HARDWARE, HOUSE FURNISHING AND FANCY GOODS.

TO THE INHABITANTS Of Susquehanna and Neighboring Counties.

WE would respectfully solicit your attention to our large stock of the above mentioned Goods, now in store and in course of reception. For many years the trade of one of the largest portions of the Empire State has been retained by a monopoly, which has at last given away before the rush of enterprise.

Possessing unequalled facilities for buying, and having direct communication with the most extensive Manufactories in the United States, we say, without exaggeration, that we can and will sell, either wholesale or retail, at prices lower than ever offered before west of N. Y. City.

While nothing has been omitted in the Hardware line, we have given particular attention to the House Furnishing branch of our business, and have on hand a stock well worthy the inspection of House Keepers.

Of Fancy Goods we have also a large assortment, which, having been selected with especial reference to the wants of our customers, we think will please those in need of articles in this line.

In conclusion, we would say that our Goods are new, and of the first quality, and that we hope, by strict attention to business, and a constant anticipation of the wishes of our patrons, to merit even an increase of the confidence already reposed in us.

PHYFE & KNOWLTON,
Hardware, House Furnishing and Fancy Goods Establishment, 51 Court St., Binghamton, N. Y., adjoining Bank of Binghamton.

N. B. We have a very large stock of Wooden and Willow Ware, Mats and Rugs, Britannia Ware, Fancy Bird Cages, &c. ☞ Sporting apparatus of every description, including Fishing Tackle in all its varieties, Guns, Rifles, Pistols, Gun Materials, &c.

From the Binghamton Democrat, April 10th.

SPLENDID IMPROVEMENT.—We have before noticed the new store erected by A. Knowlton, Esq., adjoining the Bank of Binghamton, to be occupied as a Hardware Store by Messrs. Phyfe & Knowlton. As it approaches completion it deserves more and more the praises that have been bestowed on it, and is undoubtedly in its style, finish and appointments the model store of the Southern Tier. Messrs. P. & K. are now putting in their stock, one larger and more complete than has heretofore been kept in this place, embracing all the departments of Hardware, Builders Finishing Materials, Gas Fixtures, &c., &c. Mr. Blackstone, an experienced and ready workman, superintends the Gas Fitting department. Look in at Phyfe & Knowlton's.

Hardware and House Furnishing Goods.

THIS is a progressive age. No one doubts it, or if they did, a glance at the manifold wires on which the lightning whizzes with important news, would soon convince; a look at the rushing cars would add more emphasis to the last and wise conclusion. New proofs present themselves each day; each day we are more anxious to

"Catch the living manners as they rise,"

turn them to our own account, and take in as much cash as possible.

Now a days people are averse to dealing at old fashioned Stores—those established from ten to twenty years ago. Their proprietors having become thoroughly imbued with the high price principle (or rather lack of principle,) are unwilling to lower their demands to a scale more in accordance with the times we live in.

Resolved to keep pace with the progressive spirit of the age, we have opened our new and spacious Store, No. 51, Court St., with a very large assortment of

Hardware, House Furnishing,

and Fancy Goods, which we offer wholesale or retail, at the lowest prices, for cash or approved credit.

☞ We invite country merchants to visit us. They will find it advantageous.

FIRE PROOFS.

THIS SALAMANDER SAFES of Philadelphia against the world.—Evans & Watson, No. 36 south Fourth street, Philadelphia, have had the surest demonstration in the following Certificates, that their manufacture of Salamander Safes has at length fully warranted the representations which have been made of them, as rendering an undoubted security against the terrific element:

PHILADELPHIA, April 12, 1856.

MESSRS. EVANS & WATSON:—Gents:—It affords us the highest satisfaction to state to you that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some few months since, we saved a large portion of our Jewelry, Books, Papers, &c., exposed to the calamitous fire in Ranstead Place, on the morning of the 11th inst.

When we reflect that these Safes were located in the fourth story of the building we occupied, and that they fell subsequently into a heap of burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of the valuable contents as most convincing proof of the great security afforded by your Safes.

We shall take much pleasure in recommending them to men of business as a sure reliance against fire. GEORGE W. SIMONS & BRO.

PHILADELPHIA, April 12, 1856.

MESSRS. EVANS & WATSON—I have to offer you my testimony in favor of the great security afforded to my entire stock of Jewelry, books, papers, &c., during the recent disastrous conflagration in Ranstead place, from the fact that the same were contained in two of the Salamander Safes manufactured by you.

Having fallen from the fifth story of the Artisan Building, where they were previously placed and exposed to a vast heat for a long time, the preservation of the valuable deposits seemed to every one who witnessed the opening and interior examination, a matter of profound astonishment.

To all who may require a perfect protection from the ravages of fire, I shall not hesitate to recommend the use of your Safes, as I consider they have now undergone the most trying test. N. E. MORGAN.

PHILADELPHIA, April 14, 1856.

MESSRS. EVANS & WATSON—Gentlemen—No doubt you will be deeply gratified to learn the good condition in which I discovered my book, policy of insurance, certificates of stock, and other valuable documents, when on Friday last I opened the Safe made by your firm.

With my knowledge of its great exposure, both to the intensity of the heat from so hot a fire as that which destroyed the Artisan Building, as also from the force of the fall from its former elevated position in the third story, I could entertain but slender hopes prior to its interior inspection, that the contents which I once so highly prized would ever be of any service to me, but as these fears are now happily removed, I feel it only due to say to you that I can henceforth recommend the use of your Safes to all who may wish to feel a confidence in the perfect security which such means provides against so frightful an element.

Farmers to your Interest.

A few chosen to work from 12 to 25 or 30 per cent. on your investment.

THE subscriber is prepared to furnish Threshing machines and various other Agricultural implements, not to be ——— by any in this country, from the well known and long established Manufactory of Wheeler, Mellick & Co. Albany, N. Y. There are but a few farmers in this county, but what can realize the above per cent. or more, as the horse power can be applied in sawing wood, in log or otherwise, churning, cutting stalks, straw, and hay &c., and various other uses too numerous to mention. For several reasons I can make it an object for those wishing to purchase, to call upon me and have their orders filled. I have the freight so arranged that the transportation is but a mere trifle.—All implements warranted to be and to perform as recommended, (see large hand bills.) I can also furnish machinery from other manufactors if desired. Now is your time to send orders and your machines will be in readiness at harvest.
