THE SATURDAY EVENING POST

Established August 4th, 1821.

Weekly Edition between 80 & 90,000

In issuing their prospectus for 1856, the proprietors of the Post take it for granted, that the public are already tolerably well acquainted with the character of a paper that has grown strong during the storms and sunshine of THIRTY-FOUR YEARS. Their object always has been, as it remains to be, to publish a weekly paper for the family circle, which shall not only amuse, but also instruct and improve, those who may read it. To accomplish this object the best articles are selected or compiled from foreign and domestic periodicals, and original articles of an instructive character procured, when possible.

Letters from Foreign Lands; the most interesting portions of the Weekly News of the World; Sketches of Life, Adventure and Character; Selected and original Articles upon Agriculture; Account of the Produce and Stock Markets; and a Bank Note List are included among the solid information to be constantly found in the Post.

But the mind requires a wider range—it has faculties which delight in the humorous and the lively, the imaginative and poetical. These faculties also must have their appropriate food, else they become enfeebled, and, as a consequence, the intellect becomes narrow and one-sided, and is not able to take an enlarged and generous view of human nature and its destiny. To satisfy these heaven implanted cravings of our mental being, we devote a fair proportion of the Post to Fiction, Poetry and Humor.

Among our contributors in the first two of the above Departments, are several of the most gifted writers in the land. We also draw freely for Fiction and Poetry upon the best Periodicals, in this country and Great Britain. We design commencing a new Story by Mrs. SOUTHWORTH, author of "The Deserted Wife," "Miriam," &c. in our first paper of January next.

ENGRAVINGS, illustrative of important places and actions, of Agricultural and other new Inventions—with others of a Humorous, though refined character, are also freely given.

NOTICES OF THE PRESS.

This is one of the few large papers filled with life and thought, instead of lumbering trash. Its management is marked by liberality, courtesy, ability and tact. It employs the best literary talent, and spares no pains or expense. As a family paper, one of literary and general intelligence, we cordially recommend it.—*Cayuga Chief*, Auburn, N. Y.

Our readers may rely upon it, that Deacon & Peterson will be as good as their word. So far as we can judge by years of observation, these publishers do rather more than they promise; and their paper is marked with very marked ability. It is singularly free from silly sentimentalism and blustering, but is of a healthy tone on all subjects, always moderate in language, but always mildly advocating the right. We find it one of the most generally attractive papers in our exchange.—*Saturday Visiter*, Pittsburg, Pa.

It is the best literary and family paper in the Union.—*Rock Islander*, Rock Island, Ill.

We have heretofore spoken in high terms of the merits of the Post, as one of the best papers on our exchange list, and we regard it as one of the best literary papers to be found anywhere. Its editorials are written with ability, and take a liberal, independent and comprehensive view of men and things.—*Star and Advertiser*, Wrightsville, Pa.

It is deservedly one of the most popular journals in the United States, combining as it does, in a literary point of view, all the interest of the best magazines, with a vast amount of general intelligence.—*Republican*, Litchfield, Ct.

The Cheapest Reading in the World!!

UNITED STATES MAGAZINE

AND

UNITED STATES JOURNAL

For only one Dollar twenty-five cents a year!

MAGNIFICENT PREMIUMS!!

ETC., ETC., ETC.,

The United States Magazine is now in the second volume, having, during the first year, achieved an unparalleled triumph.

When the first number appeared, so far as its superior to anything ever before published at the price, that it was predicted on all hands, that it must either be increased in price, or surely fail—that no such magazine could be sustained at the extraordinary low price of ONE DOLLAR a year. At the same time the laudations of the press throughout the country were unbounded—complimentary notices flowing in upon us by thousands. Subscribers began to roll in with a rapidity beyond our most sanguine expectations. The magazine has now reached a large circulation in every State and Territory of the Union, throughout the British Provinces, and in the principal European cities, and is rapidly increasing wherever it is known.

It is electrotyped from new type, cast expressly for the purpose, and is print d on a new improved Adams' Press, making it one of the most beautiful specimens of typography of any serial publication ever issued from the American Press.

The best artists are engaged upon its engravings, and each volume will hereafter contain about four hundred illustrations.

The celebrated poem the "Lay of the Last Minstrel," illustrated with over sixty engravings, is now being published, and will be continued throughout six numbers.

