SANDS, NATHANS, & CO'S AMERICAN CIRCUS: And Great Elephant Exhibition.

MIE fame of this unexampled establishment ha . of course penetrated to this section of the United States long since, and the Managers have the pleasure of bringing their Star Artists, and Star Animals bodily before this community that they may be assured that all which has been said of their almost incredible for the result of their almost credible feats in really true.

Six Trained Elephants! Antong which are the unparalleled Performing Elephants, Victoria and Albert, are prominent in the entertainments. Among their performances are the following: they Ascend an inclined Plane 30 feet long and but 9 inches wide, and one of them, at the summit, ten feet from the ground, Balances Himself on his Head! They evince their superior training and sagacity, also, as well as the Musical gacity, also, as well as the Musica susceptiblity of their remarkable species, by keeping perfect time with mu sic, when they Waltz, Dance singly March, Execute Feats of Gymnastics Posturing, and Play on the Hand Or an ! Nothing like these original exploits has ever before been taught to nimals originally wild. That animal so ponderous and generally considered clumsy, should enact such deeds hith erto regarded physically impossible to them, may well excite incredulity.— But these statements are facts; Mr. Richard Sands, the well known senior

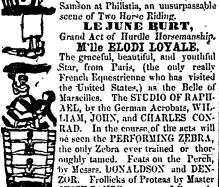

proprietor, outbid all competitors at the great sale in Paris, where they were performing at the Port St. Denis.
They cost him an enormous sum, but expensive venture was warranted. THE CALIOPE!

Or Mammoth Stean Memnoncon, is another great wonder of this Show. It is the most powerful and Melodions of all Musical Instruments, cost \$6,060, and is capable of playing any musica composition, either Operatic or otherwise. It is sup-plied with steam, by an Engine, and an accomplished Artist presides at the keys, which are like those of the Piano. The voice of this Musical Marvel may be distinctly heard for ten or twelve miles. It has created an intense sensation wherever heard, and is the climax of all modern Musical Inventions. Two Gorgeous and Capacious Charlots contain the Mem-

and Steam Engine TWELVE SHETLAND PONIES Of distinguished beauty, and perfect training, accom pany this Show. Their performances have never equalled. They were imported by Mr. R. Sands, and have an equal fame in Europe and America.

THE CIRCUS CORPS! Includes the following inimitable Artsts, whose achievements embrace the cenes appended to their name: J. J. NATHANS, Samson at Philistia, an unsurpassable scene of Two Hore Riding. LE JUNE RURT,

RAD. In the course of the acts who be seen the PERFORMING ZEBRA, the only Zebra ever trained or thoroughly tamed. Feats on the Perch, by Messrs. DONALDSON and DENZOR. Frollicks of Proteas by Master JESSE SANDS, a scene of Dramatic semanship, in which he cnacts several characte n changing costume. Master PHILO NATHANS, Summerset Riding, and Monkey Act on Two Ponies Horse and Globe Act, by WILLIAM CONRAD. SAM LATHROP!

The "Gentleman Clown," who will give his Stump Speech, Comic Songs, Law Speech, Story of his Ad-ventures throughout the United States, for the last 29,816 to JAMES BURT, the irresistibly Comic "People's Clown." Tumbling, Vaulting, etc., by the en-tire Troupe. A Spectacle, in which all the Famed

Few similar institutions in this country combine so many advantages for the successful treatment of invalids. The location is beautiful, house new and commodious. The rooms large, airy, well furnished, and every way arranged with a view to the health and comfort of their occupants.

The Physicians, Dr. Thayer and Wife, have had twelve years experience in treating diseases. Hydropathically, (the last eight at Binghanton.) during which time they have treated successfully thousands of sick persons, many after their diseases had been pronounced fatal by eminent physicians. In addition to the patients at the "Cure," they have a large-practice in the village and surrounding country, which makes them familiar with the treatment of diseases of every grade and character. They planned, built, and own the "Binghamton Water Cure," consequently it is under their entire control and managequently it is under their entire control and manage-
