THE DEMOCRAT.

The Largest Circulation in Northern Pennsylvania—1632 Copies Weekly.

S. B. & E. B. CHASE, EDITORS.

MONTROSE, MAY 19, 1853.

☞ He Must Do.—

A thousand faults in man we find,
Merit in him we seldom meet;
Man is inconsistant and unkind,
Man is false and indiscreet,
Man is capricious, jealous, free,
Vain, insincere, and trifling too,
And yet, the women all agree—
For want of better—he must do.

☞ Spiritual.—"Is my wife out of spirits?" said John, with a sigh,
As her voice of a tempest gave warning;
"Quite out, sir, indeed," said the maid in reply,
"For she *finished the bottle this morning*."

Work for the Month.

Farm.—The most profitable crop raised on the Farm, Indian Corn, now requires special attention. We are not favorable to too early planting; the second week in the month, for this section, will answer better than earlier. As a general rule, any crop which starts well and has a *vigorous uninterrupted* growth till maturity, results better at last, than in checked, or stunted, or barly kept alive, by unfavorable changes, of weather, as a last frost, &c. The corn crop requires a warm sun. We have seen the young leaves turn yellow, the effect of a late frost, and out stripped in growth by that later planted. If weather is dry, soak seed before planting, and roll in plaster. Some special manure should be applied to each hill, to hasten the early growth A compost of ashes, plaster, and rich mould, such as scrapings of wood shed, soil from head-lands, &c., should be used, or poudrette, which has been found excellent, in the proportion of a good handful to every two hills dropped and covered with the corn. Bran, as recommended in March number of Farm, Journal affords a valuable stimulant to the early growth.

Plant Potatoes for principal crop in this month. Guano in Chester county, has been proved to make a better potatoe crop than the best barn-yard manure.

Prepare ground to sow corn for fodder. In a dry spell of weather, often occuring after harvest and when pasture is short, we have had this crop, cut in a green state, and fed to cows, to greatly increase the yield of milk and butter.

Avoid turning stock too soon to pasture fields. Sow one bushel of Plaster to the acre on all grass fields. Inspect fences all around the farm, and make them secure against the stock. Clean out and white-wash cellars, remove potatoes to barn floor, or other dry places, to retard their sprouting.

Cover manure in barn-yard, from action of sun and rains, or compost it with alternate layers of soil if not already done. Watch the stock on rank pasture, every morning, to guard against Hoven, which may be quickly relieved by a rope, drawn tightly in the mouth, and extending back of the horns. The motion of the jaws, thus produced, liqerates the gas in the stmoach.

Fruit Orchard.—Finish planting Fruit Trees, Straw berries, Raspberries, Grape Vines, &c. as soon as possible. Wash the bark of newly planted trees with mixtures, before recommended, to prevent their becoming bark bound.

Trees in blossom against walls or trellises, should be protected against late frosts, by covering with sheets, or shading with evergreen boughs, to keep off the sun's rays. Destroy webs and larvae of insects, Mulch the ground under goosberries, with coarse hay or litter, and sprinkle salt. Mulch Raspberries and Strawberries with spent tan bark. Shorten in Raspberry canes one-third, and dig in manure. Apply salt to Quince Trees.

Caterpillers may be found close to body and limbs of trees, morning and evening, and before dew is off in morning, may readily be destroyed, with a brush or swab affixed to a pole.

Pyramidal Trees should be headed back, and useless shoots pruned away.

Renew with fresh manuring Grape vine borders.

Destroy ants with boiling water, poured into their holes.

Vegetable Garden.—Plant and sow such seeds as were omitted last month. Thin out early plantings of Beets, Carrots, Parsnips, Salsify, &c., and transplant from frames and warm borders; Tomatoes, Egg Plants, Pepper Lettuce. Those tender of frost should be reserved till last month. Sow Peas for succession crops at least twice in this month. Plant Cucumber and pole Beans, the latter should have the poles set in first, and the beans planted around them. The ground being cleared of early crops of Radishes Spinach, &c., should be prepared for Beets, Carrots and Cabbages. Keep the ground free from weeds, and stir freduently with a hoe. Fine pulverization and frequent stiring of soil are indispensable to good gardening.

Plant Cucumbers, melons and Squashes in open ground towards last of the month.

A Fine orchard.