A series of over one hundred original designs illustrating scenes and incidents in American History, is being got up at an immense cost, and are published, two of them, in each number of the Magazine, accompanied with interesting and thrilling sketches connected therewith.

It also contains, from time to time, views of [illegible] buildings, scenery, curiosities, always agricultural, rural history, portraits of distinguished individuals, etc., etc., to which is added each month a page of wit and humor, from "Domenico, Jr." the Laughing Philosopher, with his comical "pictures."

Although it is our object to give the magazine a practical and instructive character, rather than a light, imaginative and sentimental, yet we intend that it shall always wear a smile that will make it attractive to all. Its articles are mostly original and from the ablest pens in the country; while the editorial talent bestowed upon it is unsurpassed by that of any publication in America.

In addition to the rich Premium Books which are given to those getting up clubs, rewards amounting to over

THREE THOUSAND DOLLARS,

will be given to persons sending the largest number of subscribers for the Magazine.

The United States Journal is one of the largest, and universally acknowledged to be the cheapest new-paper in the world. It is published monthly, each number containing FIFTY-SIX spacious columns of the most valuable and interesting reading matter, of 672 columns during the year, an amount sufficient to fill 3 large octavo volumes of over four hundred pages each. As a very interesting feature, there is now being published in the Journal, a series of beautifully engraved portraits of distinguished individuals, accompanied with well-written biographical sketches. These will, two of them, appear each month, and be continued through several years. The Journal has been published six years, and has reached the triumphant circulation of *One Hundred Thousand Copies*, and we are determined immediately to increase the circulation to One Hundred and Fifty thousand.

We have, during the last two years, presented to the subscribers of the Journal two series of splendid gifts of over $1,000 each, besides over $5,000 worth of valuable Books, to those sending clubs.

We now offer the third series of gifts, amounting to over $3,000, which will be presented to the subscribers of the Journal as soon as the circulation reaches 150,000. This amount will be distributed as follows:—

The first gift will be $1000 in money, to be presented to one subscriber; the ten next gifts, of one hundred Dollars each, in money, will be presented to ten subscribers; and the mode of deciding which subscribers shall receive these stupendous gifts will be such as to give each subscriber an equal chance.

Subscribers must rely upon our honor to see this arrangement faithfully and fairly carried out, and we trust that five years faithful dealing with the public will give them sufficient confidence in our integrity and ability to fulfil our engagements.

Therefore, EVERY PERSON WHO SUBSCRIBES AND PAYS THE SMALL SUM OF TWENTY-FIVE CENTS will receive one of the largest and most popular newspapers in the world, for one year, and also stand a chance to obtain a gift of ONE THOUSAND DOLLARS or one of the $100 gifts, which we shall freely present to our subscribers.

The other One Thousand Dollars will be divided into twenty Splendid Prizes, which will be presented to the twenty persons sending the twenty largest number of subscribers, up to the time that the subscription list shall reach the hundred and fifty thousand—their value ranging as follows:—One $300, one $200, one $100, two $50 each, ten $25 each, and five $10 each.

As the circulation is rapidly approaching to 150,000, those wishing an interest in these Magnificent Prizes should avail themselves of it at once.

OUR PREMIUM BOOKS.

Every person getting up a club of four or more subscribers, will receive, post-paid, a valuable premium book of his own selection from a schedule of the best works published throughout the world. Many persons, by a little effort in this way, have secured to themselves handsome libraries.

Specimen copies of either Journal or Magazine will be sent gratis to those wishing to get up clubs.

☞ All money sent by mail is at our risk.

Terrible Accident,

HAPPENED to Mr. Green the other day.—He had bought a suit of ready-made clothes at the Store, and the first day's wearing the accident occurred. First, off drapt his coat-tail by the mere force of specific gravity, giving to unfortunate man the appearance of a badly trimmed craft with the flying jib in the stern, and on stooping over to pick up the remnant, the dreadful casualty took place—the fountains of the great deep were broken up—Green's pants were sundered from ankle to waist, and Green himself seemed to be. The only way to prevent such deplorable accidents is to patronize a skillful tailor, who makes up his work with a determination that it shall not only fit neatly, but wear well. Green buys at the clothing store because he thinks he can get his gearing a little cheaper. In all probability the pants that served him so treacherously had passed through a fever hospital, been striped from a cholera patient, carried home eight nights in the week on a shutter, and finally bleached and carried by an ingenious Frenchman to a market in the country. Take warning by poor Green's mishap, and go to a tailor shop like that in the basment of Searle's Hotel if you want to be suited.

