Horney Waters, whose reputation is established all over the country as one of the most successful and extensive dealers, and one of the best makers of the piano, this side of the Atlantic.— The instrument in question, was one of his own manufacture; a seven octavo, carved rose-wood case, inlaid with various colored mother-of-pearl with keys of the same material, and altogether shining and sounding as we might fancy of some sky-lark-ing sempli, in piano form. A more exquisite piece of workmanship we do not rememher to have seen, and the elegance of its exterior was the least of its merits.
