Rules and Regulations.

The Committee and Secretary have an office on the Fair Grounds, where the Judges are requested to meet at 10 o'clock of the second day, when their names will be called and vacancies filled; and they will enter upon their duties and be ready to report in writing at 2 o'clock of the same day. It is hoped that all persons appointed on Awarding Committees, will be present at that hour. The Judges can resort for instructions and to make out reports to the office.

Exhibitors wishing to compete for premiums, must have their animals or articles entered on the Secretary's Book, the first day of the Fair, if possible; and a Card, which will be received from the Secretary, C. M. GERE, must be placed on the animal or article to be exhibited. They must be all on the ground for exhibition by 10 o'clock, a. m., of the second day, or they cannot receive a premium. No animal or article can be removed before the close of the exhibition except by permission of one of the Executive Committee.

It is very desirable that all vehicles entering the enclosed ground should keep in motion.

Superintendents of the different departments will have all animals and articles systematically arranged. The officers of the society and superintendents will be known by their official badges.

A sufficient Police force will be in attendance, day and night, to protect the property of exhibitors.

Arrangements are made for all stock over night. There will be a Committee at the entrance of the Fair Grounds, to direct all persons driving in stock over night.

Stock can be entered ten days previous to the Fair by calling on C. M. Gere, Secretary.

No provision will be made for stalling stock over two years old.

No premium will be awarded to any persons exhibiting articles or animals not entered in the name of the *bona fide* owners of the same.

Premiums not called for within six months will be considered donated to the Society.

Those driving in stock can be accommodated with pasture, as follows: Those coming from the North and New Milford, at H. S. Searle's; from Brooklyn, at Wm. Jessup's; from Springville and the Wyalusing, at F. B. Coon's; from the West and Owego Turnpike at J. S. Tarbell's farm, formerly Peckins's.

Daily Order of Arrangements.

The gates will be open from 7 o'clock, a. m., until 6 p. m., each day.

WEDNESDAY, OCTOBER 4th.—*First Day*—At 12 o'clock, m., the track will be open for promiscuous driving until 2, p. m.

At 2 o'clock p. m., the walking horses will take the track for exhibition.

At 3 o'clock, p. m., lady and gentleman riding, and at 3½ p. m., volunteer lady and gentleman driving, until 5 p. m.

THURSDAY, OCTOBER 5th.—*Second Day.*—At 11 o'clock, a. m., a grand cavalcade of horses, entered for premiums, will take place on the track.

At 11½ o'clock, a. m., at the call of the Superintendent, class first will assemble in front of the Judges' stand, for exhibition and final inspection.

At 12 o'clock, m., single and matched horses.

At 12½, p. m., colts.
At 1, p. m., mules.
At 2, p. m., the address.
At 4, p. m., announcement of the award of premiums.

To conclude with an exhibition of general driving on the track.

Remarks.

The Society propose to purchase more land, not exceeding five acres, of D. D. Warner, north on the hill, which will give ample room for building and promenading.

The Fair is the best place for everybody to see everybody. The Committee will endeavor to make the Fair interesting to all who visit it. If pleasant, on Wednesday evening, of the first day, the grounds on the hill, and the track, will be lighted up.

"Beman's Cornet Band," and piano music, will be in attendance.

Superintendants and officers will be in their proper places.

Driving on the track—but none allowed on the hill.

All the Judges that are here in time will receive a ticket for a free dinner.

Price of Admission.

There will be no badges issued to exhibitors this year; but an exhibitor,s ticket instead will be furnished, with two 25 cent tickets for one dollar. The exhibitor's tickets are not transferable.

All teams and carriages driving in, except competitors, and those taking in articles for exhibition will pay 25 cents each.

Single admission 25 cents—Children under twelve years 15 cents.

Agricultural Implements.

THE Undersigned desires to call the attention of the public to the articles of THE RESHING MACHINES manufactured the long established and well known firm of

Wheeler, Melick & Co., at Albany.

These Machines are so favorably known and universally approved that any effort at recommendation I could run necessary—but feel it to say, that experience in manufacturing, and long use, have brought to us improvements which make them the

CHAMPIONS OF THE WORLD.

I would call especial attention to their

Barger's Patent Cleaning Attachment

a new thing, and attached to single, double, treble, or any other horse power, and to either undershot or overshot threshers. This fan can be used as an ordinary hand mill, and is a superior one, to an fanning mill made. It takes no more power to drive the whole tachment, than it does to drive an ordinary separator or shaker—Different sizes of cleaning attachment, same pattern, are made.

Horse Powers, single and double, Wheeler's patent, with recent improvements. Lawrence & Gould's patent, one, two, and three horse powers. Saw mills for sawing wood, feed cutters, cider mills, horse rakes, &c. An unrestricted warranty give to the public the strongest warranty that the above machinery is unequaled in its work, durability, convenience, and cheapness.

For further particulars, send to the subscriber for circular, or examine machinery. Orders solicited and filled with promptness and fidelity. Also Agent for

HUBBARD'S MOWING MACHINE,

light draft, manufactured by S. H. SAYRE & BROTHERS, Monrose, Pa.—the best mower for this country. Machines warranted to give satisfaction. Instructions for using, and Machines delivered, free of charge for freight or transportation.

All persons wishing to procure the best and cheapest Mowing Machine are advised to witness the work of the Hubbard's Light Draft Mower, before committing themselves to any other Mower now in use. Orders solicited and promptly attended to.

ATTESTS ITS SUPERIORITY.

For further particulars call upon the Agent, where the different styles of machines are on exhibition.

Parties that have used other so called Standard Machines have thrown them aside and give their testimony in favor of these.

EVERY MACHINE WARRANTED TO GIVE ENTIRE SATISFACTION.

For several reasons it recommends itself above all others.

1. Beauty and excellence of stitch, alike upon both sides, working equally well on silk, linen, woolen, and cotton goods—sewing, quilting, gathering, hemming, felling, cording, and braiding.

2. Strength of seams that will not rip nor ravel.

3. The most simple in construction of any two threaded machine in use; then less liable to get out of repair.

4. Sews without the use of a shuttle, thereby doing away with much cumbersome machinery, and the trouble of regulating the tension of the under thread.

5. Runs at a greater speed than a shuttle machine possibly can.

These machines with all the new improvements, warranted and delivered in Montrose, at Manufacturers' prices