One of the finest orchards in America is that of Pelham farm, at Esopus, on the Hudson. It is no less remarkable for the beauty and high flavor of its fruit, than the constant productiveness of trees. The proprietor, R. L. Pell, Esq., has kindly furnished us with some notes of his experiments on fruit trees, and we subjoin the following highly interesting one on the Apple.

"For several years past I have been experimenting on the apple, having an orchard of 2,000 bearing Newtown Pippin trees. I found it very unprofitable to wait for what is termed the 'bearing year,' and it has been my aim to assist nature, so as to enable the trees to bear every year. I have noticed that from the extensive productiveness of this tree, it requires the intermediate year to recover itself—to extract from the earth and the atmosphere the materials to enable it to produce again. This it is not able to do, unassisted by art while it is loaded with fruit, and the intervening year is lost; I, however, the year, at least has been the result of my experiments Three years ago, in April, I scraped all the rough bark from the stump of several thousand trees in my orchards, and washed all the trunks and limbs within reach with soft soap; trimmed out all the branches that crossed each other, early in June, and painted the wounded part with white lead, to exclude moisture and prevent decay. I then, in the latter part of the same month, slit the bark by running a sharp pointed knife from the ground to the first set of limbs, which prevents the tree from becoming bark bound, and gives the young wood an opportunity of expanding. In July I placed one peck of oyster shell lime under each tree, and left it piled about the the trunk until November, during which time the drought was excessive. In November the lime was dug in thoroughly. The following year I collected from these trees 1700 barrels of fruit, part of which were sold in New York for four, and others in London for nine dollars per barrel. The cider made from the refuse, delivered at the mill two days after its manufacture, I sold for three dollars and three quarters per barrel of 32 gallons, exclusive of the barrel. In October I manured these trees with stable Manure in which the ammonia had been fixed, and covered this immediately with earth. The succeeding autumn they were literally bending to the ground with the finest fruit I ever saw, while the other trees in my orchard not so treated are quite barren the last season, having been their bearing year I am now placing around each tree one peck of charcoal dust, and propose in the spring to cover it from the compost heap.

My soil is a strong, deep, sandy loam on a gravelly subsoil. I cultivate my orchard grounds, as if there were no trees on them, and raise grain of every kind except rye which is so very injurious that I believe three successive crops of it would destroy any orchard younger than twenty years. I raised last year in an orchard containing 20 acres trees 18 years old, a crop of Indian corn which averaged 140 bushels of ears to the acre."—[Downing's Fruit Book.

Colored People in Delaware.—The Convention for revising the Constitution at Dover has passed the following section of the new constitution, by a vote of 19 yeas to 8 nays:

"No free negro or mulatto, not now an inhabitant of the State, or who shall leave the State with intent to change his residence, shall, after the adoption of this constitution, settle in this State, or come into and remain within the State more than ten days. All contracts made by a free negro or mulatto coming into the state contrary to the provisions of this section, shall be void, and any person who shall employ such free negro or mulatto, or otherwise encourage him to remain in the State, shall be fined in a sum not less than twenty nor more than five hundred dollars."

The Hon. Mr. Bayard, in his speech supporting the amendment, stated that there are 18,000 free negroes in the State of Delaware, making about one-fith of the whole population. In Maryland they are about one-sixth, in New Jersey one-seventh, in Pennsylvania about one-fiftieth.

'Julius, why is de gettin' ont ob bed on de 31st ob August like one of Moore's melodies? Does you gub it up my spected culled friend?'

'In course I does. Why?'

'Because it's de last rose ob summer!'

'Look here, nigger, if you perambulate any more such nonsense about dis child, he'll cave your head in. I've had ennuff ob dat highfalootin talk, I is.'

A man says that the first thing that turned his attention to matrimony was the skillful manner in which a girl handled a broom. He may see the time when the manner in which that broom is handled will not afford him so much satisfaction.

Mrs Chissholm says the best time to choose a wife is early in the morning. If a young lady is at all inclined to sulks and slatternness, it is just before breakfast. As a general thing a woman don't get on her temper till after 10 A. M.

Turkeys.—If young, the legs will be black and smooth, the eyes lively, and the pliable. If old, the eyes will be sunk and the feet dry.

A house painter in New York, grained a door so exactly in imitation of oak, that last year it put forth a quantity of leaves, and grew an excellent crop of acorns.