THE BRITISH QUARTERLIES

And Blackwood's Magazine.

LEONARD SCOTT & Co. New York, continue to re-publish the following British Periodicals, viz:

The London Quarterly Review, (Conservative)
The Edinburgh Review, (Whig)
The North British Review, (Free Church)
The Westminster Review, (Liberal)
Blackwood's Edinburgh Magazine, (Tory)

The present critical state of European affairs will render these publications unusually interesting during the year 1854. They will occupy a middle ground between the hastily written news items crude speculations, and flying rumors of the daily journals, and the ponderous Tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to these well established literary scientific, and theological character, we urge them upon the consideration of the reading public.

Arrangements are in progress for the receipt of early sheets from the British Publishers, by which we shall be able to place all current prints in the hands of subscribers about as soon as they can be furnished with the foreign copies.—Although this will involve a very large outlay on our part, we shall continue to furnish the periodicals at the same low rates as heretofore, viz:

	Per Ann.
For any one of the four Reviews	$3 00
For any two of the four Reviews	5 00
For any three of the four Reviews	7 00
For all four of the Reviews	8 00
For Blackwood's magazine	3 00
For Blackwood's and the Reviews	9 00
For Blackwood and the four Reviews	10 00

Payment to be made in all cases in advance. Money current in the State where issued will be received at par.

CLUBBING.—A discount of twenty-five per cent from the above prices will be allowed to Clubs ordering four or more copies of any one or more of the above works. Thus: Four copies of Blackwood, or of one Review, will be sent to one address for $9: four copies of the four Reviews and Blackwood for $30; and so on.

POSTAGE.—In all the principal cities and towns these works will be delivered, through Agents, free of Postage. When sent by mail the Postage to any part of the United States will be but 24 cents a year for Blackwood, and but twelve cents a year for each of the Reviews.

Remittances and communications should always be addressed, post paid, to the Publishers.

GREAT INDUCEMENTS For 1856

Now is the time to make up Clubs!

PETERSON'S MAGAZINE

THE best and cheapest for Ladies! Edited by Mrs. ANN S. STEPHENS and CHARLES J. PETERSON. This popular Magazine, already the cheapest and best Monthly of its kind in the world, will be greatly improved for 1856. It will contain 900 pages of double-column reading matter; from twenty to thirty steel plates; and over 400 hundred wood engravings; which is proportionately more than any periodical, of any price, ever yet gave.

ITS THRILLING ORIGINAL STORIES

Are pronounced, by the press, the best published anywhere. The editors are Mrs. Ann S. Stephens, author of "The Old Homestead," "Fashion and Famine," and Charles J. Peterson, author of "Kate Aylesford," "The Valley Farm," etc., etc., and they are assisted by all the most popular female writers of America. New talent is continually being added, regardless of expense, so as to keep "Peterson's Magazine" unapproachable in merit. Morality and virtue are always inculcated.

Its Colored Fashion Plates in Advance.

☞ It is the only Magazine whose Fashion Plates can be relied on.

Each number contains a Fashion Plate, engraved on Steel, colored *a la mode*, and of unrivalled beauty. The Paris, London, Philadelphia and New York Fashions are described, at length, each month. Every number also contains a dozen or more New Styles, engraved on Wood.—Also a Pattern, from which a dress, mantilla, or child's costume, can be cut, without the aid of a mantua-maker, so that each number, in this way, will save a year's subscription.

Its superb Mezzotints, and other Steel Engravings.

Its Illustrations excel those of any other Magazine, each number containing a superb Steel Engraving, either mezzotint or line, beside the Fashion plate; and in addition, numerous other Engravings, Wood Cuts, Patterns, &c., &c. The Engravings, at the end of the year, alone are worth the subscription price.

Patterns for Crotchet, Needlework, &c.,

In the greatest profusion, are given in every No. with instructions how to work them; also, Patterns in Embroidery Inserting, Broiderie Anglaise, Netting, Lace-making, &c. Also Patterns for Sleeves, Collars, and Chemisettes; Patterns in Bead-work, Hair-work Shell-work; Handkerchief Corners; Names for marking and Initials. Each number contains a Paper Flower, with directions how to make it. A piece of new and fashionable music is also published every month. On the whole, it is the most complete Ladie's magazine in the world. Try it for one year.
