Many of my strends have realized marked benefits from them, and coincide with me in believing that they peases extraordinary virtues for driving out diseases and cusing the sick. They are not only effectual, but safe and pleasant to be taken—assilities which must make them valued by the public, when they are known."

The venerable Chancellor WARDLAW writes from Baltimore, 15th April, 1854;

The widely renowned S. S. BTEVENS, M. D., of Wentworth, N. H., writes:

"Having used your Catharite Pills in my practice, I earlify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, canning headache, indigestion, contiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe — qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best Cough seedicine in the world; and these Pills are in mo wise inferior to that admirable preparation for the treatment of diseases."

I had failed of any relief by my Physician, and from every remedy I could try; but a few dozes of your Fills have completely restored me to health. I have given them to my children for worms, with the heat effects. They were promptly cured. My children have several times been cured from attacks of the Infinenza and Croup by it. It is an tayafunable remedy for these complaints. Your Carnewric Tills have entirely cured me from a dyspepsial and contiveness, which has grown upon me for some years,—indeed, this cure is much more important, from the fact that I had failed to get ralief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.
