Black Republicans.

The fitness of this designation to distingnish spurious Republicans from genuine is obvious. First because the spurious. Republicans make the black man their principal stock in trade. 2. Because the promotion of Sectionalism, i c, the alieninating of one portion of the Union from another, contrary to the counsels of the Father of his Country, and to patriotism and good neighborhood, is decidedly a black hearted business 3. Because it would be wrong to appropriate so good a name as Republican to such a party. They have already spoiled several good names,— why should they be permitted to spoil an-other! By calling them *Black* Republicans, brownish cast. all of these difficulties are avoided. The use of the designation has become as common or searly so, as was that of Loco Foco four years ago, to distinguish an old-fashioned Demo- newspaper, but the jury, after mature deliberaerat ; or as 'Pro-Slavery' is, for a man who tion, gave him the round sum of one cent.--does anything to help the slaves, except by Sueing newspapers for damages is not a paystealing them from their masters.
