REPUBLICAN MASS MEETING.

The Republicans of Susquehanna County will hold a Mass Convention at the Court House in Montrose, Monday Evening, April 11th, '59.

This season we believe has been favorable for making maple sugar, and a considerable quantity of that article has been made in Susquehanna County.

A correspondent writes us a long letter from Annet, complaining that he has been unjustly treated by the Hon. Lord of Old-Follows.

What therefore God has joined together let not man separate. Whoever shall put away his wife and marry another, committeth adultery against her.

At the municipal election in Reading, Berks County, on the 19th inst., the People's candidate for Mayor, Bennet Keim, was elected over Dr. J. H. McCurdy, Buchanan Democrat, by 924 majority.

Some of the Washington letter-writers are attempting to make a "lion" of Sickles, probably hoping thereby to create a public sympathy to operate in his favor.

For the Independent Republican. MESSRS. EDITORS:—Will you please ask some of the students of English Grammar to parse the words in italics in the following passage, and tell to what part of speech or class of words each belongs?

For the Independent Republican. THE BROWN CORN. MESSRS. EDITORS:—Can you, or any of your farmers in Susquehanna County, inform me where I can get some of the Brown, or Improved King Philip's Corn, as described in the Patent Office Report for 1857?

For the Independent Republican. PUBLISHER & EDITOR. SUSQUEHANNA DISPATCH, March 14th, '59. MESSRS. EDITORS:—In the last issue of The Northern Pennsylvaniaist there appears, at the head of the editorial (7) column, a particular "Take Notice," from which the inference might be drawn that some other person than W. J. Hunter had been the habit of receiving subscriptions for that paper.

We copy from the Harrisburg correspondent of the York (Pa.) Gazette, the following notice of one Representative. It was written by Mr. Welch late Speaker of the Senate.

An exchange remarks that "The Democratic party has moved down South." This accounts for what to a stranger might seem singular—that, notwithstanding the vast numerical preponderance of the North, the South, under Democratic rule, monopolizes most of the federal offices.

The Sham Democracy did a good day's work in their State Convention at Harrisburg last week. A brief report of the proceedings appears in another column.

The Hon. Mike Walsh, who in the course of his remarkable career has been a printer, a State Representative, and a Member of Congress, was found dead at the foot of a flight of steps in front of the premises 128 Eighth avenue, New York, on the morning of the 17th inst.

At the municipal election in Reading, Berks County, on the 19th inst., the People's candidate for Mayor, Bennet Keim, was elected over Dr. J. H. McCurdy, Buchanan Democrat, by 924 majority.

John C. Ten Eyck, Republican, was elected Mayor of the 15th ward, the term to which he is elected to expire on 1st March next.

We have received from T. B. Peterson and Brothers, publishers (306 Chestnut street, Philadelphia) a copy of Frank's. They are publishing a complete cheap edition of the Watery novels, reprinted from the original Edinburgh edition, and to be comprised in twenty-six large octavo volumes, in paper covers, at twenty-five cents a volume, or five dollars for the whole.

For the Independent Republican. A CHARGE, like Chloekens, come Home to Root! A correspondent from Kirkwood writes us as follows: "I had my attention called to an article in the Binghamton Democrat, taken from the Montrose Democrat, of Feb. 24, giving a history of the marriage of a 'midget' and a white woman, in Harford, Susquehanna Co., Pa., which, after saying that there could not be a minister found in Harford that would marry them, uses the following language: 'Of course, none would be party to black a crime, whereupon the parties went to New Milford and other places, in search of some who had not decency enough to deter him from lending his name to the ceremony.'

For the Independent Republican. THE BROWN CORN. MESSRS. EDITORS:—Can you, or any of your farmers in Susquehanna County, inform me where I can get some of the Brown, or Improved King Philip's Corn, as described in the Patent Office Report for 1857?

The Pennsylvania Democracy. To secure the support of the Democratic party in Pennsylvania, a Democratic officeholder must sacrifice his principles to the so-called principles of the party.