Barnum is putting up a tower in the vicinity of the Crystal Palace, 300 feet high, to the top of which visitors are to be lifted by a steam engine.

The idle should not be classed among the living; they are a sort of dead men who can't be buried.

Hens.—If their comb and legs are rough they are old. If smooth and limber, they are young.

Why is a man charged with a crime like types. Because he should not be locked up till the matter is well proved.

The young man who blowed his brains out on a clarionette, has turned circus rider, a business that don't require any.

If a police officer is after you, the best thing you can do is to lock the door and then bolt yourself.

There are looking glasses for the face but none for the mind. That defect must then be supplied by a serious reflection upon one's self.

Donetti's learned Dogs and Monkeys are astonishing the wise ones at Washington City.

MOUNT PROSPECT
WATER CURE AND INSTITUTE,
BINGHAMTON, N. Y.

This institution is located in a beautiful and romantic grove at the base of Mount Prospect, and within the corporation of the village; possessed of an abundant supply of *purest soft water*, advantages for exercise in the pure air, a carriage and foot walk up the mountain, overlooking a scenery unsurpassed in beauty and grandeur, and "free from the noise and turmoil of busy life," with excellent sailing and rowing privileges on the pleasant waters of the Chenango.—These are a few of the presentation the "Cure" offers to the invaild.

The house is new and commodious—bathing apparatus excellent—well ventilated, with 230 feet piazza.

The medical department is under the entire care of Dr. Thayre and wife, who have had large experience in Hydropathic practice, and are favorably known as successful practitioners.

Courses of Lectures, with full plates and illustrations, will be given throughout the season to the Students and Patients, upon Anatomy, Physiology, Hydropathy and Hygiene, for which there will be no additional charge.

Females who have been confined to their beds for years, are invited to correspond with us or give us a call. Our success in the treatment of diseases peculiar to females, has given us confidence, and we say to all such, even if they have "suffered much from many physicians," make one more trial.

Terms from $1 to $8 per week, (payable weekly,) according to room and attention required. Patients will provide for personal use 2 comfortables, 2 blankets, 3 linen or cotton sheets and 6 towels.

O. V. THAYRE, M. D.,
Resident Physician.

Fare receipted in Carbondale at the Store of the subscribers, Main street, a few blocks below Bronson's Hotel.

GROW & BROTHERS.

Augu 1, 1852.

Bryant House, Great Bend Depot, Pa.

This new and spacious building, situated but a few feet from the Depot at Great Bend, is now opened and furnished in a suitable style for a Public House, and will be kept open at all hours, (both day and night,) for the reception of travellers; and especially for the accommodation of passengers travelling on the N. Y. & Erie R. R. Railroads, being at the junction of those two roads, and the most convenient point to stop is and take refreshments; and he off with the first train; as well as the most convenient house to accommodate the public, because it is NEW, CLEAN and WHOLESOME—with room enough to accommodate ALL, being fitted up with new furniture to correspond, and tables always set, with new furniture to correspond, and tables always set, with WARM MEALS and luxuries furnished at a moments warning.

☞ Passengers desiring rest and sleep, can, by calling here, avoid the inconvenience of taking an omnibus to find an inn, as well as the delay and uncertainty of returning to the depot at the arrival or departure of the trains; as a porter will be in waiting to conduct them with their baggage to the Bryant House, "just across the way," and conduct them back again without fee or reward, taking special care to wake them if desired at any hour of the night.

The location of the Bryant House, with the natural scenery about it cannot be to, make it a very desirable SUMMER RESORT for business men and others in the city who may wish to "cast off care" for a few days to recruit in the country.

A Large and Commodious Hall

is attached to this building for the convenience of pleasure parties, who may always find good accommodations here, without regard to numbers, with warm stables for their teams, and reliable help to wait on them.

For further particulars Inquire at the Bryant House of the proprietor.

ADDISON BRYANT.

Feb. 1853—tf

Montrose, Oct. 19, 1852.

THE ROAD TO HEALTH!
HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, Prescot street, Liverpool, dated 6th June, 1851.

To Professor Holloway—*Sir*:—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, in order to let you know can refer for any enquiries, called on me to let you know the particulars of her case. She had been troubled for the particulars of her case. She had been troubled for a length of time with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflamation so far in so severe, that doubts were entertained of her not being able to bear up under it: fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the *severity of the attack*, and the *speedy* cure, I think, speaks much in favor of your astonishing Pills.

