Shocking Marder—A most shocking murder was committed in Greenfield, Luzerne County, last week. It appears that a Mr.Carey was proprietor of a peach orchard, and had said if any one came into the grounds he would shoot him. He placed a hogshead in the orchard, and his boy inside with a grun loaded with twelve buck shot and a charge of fine shot. Just at dusk, a son of one of the neighbors, named Snyder, a young man about twenty years of age, came through the orchard, on his way after his father's horses, and picked up two or three peaches. Carey's son immediately tired upon him, ledging the whole charge in his breast, and killing him instantly. Carey and his son then got up their team, leaded in the dead body, drove up to Snyder's, the father of the young man, called him out, told him they had killed his son, and there he was, pointing to the dead body. The horror-stricken father could hardly believe what, alas, proved too true. Carey and his son are now in the Wilkes-Barre jail.

Mason & Hamilin's Cabinet Organs,—Muslicians are agreed in reference to these instruments that they are nucqualed. Mr. Gottschalk, the distinguished pianist, pronounces the Cabinet Organ "truly a charming instrument, worthy of the high praise it has received" and "sure to find its way into every household of taste and refinement which can possibly afford its moderate expense." He also declares it far superior to everything of its class he has seen. He knows of what he speaks, having tested them thoroughly in his concerts. Our most eminent organists in New York fully endorse this testimony.—New York Pathlader.
