THE WONDERS OF ART! (THE NECESSITY OF GOING TO Binghamton

OBVIATED!) What hath magic power to trace Beauty's levely form and grace, Or the plainest, homeliest face? Daguerreotype!

What can infant smiles engage-Duplicate life's middle stage, Ur the heary hairs of age? Daguerreolype! What attracts the lover's eye,

Calling forth a tell-tale sigh.

Though the loved one be not nigh? Daguerrootype ! What gives comfort to the heart When our dearest friends depart?

Tis this wonder-working art-Daguerreotype! This a hallowed feeling lends, And for absence makes amends, When we hold some cherished friend's Daguerreotype.

Then why need you longer stay? Come! there's danger in delay; Haye your pictures drawn to day, And you'll be prepared to say that there is truth, if not poetry, in the above
