Report of County Council.—Miss Scrop. M. Wel.

Report of County Council.—Miss Scrop. M. Wel.

Report of County Council. held at Montrose on the 18th of October, tit., the following summary of what has been done by the different Ald Societies of the County for the Santiary Commission has been prepared. The delay has been unavoidable as some of the important reports were received only a few days since. A few societies have been unable to report before the true reasons in most cases of tarly or imperfect reports. A large number have sent in complete returns containing lists of all articles forwarded with estimated orah value, while some have sent complete lists with each value of only a part, or the cash value of any large of the county and the sent material and been done, with only a part in list of articles. Some have given only a list of articles and Mogirose, Hafford, Unloudale, Franklin, Sisters of the Immediate Heart of Mary, Rush, Forest Lake, Friends-ville, West Auburn, Clifford, Sprigeritle, Auburn, E. Bridgewater, and Little Meadows Ald Societies, Plends-ville, West Auburn, Clifford, Sprigeritle, Auburn, E. Bridgewater, and Little Meadows Ald Societies, Plands, Plan

articles valued at over \$8,000. Making considerably more than four thousand dollars in addition to the foregoing list of articles.

West Auburn and several other societies that were struggling to keep up the good work acknowedge with thanks \$10 donations for their encouragement from nuknown friends, by hand of Miss B. M. Walker.

It cannot be doubted that the amount contributed by citizens of this county to the Sanitary Commission and kindrac charitles for the relief of our suffering soldiers is very much larger than is here reported. Let those whose labors of love fail to be made known to the world remember they are not forgotnown to the world remember they are not forgot

It may eafely be said that benefactions so grand and munificent would never have been made had It not been for the noble women, who at great eacrifices, and untiring zeal, have sustained the Aid Societies. Many of our citizens have most nobly seconded their efforts; some have done but little, while a large number have done almost nothing. Let no lover of his country who reads this report fail to "bely those women." The call for aid is now and must for some time be urgent. Let every one who can do something, and the almoners of our benefaction will be forced to cry "hold, enough!" Till that time may there be no lack of giving or doing.

Calvin C. Halser, Secretary.

The foregoing Sommary has been in type several The foregoing Summary has been in type several

weeks, but the publication here has been delayed for the purpose of having it first submitted to the Sanitary Commission and published in the Balletin. Mrs. Grier of Philadelphia acknowledging its reception writes to the associate Manager. "I am so delighted with the Report and Summary you have sent! It is indeed most gratifying and full of encouragement, to carnest, faithful workers, as shewing them, through you, what idelity, and perseverance and faith can accomplish. I feel like saying, 'Hurrah for Susquehanna County." I have been so worn out this summer and fall that such things refresh me." Reports have come to hand from Anarta and Jeesup. at and Jessup.
