Editor of Montrose Democrat .---DEAR SIR: Will vou allow an old suppo er of your paper and of the Democratic pary room to express a few thoughts to the Denocracy of this county. In doing so I shall find it necessary, to be somewhat inquisa-

tive. First, what was the condition of the Demoratic party in the fall of 1854? This question can be answered without a multiplicity of words. The party found themselves in this county hurled from their proud and long -ustained position of ascendency, down to a miserable minority.

Why was this so I why was the Democratparty in this county driven from 1000 maority down to 800 minority ! Many reasons have been given for this great change. Some say Wilmot sold out the party to secure his election to the U.S. Senate. Others' say it was because the Democratic party as an organized body strengthened the pro-slavery
