Montrose Democrat. THE LARGEST CIRCULATION IN NORTHERN PENN E. B. CHASE & ALVIN DAY, EDITORS.

Montrose, Thursday, Oct. 19, 1854.

The Poor Voter on Election Day.

The proudest now is but my peer, The highest not more high; To-day, of all the weary year, A King of men am I. To-day, alike are great and small, The nameless and the known ; My place is in the people's hall, The ballot box my throne !

Who serves to-day, upon the list Beside the served shall stand, Alike the brown and wrinkled fist, The gloved and dainty hand ! The rich is level with the poor, The weak is strong to day; And sleekest broadcloth counts no more Than homespun frock of gray.

To-day let pomp and vain pretence My stubborn right abide; I set a plain man's common sense Against the pedant's pride, To-day shall simple manhood try The strength of gold and land; The wide world has not strength to buy The power in my right hand!

While there's a grief to seek redress, Or balance to adjust, Where weighs our living manhood less -Than Mammon's vilest dust-While there's a right to need my vote, A wrong to sweep away, Up! clouted knee and ragged coat! A man's a man to-day !

Society. The Annual Fair and Cattle Show was held in the enclosure of the Society at Montrose, on Thursday the 12th of October, 1854. The day was cool and pleasant, and the 2d large enclosure was crowded with a larger number of visitors than was ever in attendance before.

The exhibition of Durhams and Devons was superior to that of last year, and shows the rapid improvement which is taking place port on Summer Butter : in the cattle of the county. A very great 1st Premium to H. N. Pierson, improvement was shown in the exhibition of 2d Horses, both as to numbers and quality, and 31 there were many specimens of excellent Sheep. The drouth and untoward season rendered the exhibition of Fruit quite small. Yet there were some specimens of Apples, Peaches and Quinces which would do credit to any season. The Montrose and Towanda Bands were in attendance, discoursing sweet music thro' the day.

At 2 o'clock P. M. the Society was called to order by Caleb Carmalt, Esq., President, by the Committee. who introduced Edward Tompkins, Esq. of M. L. Catlin, Ira Binghamton.

Mr. Tompkins then delivered an exceedingly interesting Address, which was listened to were entered for competition thirteen teams, with marked attention by a large concourse under the spacious tent of the Society. Dr. Halsey's FOREST WINE!

FOREST WINE: The discovery of the FOREST WINE is the greatest bless-ing of the use. Put up in Guart Bottles, a single bottle of venich does more good, and goes further in the cure of Dis-ease; than ten bottles of any Surseparilla in use, and uraranted to cure without any unpleasant or weakening effect: The method by which all Sarsayarillas, and othersimilar methodies are pripared, is by bottling the Ronts or Plainte to obtain the extracts. Their medicinal virtues are thur principally exaporated and destroyed. It is not to be wondered at then that ten and even twen-ty bottles of these Sarsaparillas are sometimes taken with out any perceptible benefit. Note on with the Greek Winel By the investion of a wonderful chemical separatus, a per-fect wine is produced without heating; relaining, at the same time, all the primitive healing groperties of the are medicinal plants of which it is composed, thus rendering the Forest Wine the most ingeneratio.
