important particulars in regard to the acquisition of Cuba which is said to be a "darling object" with him. While Secretary of State under Mr. Polk, he caused \$150,000,000 to be offered for that island—more than was paid for the whole amount of public lands—a fact which was for six years kept from the knowledge of the public. It is represented that important negotiations of a startling characlight through the Message.

FATE OF THE MASSACHUSETTS "STRATORTS." The Boston correspondent of the Springfield Republican, answers the general inquiry as to the fate of the straight Republicans (who refused to vote for Banks) by referring to a picture by John Leech, the illustrator of Punch. A little boy is holding a big dog by the Cilar. Three young ladies approach, and this dialogue ensues: Boy-"If you please, m', was you looking

for a little dog?" Young Ladies-"Yes! oh yes!" Boy-" Was it a spannel, mum? Ladies-"Oh yes, a most beautiful little spannel, with very long ears!"

Boy-" Ah, then, mum, it's the same as flew at master's hig dog here, wot's bin and swallered of it!" IMPORTANCE OF ONE VOTE -On this point the Albany Journal says :- "The official vote

of the 1st Assembly District of Onondaga, shows that Frazier, Republican, is elected by one vote! The Assembly is so closely distronger commentary than this fact, on the importance that attaches to the action of every single Voter on Election Day."

We have the best Stove for burning onal, constructed on the diving fine principle, ever made and at a very moderate price, five principle, ever made and at a very moderate price.

We would take this opportunity of reminding our friends who are solicited to purchase their Stoves of Hawkers and Fediars, that a moments reflection will convince them that it is very poor economy to do so. It is a well established fact that the cost of seiling Stoves by pedding them about the country, is not less than diffeen per cent, and generally as high as twenty, to say nothing about bed debts, and cost of collections. Of course this extra expanse comes out of the pockets of the purchaser.

In consideration of the above facts, we offer our entire
