## THE POSITION OF GOV. WALKER.

THE following letter from the Hon. Robert J. Walker to the anti-Lecompton Democratic Convention, held in Indianapolis on the way, subject only to the Constitution of the 22d ult., did not appear in the regular report of the proceedings, but has since been December message admits that the terms puplished. It will put to rest all doubts concerning Gov. Walker's position:

Washington, Feb. 20, 1858. Austin H. Brown, Esq., Chairman, &c. Sir: Your letter in behalf of the Committee, inviting me to address the mass meeting of the Democracy of Indiana on the 23d of this month at Indianapolis, has been received. It is true that the President, in his message, most frankly concedes, not only that his instructions to me as regards the submission of the Constitution were "general and unqualified," but also that he then supposed stitution for ratification or rejection of a vote of the people. This, with me, was a vital question, embodying the only fair, just, people of and constitutional method of settling the difficulties in Kansas.

These pledges, and these alone, it is the Revolution is not extinct in their boots.

And why should they not now be redeemed? For myself, these pledges have been latest hour of my existence. These were pledges well known to the President and all his Cabinet. They were pledges given by me in good faith, and any abandonment of them on my part, after the people had accepted and acted upon them, would be to cover myself with infamy and dishonor .-Whatever then may be the action of the wavering, timid or corrupt, menace and proscription have no terrors for me. Dr. Atz: Your Fills are the perfection of medicine. They nave done my wife more good than I can tell you. She had been side and pluing away for months. Went off to be doctored at great expense, but got no hetter. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife tured him with two doses of your Pills, while others around us paid from fee to twenty dollars doctors tills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Patamastes Indigestion and Impurity of the Blood. Indigestion and Impurity of the Blood-From Rev. J. Hoxoren, Sir. I should be ungrateful for the relief your skill has brought me if I did not report, my case to you. A cold settled in my limbs and brought on excruciating neuralge pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA, 5 Dec., 12855.

Dr. ATER: I have been entirely cured by your Pills of Rheumatid Gout—a painful disease that had afflicted me for years.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deartness, and Partial Blindness, have been arred by the attentive action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautions use. These contain no mercury or mineral substance whatever.

and for the relief of consumptive patients in advanced stages of the discuse. We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the Amorican States, its wonderful cures of pulmonary complaints have male it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the threat and lungs. While it is the most proverful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be chapleyed for in fants and young; persons. Parents should have it in storn against the insidious enemy that theals upen them unprepared We have abundant grounds to believe the Carrant Parronar saves more lives by the consumptions it prevents than those is cures. Keep it by you, and cure your colds while they are cuts. Seep it the puntil no human skill can master the inexerable canker that fastened on the vitals, acts your life away. All know the dreadful fatality of lung disarders, and as they know toothe virtues of this remedy, we need not do more that assure, them it is still made the best it can be. We spare not only no care, no toil to produce it the most perfect pessible, and thus afford those who rely on it the best agent which our skill can furnish for their cure?
