My Dear Father and Mother:—I was very glad to receive your kind letter of the 19th of July, and I am glad to hear that you are all well. I am well, and hope these few lines will find you all the same.

I have not much news to write at present, but I am glad to hear that you are all well. I am well, and hope these few lines will find you all the same.

More Indian Depredations in California. BULLHORN, July 11, P. M. New Orleans papers received to-night contain some late news from Texas. Three hundred and seven Mexicans were recently killed by the Comanches about 65 miles west of San Antonio.

There was no cholera at San Antonio. The Indians were very troublesome at San Antonio, stealing horses, and committing all kinds of depredations. Politics have reached an exciting pitch in Texas. There are already in the field no less than 4 candidates for the office of Governor. Pillsbury is strongly opposed in his district for Congress.

Gen. Houston is expected to make a speech at Houston. It is presumed he will take the same position as assumed by C. B. at his recent speech.

Deaths in Cincinnati. CINCINNATI, July 12. The Herald, damaged by the late heavy rains, has been repaired, and the cars left this evening.

All the 7000000 are in the Miami Canal, a city of the very great. The canal has been built by the late heavy rains, and the cars left this evening.

The death toll seems to be about at a stand, the deaths being by cholera and other diseases, numbering in all 118 to 125. The cholera is very bad in the city, and the death toll seems to be about at a stand.

Metacombly Admirer. A young man by the name of JAVV FOSTER, who was stopping at the "Hotel Hotel" in H. S. St. Paul, put an advertisement in the evening paper, offering a reward for the discovery of a man who had been seen in the city.

THE OLD UN FLEECED.—Angelina Kent, alias Webster, was arrested on Thursday, on a charge of false pretence, professed by her to be a married man, on the 21st day of 39 years of age, and he became an assured with the claims of the fair Angelina, lived with her and lived upon her presents upon her. A short time since he had a quarrel with her, and he announced his determination to go to California, and he solicited the company of his fair claimer in his voyage, and she said to have glad consented, provided he gave her means to make some presents to her friends, which he did, and he professed a desire to retain, notwithstanding her dereliction from the path of duty. He gave her \$500 and afterwards made her presents of a piano and other articles, in all amounting to \$1600, and when she found her paramour getting ready to sail, she refused to comply with his part of the contract, and declined to give him her society to San Francisco. He endeavored to prevail upon her to adhere to her original promise, but could not, and as a last resort he made a criminal complaint against her, when she was arrested and held to bail for the purpose of answering the charge.
