I will bring paper, pane, blotting paper, pen holders, and blank sheets when I go home, which will be one or two weeks at least. We are muther close in consequence of Thompson's not re-

You had better, in all cases where you can do so without objection, mark your drafts "acceptance waived," it saves us a great deal of trouble in hunting them np; as, if they are accepted, they are frequently put in Bank and elsewhere, and we have to lock them up as they are not presculed here for payment. I hope you will go on, now that E. A. This supplied, in having our balance of \$10,000 signed by you and Post, and filled up by Halsoy, and trimmed but not cut apart.
