Total nigger worshipper's vote, In these estimates it will be perceived that no State is put down as doubtful. This is done in order to give the probable results in a complete and definite shape, and as strongly as possible against the democratic party. Othorwise Maine, New Hampshire, Michigan, Connecticut and Wisconsin might have been as safely placed among the doubtful or even the democratic States, as for the Nigger Worshippers, because the nomination of Mr. Fillmore divides the anti-democratic opposition forces between him and the Seward alliance in all the Northern States, whether there are any available remains of the old conservative

whig party in existence. At our last fall election the American party carried their State ticket by some 12,000 plurality; but this was chiefly done on the merits of " Live Oak George," as the presumptive American candidate for the succession. His antecedents are democratic, and hard shell democrats with the Know, Nothings last November as preferable to a re-union with the soft shells in behalf or Mr. Pierce and his administration. Next fall, unless Pierce, Marcy, Cushing, Jeff, Davis, or some such obnoxious Cabinet nomination should be made at Cincinnati, these forty thousand hards will most probably fuse again with the outstanding hards and softs, as they did in 1852, in expectation of a new and equitable division of the spoils, or perhaps go for some independent candidate. We conclude therefore, that the nomination of Mr. Fillmore prima facie, throws New York into the democratic scale.

As far as Mr. Fillmore is concerned, we consider the four States conceded to him. 2s matters stand, a liberal allowance. Should Mr. Pierce be nominated at Cincinnati, however, there will be a fine opening for Fillmore in New York, Pennsylvania, North Carolina, Georgia. Indiana, California and Florida; and for the sake of an open, definite fight be- the 5th day of April next at 10 o'clock P. Is Banks a Know-Nothing?

Although it is known that Speaker Banks was last winter, one of the most violent Know-Nothings in Congress, and that he has never denied in public his membership with the Order, still there are some who do deny that he belongs to that party. We now have the testimony of Greeley, his confidential adviser, on that subject, and hope it will be conclusive with our doubting friends. In last Thursday's Tribune, speaking of Havan and Marshall, in one of his Washington letters. Greeley says:

They would in no case vote for Banks, though an avowed American, because he was not Pro-Slavery; they were for any Pro-Slavery Domocrat in preference to a Free-Soil American. Such were and are the men who have nominated and will support Mr. Fillmore. On the other hand, there are not ten of the one hundred and seven who voted for Banks who will now sustain Fillmore, and not one of these was heartily for Backs.
