Real Estate Agency!

THE undersigned have formed a partnership and opened an office for the purchase, sale, and rental of real estate in the County of Susquehanna, Pa., and we shall try to make it for the interest of all who desire either to purchase, sell, or rent real estate, to give us a call. We design to advertise extensively in all those counties, both in New York and New Jersey, from whence come most of the persons who buy lands in this county. Mr. Hinds is extensively acquainted throughout the county and will give the matters entrusted to us his whole attention. We have

Several Farms on Hand,

suitable for dairying purposes. The larger part of the purchase money can remain for a term of years, payable in installments.

No. 1.—222 acres of land in Forest Lake, 152 improved, good dwelling house, six barns, well watered, and will support from 50 to 55 cows. Convenient to meetings, schools, and mechanics. A large part of the purchase money can remain for a series of years.

No. 2.—125 acres of land in Franklin, (Upsonville,) 100 acres improved, well watered, two dwelling houses, two barns. Convenient to meetings, schools, and store. Well suited for dairy purposes—Part of the purchase money may remain for a series of years.

No. 4.—161 acres of land in Dimock, 120 improved, well watered and fenced, good new dwelling house, 2 barns, 2 orchards, and chestnut timber upon it sufficient to fence the whole farm for fifty years. Two and a half miles from Dimock Corners, and five miles from Montrose. Two thirds of the purchase money can remain for a series of years, secured by bond and mortgage.

No. 5.—67 acres of land in Bridgewater township, 2¼ miles from Montrose, 55 acres improved, a good new dwelling house, barn, 4 fort-rod sheds, well fenced, and well watered. One half of the purchase money can remain for a number of years, secured upon the premises.

No. 6.—100 acres, situate in Bridgewater, two miles from Montrose. 60 acres improved, good new dwelling house, barn, and orchard. One half of the purchase money down, and the balance in 1, 2, 3, 4, and 5 years.

No. 7.—Situate in the township of Forest Lake, four miles from Montrose. A daily passes by the house. 156 acres. Over 100 improved, a good dwelling house, two barns and sheds, good orchard, saw mill in good running order, and cider mill, churning by water power, work horse, &c. Terms: One-half down, balance in two years down, the balance in five annual payments.

No. 8.—Situate in the township of Bridgewater, 180 acres improved, good dwelling house, two barns, wagon house, fine stabling, well watered, and under a good state of improvement, convenient to school and meeting, and can be conveniently divided and made into two farms. Terms: One-half down, balance in installments

No. 9.—Situate in the township of Jessup, seven miles from Montrose, containing forty acres, forty-four improved, a good house, barn, a grafted orchard, and a very fine sugar bush, convenient to Church, Schools, and Mills. One-half of the purchase money down, the balance in five annual payments.

No. 10.—Situate in Dimock, 2½ miles from the village of New Milford; and about eighty rods from the Lackawanna and Western Rail Road; well watered with springs; good buildings, and a fine sugaring orchard—a grove of chestnut upon the premises suitable for ties or telegraph poles—a school house in the immediate vicinity; and three different churches within two miles. 100 acres from the village would be cut. The purchaser should not want the whole.

No. 11.—405 acres, adjoining the village of Susquehanna Depot, on the N. Y. & Erie Railway, one of the most convienient farms in the vicinity from which to sell milk in the village. Will keep 25 cows, and teams to work the farm. There are about 7000 telegraph poles on the farm, worth $1,00 each, besides a quantity of Railroad ties and wood and timber within a mile of the village; two good dwelling houses, five barns; and a saw mill. There is also on the farm a fire proof paint mine, and a paint mill in good running order; two good orchards. No less than six passenger trains leave the depot daily. For an enterprising man to make money the farm is one of the most desirable in the northern part of the State.

No. 12.—Situate in New Milford township, two miles south from the village—110 acres—about 75 acres improved, a good house, barn, and out buildings—thirty fenced and well watered—a good orchard of grafted fruit (peach, plum, and cherry)—well situated for dairy purposes. One half the purchase money down, the balance in one, two, and three years, with interest. A very liberal deduction in price if the whole purchase money should be paid down.

INCREASE OF RATS.—The Farmer's Gazette (English) asserts and proves by figures that one pair of rats will have a progeny and descendants no less than 651,050 in three years. Now, unless this immense family can be kept down, they would consume more food than would sustain 65,000 human beings.

A WORD TO THE WISE.

WHEELER & WILSON'S,
The Best Family Sewing Machine
MADE,
☞ IS NOT A SHUTTLE MACHINE, ☜
But makes the Lock Stitch.

THE VERDICT OF THE PEOPLE
IS DECIDEDLY IN ITS FAVOR.

The fact of there being more of these Machines sold THAN OF ANY OTHER

ATTESTS ITS SUPERIORITY.

For further particulars call upon the Agent, where the different styles of machines are on exhibition.

Parties that have used other so called Standard Machines have thrown them aside and give their testimony in favor of these.

EVERY MACHINE WARRANTED TO GIVE ENTIRE SATISFACTION.

For several reasons it recommends itself above all others.

1. Beauty and excellence of stitch, alike upon both sides, working equally well on silk, linen, woolen, and cotton goods—seaming, quilting, gathering, hemming, felling, cording, and braiding.
2. Strength of seams that will not rip nor ravel.
3. The most simple in construction of any two-threaded machine in use; therefore less liable to get out of repair.
4. Sews without the use of a shuttle, thereby doing away with much cumbersome machinery, and the trouble of regulating the tension of the under thread.
5. Runs at a greater speed than a shuttle machine possibly can.

These machines with all the new improvements, warranted and delivered in Montrose, at Manufacturers' prices.
