

THE DEMOCRAT

MONROE, PA. Thursday, September 27, 1846. Democratic Nominations.

For Canal Commissioner, JOHN A. GAMBLE, OF LYCOMING COUNTY. Coaly Tirlit.

FOR REPRESENTATIVES, SIDNEY B. WELLS, of Clifford, KEZKIL MOWRY, Jr., of Wyoming. FOR COMMISSIONER, JOHN D. MURPHY, of Silver Lake.

FOR TREASURER, O. G. HEMPSTEAD, of Montrose. FOR AUDITOR FOR 3 YEARS, ALMUN SPOOK, of Herrick.

FOR AUDITOR FOR 2 YEARS, CALVIN D. COBB, of Middletown.

THE CANDIDATES AND THE NORTH BRANCH. It is now generally known that the Federalists in this county are again reacting to their old game of duplicity and falsehood in order to defeat, if possible, the Democratic candidates for Canal Commissioner and Representative.

THE DEMOCRAT. authors of the calumny ever examine the journals of the last Legislature before they make the attack. They are equally culpable for asserting things of which they were previously and wilfully ignorant. The truth is, the accusation is a falsehood of the "stop-their" character, and the Whigs know it. We appeal to the Journals of the House to prove that of the friends and supporters of the Whig cause remaining; for such an accusation is a measure, nearly about one third Whig.

THE DEMOCRAT. Mr. Gamble and Mr. Wells are not the only ones who are attacked. Mr. Wells is not the only one who is attacked. Mr. Wells is not the only one who is attacked. Mr. Wells is not the only one who is attacked.

THE DEMOCRAT. The Whigs are not the only ones who are attacked. The Whigs are not the only ones who are attacked. The Whigs are not the only ones who are attacked. The Whigs are not the only ones who are attacked.

Great Fire in Owego! Thursday Morning, 9 o'clock. The Whigs are not the only ones who are attacked. The Whigs are not the only ones who are attacked.

Threatened Expulsion With France. A new wave of excitement as well as of speculation has just been thrown upon the country by the "Powers" at Washington.

Federal "Roarbacks" Again. The Federal press that now, (and the one in this county among them,) are aping their inventorial genius, and raking the sinks of falsehood and duplicity, as usual, for their characteristic and indispensable electioneering "roarbacks".

What is the Country Trending? Can any one answer this question? What is the Administration doing for its welfare, its protection, its honor and integrity? Will any one tell us? But six months and a few days have elapsed since it was introduced into power, and we find that we do not know what we are doing.

Mr. Gamble and Free Soil. The last Tinga Banner contains the following letter from Mr. GAMBLE, addressed to a committee of correspondents from the Free Soil Branch of the Democratic party of that county.
