from whatever cause they may have originated and no matter of how long standing.

If you have contracted the terrible disease which, when once seated in the system will curely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of Quacks, who start up every day in a city like this, and fill the papers with glaring falsehoods, too well calculated to decrive the young and those and acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu have been prenounced by eminent Physicians the greatest remeily ever known. It is a medicine perfectly pleasant in its taste and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and pol oncus virus of this dreadful disease; and, unlike othes remedies, it does not dry up the disease in the blood.