(Signed). R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier of the 1st March, 1851, by Major J. Welch.

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs, during this period all the time under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement,—August 22, 1851.

To Professor Holloway—*Sir*:—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and I notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now reindeed by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before.

(Signed) HENRY COE, North st., Lynn, Norfolk.

WONDERFUL EFFECT OF HOLLOWAY'S PILLS IN CASE OF DROPSY.

It is extremely agreeable to the taste, and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of Drugged Imitations. Pepsin is not a Drug.

☞ Call on the agent and get a Descriptive circular, giving a large amount of scientific evidence, from Liebig's Animal Chemistry; Dr. Combe's Physiology of Digestion; Dr. Pereira on Food and Diet; Dr. John W. Draper, of New York University; Prof. Dunglison's Physiology; Prof. Silliman, of Yale College; Dr. Carpenter's Physiology; &c., together with reports of cures from all parts of the United States.

☞ BEWARE THIS!!—Every bottle of the genuine PEPSIN bears the written signature of "J. S. HOUGHTON, M. D.;" sole Proprietor Philadelphia, Pa. Copyright and Trade Mark secured.

Price, $1 per bottle.

For sale by ABEL TURRELL, Druggist, Montrose, Pa., Wholesale and retail Agent. 6y1

Liver Complaint,

Jaundice, Dyspepsia, Chronic or Nervous Debility, Diseases of the Kidneys,

And all diseases arising from a disordered liver or stomach such as constipation, inward piles fullness or blood to the head, acidity of the stomach, nausea, heart burn, disgust for food, fulness or weight in the stomach, sour eructations, sinking or fluttering at the pit of the stomach, swimming of the head, hurried or difficult breathing, fluttering at the heart, choking or suffocating sensations when in a lying posture, dimness of vision, dots or webs before the sight, fever and dull pain in the head, deficiency of perspiration, yellowness of the skin and eyes, pain in the side, back, chest, limbs &c., sudden flushes of heat, burning in the flesh, constant imaginations of evil, and great depression of spirits, can be effectually cured by

Dr. Hoofland's celebrated German Bitters.

Prepared by Dr. C. M. Jackson, at the German Medicine store, 120 Arch street Philadelphia.

This is power over the above diseases is not excelled, if equalled, by any other preparation in the United States, and we feel confident in saying that in many cases after skilful physicians had failed.

These bitters are worthy the attention of invalids—possessing great virtues in the rectification of diseases of the liver and lesser glands, exercising the most searching power in weakness and affections of the digestive organs, they are without safe, certain, and pleasant.

Read and be Convinced.

The Editor of the Boston Bee said, December 22d—"Dr. Hoofland's *Celebrated German Bitters*, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic, or Nervous debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomach, with safety under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

Scott's Weekly, one of the best literary papers published said, August 25th—

"*Dr. Hoofland's German Bitters*, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the medical faculty as an article of much efficacy in cases of female Weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters an advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

More Evidence.

The Philadelphia Saturday Gazette, the best family paper published in the United States, says of Dr. Hoofland's German Bitters—

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers, and therefore when we recommend Dr. Hoofland's German Bitters, we wish to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have run their guilty race of mischief, but of a medicine long established, universally approved, and which has met the hearty approval of the faculty and community.

Look well to the marks of the genuine. They have the written signature of C. M. JACKSON upon the wrapper and his name blown in the bottle, without which they are spurious.

For sale, wholesale and retail, at the *German Medicine Store*, No. 120 Arch street, one door below Sixth, Philadelphia, and by respectable dealers generally throughout the country.

Prices reduced.—To enable all classes of invalids to enjoy the advantages of their great restorative powers.

SINGLE BOTTLE 75 CENTS.

Also for sale by ABEL TURRELL, Druggist, Montrose Penn'a. 8y1

DOCTOR YOURSELF
For 25 cents.

BY MEANS OF THE POCKET ESCULAPIUS, or every one his own Physician!! This sixth edition, with upwards of a hundred engravings, showing private disease in every shape and form, and malformations of the generative system,

By William Young, M. D.

