Electoral Tuesday, October 8, 1850.

Up Read, by all means, the able speech of Hon. Mr. Olds, of Ohio, on his page. It is really a capital thing, and in the right view of every question it settles. Dr. Olds has already made known his readiness to support and encourage him, being the person that championed the infamous trial, Tom Thumb, in the Ohio Senate, in 1841. We hope his forbearance relative to the fate of California in the House may never be realized; but there appears still to be danger. His position, nevertheless, is the true one, which no northern man, in any party, should derive from a slave's breath. Then he walks into whiggery with such gravity and ease! But you must read his speech.

We would have been glad to have published the notice of the Proceedings of the late Agricultural Meeting, and the programs of arrangement at the Fair that is to open off on the 3d Wednesday of Sept. next, this week, and should have done so, had we not been kept back from it until 11 o'clock on Wednesday, when the matter for our paper was too far advanced to admit of great independence and delay. Our neighbor, we understand, was furnished with a copy early in the week.

The Candidates.

We promised, last week, to say something at a subsequent day in relation to the Ticket put in nomination by the late Democratic Convention of this county—but because we deem it a Ticket that needs updating, but because some of the gentlemen constituting it may not be known to all the Democratic voters of the county. We begin, therefore, with the name of F. B. STREETON (who happen to be known, and favorably known), who is to be the leader of the ticket, and the late members of this party for two campaigns, in preference to the former, all of whom have given up their posts in the Democratic ticket taking the cause of the Whig party at the elections which preceded the last National contest. The men of the other States, with more discretion and honesty of intention, choosing to wait until the proper time arrives when to the right party to make known their wishes in regard to the next candidates—and wisely preferring to first settle the agitating questions which are distracting the country.

We respectfully suggest to our Democratic friends throughout the State, that, inasmuch as there is a very important election pending this fall, and a yet more important one to take place next year, whether it would not be well to hold in all the energies and resources of the party for these two campaigns, in preference to making calculations and concocting points with a view to committing the party on the Presidential election, all of which may only have the effect of placing it in a wrong position when the proper time arrives.

The great State of Pennsylvania might occupy a much broader position before the National election than she does, if it were not for the singular policy of the same officer, or the least exaggeration, that our neighbor, we understand, was furnished with a copy early in the week.

For Representative, Isaac Reckhow, of Great Bend, has been selected with great unanimity—By appointment he is a member, a "leading man"—who is emphatically "a leader." He has already made known his position in the capacity of County Commissioner, and without any disposition to others who have filled the same office, or the least exaggeration, we can say, he made one of the most popular and efficient officers the county has ever had. This feeling is a true, active, intelligent Democrat of the "straightest sort," and will make an efficient and popular Representative in the next Legislature of this State. Master of Banks and all special privileges, chartered monopolies and swindling shops, he will show them no mercy. Of course he will receive his full party vote, and the vote of all sensible persons who agree with him in hostility to such soulless, plundering institutions.

For County Commissioner, Shubael Dimock.

Dimock is the nominee. Mr. Dimock is a brother of Col. V. A. Dimock, long known to our citizens as a very accomplished and popular officer, and possesses every qualification requisite for that office.

He is a farmer by occupation—a systematic, thrifty farmer, who manages his own matters prudently and economically—and will be sure to manage the affairs of the county in the same judicious and economical way. His nomination is everywhere hailed by those who know his best, as a good one, and will be strongly ratified by the oligarchical majority in the county.

For Prosecuting Attorney, J. H. Dimock.

## The Park Family.

That part of the citizens of Pittston who succeeded in gaining entrance into the Odd Fellows Hall on Wednesday evening last were regaled with music which might well have been mistaken for celestial melody. The Park Family rank among the first in the musical world; the youngest, a child only nine years, delighted the audience with her fairy-like appearance, her silvery voice and correct pronunciation. The fine soprano, of the elder daughter, mingled delightfully with the melodious alto of Mrs. P., aided by the tenor of the son, relieved by the deep base of Mr. P. The whole forming one of the most exquisite combinations of sweet sounds to which we have ever listened. We wish them God speed, and will be happy to welcome them again—*Pittston Gazette.*

—This family give a concert in the New Academy, in this village, THIS (Thursday) EVENING. Go and hear them.

The President-electing in Hurley.

We notice only a resemblance among a certain class of politicians, in this State, in relation to the next Presidential candidate, which is somewhat remarkable at this early date, if not ominous. The Cameron clique, having made all he can out of the "favorite son," are now doing everything in their power to slaughter him; and to do this effectually, and at the same time *democratically*, they are leading all their energies, and passing resolutions in every county convention that they can cast, in favor of the re-nomination of Gen. Cass.

The Lancaster *Intelligencer*, the immediate organ of Mr. Buchanan, thus comments upon these preliminary movements. We much approve of this capital thing, and in the right view of every question it settles. Dr. Olds, who is already ready to knock the leaders of our party over, being the person that championed the infamous trial, Tom Thumb, in the Ohio Senate, in 1841. We hope his forbearance relative to the fate of California in the House may never be realized; but there appears still to be danger.