The time has now arrived that persons suffering from secret diseases need no more become the victims of quackery, as by the possession contained in this book, any one may cure himself, without hindrance of business, or the knowledge of the most intimate friend, and with one tenth the usual expense. In addition to the general routine of private disease, it fully explains the cause of manhood's early decline, with observations on nocturnal emissions, many other derangements which it would not be proper to enumerate in the public prints

☞ Any person sending TWENTY-FIVE CTS. enclosed in a letter, will receive one copy of this book, by mail, or five copies will be sent for one dollar. Address DR. W. YOUNG, No. 152 Spruce street, PHILADELPHIA, post-paid.

☞ DR. YOUNG can be consulted on any of the diseases described in his different publications, at his office, 152 Spruce street, every day between 9 and 3 o'clock, Sundays excepted.) 33y1

The People's Friend.

T. T. Pond's, of Ithaca, N. Y., Pain Destroyer and Healing Extract.

An Extract from the shrub called Witch hazel, and purely so from that, with the exception of a little Alcohol to preserve it.

It will cure all local pain and inflammation, old sores, fresh wounds and bruises, Piles, and all diseases of the bowels of a chronic nature, tooth-ache, ear-ache, and an excellent remedy for diarhea, &c.

It is truly what it professes to be, "THE PEOPLE'S FRIEND." Providence has scattered along the rugged paths of life many things that contribute greatly to the comfort and happiness of every body; hence their great value, as I well may they be called "Friends of the People."

One word here to guard against imposition A man by the name of Spencer has manufactured and offered for sale a spurious article called the "Coryal Extract"—that would be extract from the hazel-nut—the genuine is as white and pure as water, while the spurious article is colored, which enables the public to distinguish.

None genuine but those marked Pond's Pain Destroyer.

WILLIAM K HATCH, Montrose, and store-keepers and medicine dealers generally, Agents.

DR. S. E. CRAIN, German Physician, takes this method of informing his friends and the Public in general that he has recently returned from California, and located in the village of Tioga, County of Tioga, and has established a permanent office on Lake Street, over T. P. Patch's new brick store, and is ready to attend to any business in the line of his profession.

His superior method of striving at a correct diagnosis in diseases, and his unparalleled success in treating the various diseases incidental to the human system, more especially those of an acute, subacute, chronic, or complicated character, are all that is necessary for him to offer the invalids and diseased of every character to entitle him to the confidence of a discriminating public.—For the benefit of those unacquainted with his method of practice he would say that he describes disease by a chemical and microscopical examination of the Urine.

Persons may send or bring their Urine in a clean (at least two ounce) vial; the first in the morning is preferred, and as a record is kept of all the cases examined, the name and age of the patient are also required. No charge is made for examining a case where no medicine is taken.

His medicines are principally selected from the vegetable Kingdom, and are administered according to the German theory and practice.

He would also add, that he has at last made an important discovery in relation to treating diseases of the calculous origin, or Gravel. This is a singular deposit found in the kidneys, in the form of crystalline grains, of a gritty, harsh feel, but not distinctly visible upon a close examination; or may consist of crystalline grains, of a gritty, harsh feel, but not distinctly visible upon a close examination; or may consist of irregular shaped transparent concretions, sufficiently large to be readily distinguished by the eye, and denominated Calculi.

The preparation that he has introduced, is capable of dissolving and holding in solution, calculous, or lithetious concretions, which is the source of irritation, and very often extensive inflamation of the Urinary organs, and thereby allowing the same to escape.

References can be had at his Office from persons living in all the Western counties of the State of New York, Pennsylvania, Michigan, &c., who have been given up to die by the most skilful Physicians, hearing of him and availing themselves of his skill, have been restored to good health. The great German Remedies for Female obstructions, Worms, Croup and Dysentery, may always be found at the office.

SILAS E. CRAIN, M. D.

Owego, January 1, 1853.—n2m6.

MARRIAGE,
HAPPINESS AND COMPETENCE.

WHY IS IT?

That we behold many females, scarce in the meridian of life broken in health and spirits with a complication of diseases and ailments, depriving them of the power for the enjoyment of life at an age when physical health, buoyancy of spirits, and happy harmony of mind, arising from a condition of health, should be predominant.

Many of the causes of her sufferings at first—perhaps years before, perhaps during girlhood, or the first years of marriage—were in their origin as lights as to pass unnoticed, and of course neglected.

IN AFTER YEARS,

When too late to be benefited by our knowledge, we look back and mourn, and regret the full consequences of our ignorance.

What would we not often give to possess, in early life, the knowledge we obtain in after years? And what days and nights of anguish we might have been spared, if the knowledge was timely possessed. 1t14

MELANCHOLY AND STARTLING

To behold the sickness and suffering endured by many a wife for many years, from causes simple and remediable, easily remedied—or better still,—not incurred, if every

WIFE AND MOTHER

Possessed the information contained in a little volume, (within the reach of all) which would spare to herself

YEARS OF MISERY,

And to her husband the constant toil and anxiety of mind, necessarily devolving upon him from sickness of the wife, without the ability to gain the opportunity of acquiring that competence which his exertions are entitled, and the possession of which would secure the happiness of himself, wife, and all whom it should concern, children.

SECURE THE MEANS OF HAPPINESS

By becoming in time possessed of the knowledge, the want of which has caused the sickness and poverty of thousands, a desire of such consequences, no wife or mother is exempt under his cause, no matter how long standing or afflicting. Either sex are invited to his Private Rooms, 33 North Seventh st. Phila. without fear of interruption from other apartments. Strangers and others who have been unfortunate in the selection of a Physician are invited to call.

IMPOTENCY—Through unrestrained indulgence of the passions, by excess or self-abuse, the evils are numerous. Premature impotency, involuntary seminal discharges, wasting of the organs, loss of memory, a distaste for female society, general debility, or constitutional debilitating complaints, are sure to follow. If necessary, consult the Doctor with confidence; he offers a perfect cure.

He would also add, that he has at last made an important discovery in relation to treating diseases of the calculous origin, or Gravel. This is a singular deposit found in the kidneys, in the form of crystalline grains, of a gritty, harsh feel, but not distinctly visible upon a close examination; or may consist of irregular shaped transparent concretions, sufficiently large to be readily distinguished by the eye, and denominated Calculi.

The preparation that he has introduced, is capable of dissolving and holding in solution, calculous, or lithetious concretions, which is the source of irritation, and very often extensive inflamation of the Urinary organs, and thereby allowing the same to escape.

References can be had at his Office from persons living in all the Western counties of the State of New York, Pennsylvania, Michigan, &c., who have been given up to die by the most skilful Physicians, hearing of him and availing themselves of his skill, have been restored to good health. The great German Remedies for Female obstructions, Worms, Croup and Dysentery, may always be found at the office.

THE MARRIED WOMAN'S
Private Medical Companion.

BY DR. A. M. MAURICEAU,

PROFESSOR OF DISEASES OF WOMEN.

One Hundredth Edition. 18mo., pp. 250. *Price*, 50 cts; FOR FINE PAPER, EXTRA BINDING, $1 00.]

First published in 1847, and it is not

SURPRIZING OR WONDERFUL,

Considering that EVERY FEMALE, WHETHER MARRIED OR NOT, can here acquire a full knowledge of the nature, character and causes of her complaints, and with the various symptoms, and that nearly

HALF A MILLION COPIES

should have been sold.

It is impracticable in convey fully the various subjects treated of, as they are of a nature strictly intended for the married, or those contemplating marriage, but no female can peruse the work without receiving information and instruction, which is so necessary to her own happiness, and that of her husband, that either has or will obtain it, as has or will every husband who has the love and affection of his wife at heart, or that of his own personal improvement.

UPWARDS OF ONE HUNDRED THOUSAND COPIES

Have been SENT BY MAIL within the last few months

CAUTION TO THE PUBLIC.

BE NOT DEFRAUDED!

Buy no book unless "Dr. A. M. Mauriceau, 129 Liberty Street, N. Y." is on the title page, and the entry in the Clerk's Office on the back of the title-page; and buy only of respectable and honorable dealers, or send by mail, and address to Dr. A. M. Mauriceau, as there are spurious and surreptitious infringements of copy-right.

LET EVERY WIFE AND HUSBAND PONDER!

No excuse for Ignorance, when Ignorance is Misery to those we hold most near and dear, and when to dispel our Ignorance is within our reach.

To enable every one to decide upon the *indispensable necessity* of possessing a copy, and that no wife, or mother need remain uninformed upon the many causes, which, sooner or later, are destined to make fearful ravages upon her health, unless guarded against, and that no considerate and affectionate husband have cause to upbraid himself with negl
